SECOND VICTIM OF TRUST GUARD'S GUN FOUND UNDER WALK

YOUNGSTOWN, Ohio, Oct. 21.—That a second man was shot by Chas. Brown, former American Sheet and Tin Plate guard in the "struck" Struthers mill, when he shot down John Caswell, strike leader, at dusk Saturday night, rousing a mob which sought to lynch him, as developed here.

The body of James Burke, owner of the Klondike saloon, before which Brown shot Caswell, and owner also of a hotel and cafe in Lowellville, and of extensive oil properties, was found beneath the sidewalk near the scene of the shooting yesterday morning. A bullet in the breast showed that he, too, had been shot by Brown.

Burke stood next to Caswell when Brown opened fire Saturday evening. It is believed that he was shot by one of the two bullets Brown fired before he was overpowered and that he staggered off the sidewalk into a six-foot gully, rolling beneath the sidewalk to die of his wound and of exposure. His absence was not commented upon, it being thought he had gone to his home in Lowellville, while at his home the excitement in Struthers, when Brown was recused by Sheriff Turner before a mob surrounded the jail, was thought to have kept him in Struthers.

Caswell is dying in the city hospital. In the county jail Brown admitted firing the shot which hit Caswell and pleaded that Caswell had persecuted him with petty annoyances, ending with the applying of a vile epithet in the Klondike just before the shooting.

Brown told the sheriff he left the saloon, bought a revolver, and returned, shooting Caswell as he emerged from the saloon with Burke and James McMahon.

McMahon described the shooting. He said Brown had left the place and that when he, with Burke and Caswell, stepped out, they halted on the sidewalk. McMahon noted Brown sitting on a pile of lumber and spoke of the fact. As he spoke, McMahon says, Brown opened fire. McMahon grappled with him, holding him until the police arrived.

Brown was hurried to Youngstown in Sheriff Turner's automobile before Caswell's friends surrounded the Struthers jail.

The killing of these two men is the latest in a series of combats between strikers and the trust's hired men in which a number of persons have been killed.

TRADES ASSEMBLY HOLDS A MEETING

The regular monthly meeting of the Federated Trades Assembly was held at Kalamazoo hall Friday evening, Oct. 14, 1910.

Secretary W. J. Dutcher, Sergeant-at-Arms L. Schreiner, and Trustee Mrs. C. Dempsey were not present. Delegate Jones was appointed to act as secretary.

The minutes of the previous regular meeting were read and approved as read.

The roll call of delegates was read, and the attending delegates reported on trade conditions for their respective locals.

New delegate—Credentials of Ohio E. Olson, representing Typographical union, were accepted, and he was duly obligated as a delegate.

Bills—The following bills were allowed and ordered paid: Richard Jones, postage, \$1.00; W. M. Prindle & company, hall rent for October, 1910, \$5.00.

Communications—A letter from the joint convention committee of Elec-

trical Workers, requesting the assembly to support a scheme proposed by the joint committee to reunite the electrical workers, was read and on motion it was decided to grant the request and to have a committee of three appointed to draft a letter to the American Federation of Labor convention. Delegates Walsh, Perreault, and Dunlap were appointed a committee for that purpose.

The following communications were read and filed:

From Duluth Union Labor pavilion association, enclosing checks for \$100 as repayment of loan, and thanking the assembly for its hearty support and cooperation; from national committee on prison labor, New York, in relation to competition of prison labor with free labor; from Columbia Knitting Mills, Philadelphia, a request to create demand locally for its union label hosiery; from United Garment Workers of America, St. Louis, Mo., calling attention to the fact that the Marx & Haas Clothing company remain unfair to organized labor, and that the declared boycott against the firm is still in force; from union label trades department of the American Federation of Labor urging the purchase of gloves bearing the union label; from Stove Mounters' international union, Detroit, Mich., stating that the Favorite Stove & Range company of Piqua, Ohio, is unfair to organized labor; from the American Federation of Labor, giving the record vote of the members of the house of representatives June 23, 1910, on the Hughes amendment to the Sundry Civil appropriation bill, and designated those who voted for labor's rights; from The Free Home For Consumptives in the city of Boston, a circular letter, endorsed by the executive council Massachusetts state branch American Federation of Labor.

