

# Consider These Facts

For all the Electric Lights, both arc and incandescent, now supplied to the City the Duluth-Edison Electric Company receives ONLY \$31,658.31 A YEAR.

Inasmuch as the public lighting fund is rigidly limited by the City Charter this company cannot hope to receive any materially larger sum from the City for this service for years to come. But Duluth needs more light, and to meet that need we offer to lower the price of each light so that Duluth can get 93 MORE ARC LIGHTS for the streets for the same amount of money.

For the City to build and operate a Municipal lighting plan to supply simply the number of lights now in use means that YOU, Mr. Property-owner, would have to pay MORE THAN THREE TIMES WHAT YOU PAY NOW IN TAXES for lighting purposes. For no matter how the public lighting is done its cost can only be met by the tax-payers. There is no other way.

While all the other leading American cities pay an average of \$68.41 we offer Duluth the exceedingly low price of only \$45 a year for each arc light (and FREE lighting worth \$1,500 a year), because Duluth is our HOME. This company is strictly a HOME COMPANY, conducted by Duluth people and operating nowhere else but in Duluth—and we are vitally interested in the progress and development of this City.

Our offer to the City also includes, for every lighting customer, FREE renewals of all carbon and gem filament lamps (up to 32 c. p.) This amounts to a 5 per cent reduction on all electric light bills; or, in other words, to a virtual reduction of our incandescent lighting rate from 8 cents to 7.6 cents (7 cents and 6 mills) per kilowatt-hour.

There is just one thing that makes such an offer possible, and that is the large volume of this company's total business. We are willing to SHARE OUR PROSPERITY WITH YOU.

We shall have more to tell you about this in next week's paper.

## Duluth Edison-Electric Company

### P. McDONNELL GENERAL CONTRACTOR

Offices in the McDonnell Building, 124 West Superior Street, Duluth.

A general contractor deserving of special mention in our present edition is Mr. McDonnell, whose offices are located at 124 West Superior street, in the McDonnell building. Our readers may consider it unnecessary to direct attention to an individual so well and favorably known throughout the entire northwest as Mr. McDonnell of Duluth, he of the "Square Deal" fame.

We are not writing this with a view of adding anything to the well earned reputation and efficient and expeditious performance of the many large contracts for street paving, water plant construction, sewer and railroad contracts with which he is so often entrusted by individuals and municipalities.

Suffice it to say that it is a matter of universal performance of contract work, in strict and adequate conformity with plans, specifications and other requirements. Mr. McDonnell has very few equals and positively no superiors.

Not only that, but Mr. McDonnell is a public spirited citizen and actively participates in every measure that is designed to advance the interest and prosperity of the city at large. There is perhaps not an individual business man in our city that can approach the consideration of public questions with more disinterestedness than Mr. McDonnell.

All our people know this and as a consequence, any new municipal project that does not meet with his approval is most likely to meet defeat at the hands of the authorities.

The most of Duluth's heavy municipal undertakings have been undertaken and perfected under the supervision of Mr. McDonnell as contractor, and in every single instance the work was performed in a manner creditable to the contractor and in every respect satisfactory and profitable to the city.

Nor is Mr. McDonnell activities confined to the city of Duluth. Many of the principal cities of the northwest have been the scene of his operations, and the Labor World has yet to learn of a single instance where the rendition of his work was not preeminently satisfactory.

Mr. McDonnell is the inventor of the celebrated Donnell pavement. This pavement for service, durability and general efficiency meets all the requirements of the most exacting engineer.

### EUGENE J. BUNKER, LUMBER DEALER

385 Lake Avenue South.

The above firm is a leader in its line and well merits the success it has attained in the commercial and manufacturing circles in Duluth.

By a dint of energy, perseverance and business integrity, Mr. Bunker has succeeded in building up a trade in lumber, lath, shingles and maple flooring that makes his establishment one of the leading ones in the city.

His large and constantly growing trade is a fitting tribute to his extensive knowledge of the business, the excellence of the service rendered to his patrons, and absolute methods of square dealing in all his transactions.

Mr. Bunker's attitude towards the working class has always been fair and friendly, and this, coupled with the fact that the commodities which he handles are always reliable in quantity and reasonable in price—has given him more than ordinary prestige with the men in every line of industry.

In brief Mr. Bunker gives his patrons prompt service, courteous treatment and the most reasonable price that fair conservative methods of business will warrant.

Ability and faithful service are appreciated by the people of Duluth and as the consequence Mr. Bunker is held in the highest respect and esteem by our people and his business is steadily increasing year by year.

### ODEUM THEATER

114 West Superior St.

T. W. FURNISS Prop. and Mgr.

It seems to be the unanimous opinion of all our citizens that Mr. T. W. Furniss, proprietor of the Odeum theater has solved the problem of giving amusement seekers the best possible entertainment in the motion picture line.

Lovers of high class and artistic presentation will find at the Odeum the most beautiful series of such pictures that the highest degree of scientific skill has been able to produce in the moving picture entertainment. They will also find depicted in each entertainment many supplementary attractive features.

Mr. Furniss is proprietor of three of the most popular places of amusement in the city: viz. the Odeum, Lyric and the Penny Arcade at which are exhibited plays and attractions of great import both from the standpoint of instruction as well as entertainment.

All of the attractions selected by Mr. Furniss for his theaters are of that positive superiority demanded by the best pantomimic portrayal.