Officers' report—Secretary-treasurer W. P. Perry submitted a report and ordered filed: Balance on hand July 21, 1910, \$50; receipts since July 21, 1910, \$50; receipts since then, \$347; disbursements for the period, \$58.50; balance on hand Oct. 14, 1910, \$338.50.

Special committees—Delegate Perreault, on behalf of the committee appointed to call on the Columbia Clothing company relative to the placing of an order for non-union goods of that concern had promised to put the matter before the manufacturers and to acquaint them with the fact that the output is likely to be curtailed in Duluth.

New business—To aid the fire sufferers in the northern part of the state, the assembly voted to donate \$10 to the fund for the relief of the fire sufferers.

Rudolph Modest, general organizer of the butchers, addressed the assembly and in a very interesting manner dealt with the situation confronting the membership of his craft throughout the country.

L. J. Colson, a member of the cigarmakers' union, and representing the Bagley Tobacco company, whose goods he is endeavoring to place on the local market, also addressed the assembly and showed the necessity of union men buying tobacco with the label in order to combat the tobacco trust.

Delegate Jean Poirier reported the election of new officers at a recent meeting of the Label league.

A delegate from the barbers' union reported that the international organizer has succeeded in adding a number of new names to the membership of the local union.

On motion the meeting adjourned.

W. J. Dutcher, Secretary.
Richard Jones, Acting Secretary.

The eleventh annual convention of the California State Federation of Labor concluded its work in Los Angeles on Oct. 8. President D. D. Sullivan and Secretary-treasurer Paul Scharrenberg were re-elected. Bakersfield was chosen as the place of the next convention.

PLAN CAMPAIGN TO MAKE U. S. OFFICIALS QUIT UNION BUSTING

WASHINGTON, D. C., Oct. 21.—The American Federation of Labor has just completed the gathering of a mass of evidence showing that systematic aid is being given by United States officials, high in office, to concerns that make a specialty of "union busting."

This data is prepared for use at the next session of congress by labor members, who intend to force a complete investigation of the means whereby thousands of tons of coal are being brought from such notorious non-union mines as the Pocahontas, of West Virginia, and contracted at the navy yard. The contracts with Schwab at Bethlehem, where men are working 12 hours a day in the gun shops, are likewise slated for a rigid investigation. And the enormous contract involving the printing, daily of over 5,000,000 stamped envelopes, which Postmaster General Hitchcock has turned over to a non-union concern in Dayton, Ohio, where the company works its men 10 hours a day, is also ripe for investigation.

That a brother of President Taft owns stock in the Bethlehem plant is confidently asserted by Philadelphia business men, that Senator Elkins owns and directs the mining of more non-union coal than any other one man in the United States is well known and that there never was, and probably never will be, any competitor appearing in the race for the rich post office contract, which is now held with a lead pipe cinch by the non-union Dayton company, are subjects for the probe which will be driven deep at the coming session of congress.

CALL OFF CAR STRIKE IN HUMANITY'S NAME

COLUMBUS, Ohio, Oct. 21.—At a meeting Wednesday night of the Street Carriers' union, the car strike which has been on since July 24 was formally declared off.

The unionists declared in resolutions adopted that they still considered the cause meritorious, but that they recognized a continuance of the strike in the face of approaching winter would work a hardship upon members and their friends who thus would be barred from riding on cars.

REINSTATE B. & O. MACHINISTS CINCINNATI, Oct. 21.—Machinists of the Baltimore & Ohio and Baltimore & Ohio Southwestern railroads, who went on strike about a year ago, will be reinstated, according to an agreement reached late Wednesday night.