Many exhibitions of extreme novelty are produced, and an excellent performance may always be anticipated from the fact that none but motion pictures representing star acts of the highest possible class are shown.

The Odeum and Lyric theaters are very extensively patronized and immense audiences greet every performance, just because in addition to novel and striking features the motion pictures and other acts selected by Mr. Furniss for these theaters are of the highest order of excellence.

All performances at these theaters are most complete in every detail and a wholesome vein of recreation permeates every feature of each performance.

Stone masons and painters of Kankakee, Ill. have secured an increase in wages.

Painters of Guelph, Ont. have secured an increase of 1/4 cents per hr.

### ZENITH DYE HOUSE

230-232 East Superior Street.

Prominent among the up-to-date and progressive business houses of this city, devoted to the line of business indicated by its name, the Zenith Dye House is universally regarded as the largest and the best establishment of its kind in Duluth.

The management is well known throughout the city and enjoys the confidence and respect of all our people. By strict attention to business the company has succeeded in building up a steadily increasing business.

Their faithful devotion to the interests of their customers is highly recommended by all their patrons.

The opinion prevails very generally throughout the city that the Zenith Dye House turns out the best work of any similar institution of its kind in our midst and that its prices are as reasonable as is consistent with work well and faithfully performed.

The members of the company are recognized as being among the most public spirited of our citizens, liberal and progressive in their methods and generally deserving of the esteem in which they are held by all our people.

Owing to the steady increase in business the firm has now under way the erection of a large addition to their present quarters.

Order for Hearing on Petition for Administration. STATE OF MINNESOTA, COUNTY OF ST. LOUIS, ss. In Probate Court.

In the estate of Margaret Doyle, Decedent. The petition of M. J. Doyle having been filed in this Court, representing, among other things, that Margaret Doyle, then being a resident of the County of St. Louis, State of Minnesota, on the 18th day of May, 1911; leaving estate in the County of St. Louis, State of Minnesota, and that said petitioner is the son of said decedent, and praying that letters of administration of the estate of said decedent be granted to him, the said M. J. Doyle.

Send us your order to-day, and this splendid physical culture course will reach you promptly, and you will be entered on the subscription lists of both periodicals. Do it now—this exceptional offer will not be held open very long.

Remember you get For Only six months in combination with the Labor World. \$1.00

### F. A. PATRICK & COMPANY

WHOLESALE DRY GOODS AND MANUFACTURERS.

There are many houses in the city of Duluth whose fame has spread throughout the entire northwest and there is none that sustains a higher reputation for the excellency of its management and the business like manner in which all its affairs are administered. In considering the forces concerned that have helped to make Duluth a city of large commercial importance along industrial lines, no institution is more favorably presented than F. A. Patrick & Co., wholesale dry goods merchants and manufacturers.

Little over ten years this young giant among dry goods houses has come into being, and gone ahead of several other large dry goods establishments in the northwest, three or four times as old as this Duluth house.

The past summer has witnessed F. A. Patrick & Co., make additions to its equipment which has nearly doubled its capacity for business. The acquisition of that large six story brick building formerly occupied by the Imperial Flour Mill on Rice's Point is one of the additions we refer.

Included in the premises with this brick building, which F. A. Patrick & Co., have turned into a splendidly equipped woolen mill, are extensive storage buildings, dock, warehouse, and a large private dock at which large freight carriers unload their cargoes of merchandise from the east. The establishment of F. A. Patrick & Co., also includes their immense main building at Fifth avenue west, a warehouse near it, and a branch manufacturing establishment in Superior, Wis.

The remarkable success and development of this gigantic dry goods establishment, while due to a considerable extent to the advantage of location is due to a greater extent to the excellent organization of the concern, and the skill and broad minded policy of the enterprising men who make up that organization.

### H. F. DAVIS & COMPANY

WHOLESALE FLOUR FEED AND GRAIN

26-32 East Michigan Street.

When a business institution has had an active business career it is safe to assume that its affairs are administered in a business like and judicious manner, especially so when substantial and gratifying results have been produced.

The above statement applies with practical force to the commendable business establishment conducted on East Michigan street at numbers 26-32 by H. F. Davis & Co.

The firm has an enormous wholesale trade in flour, feed, and cereals. The members of the firm are and through their experience in their line and through their patrons have made a host of friends in the retail trade as well as having built up for themselves an extensive business.

The high reputation of the firm for integrity and honorable dealing extends throughout the entire northwest. Mr. Davis, who is at the head of the firm, is widely known personally, and in Duluth where he is most intimately known has the respect and esteem of all our citizens.

The company has been in Duluth for about eighteen years, and during all that time has handled no products but such as retail dealers could confidently recommend to their patrons. It has become an axiom with the good house wife if the flour was

brought at wholesale from H. F. Davis & Co., the purchaser is perfectly safe in buying it from the retailer, for its having come from H. F. Davis & Co., is assurance of its quality.

As a vindication of the last statement it is only necessary to call attention to that very popular brand of flour known as Duluth Imperial. This flour is made at the Head of the Lakes, and is manufactured from pure spring wheat. No flour is better known than the Duluth Imperial and certainly none is more popular with the good housekeeper. It is for sale at all retail grocery houses through H. F. Davis & Co.

### CONGRESSMAN TAKES RAP AT JUDICIARY

WASHINGTON, June 7.—Representative Booher from Missouri, took occasion to rap the judiciary during the debate on the admission of Arizona and New Mexico into the union. He said, in part:

"Let me say to you that more crimes have been perpetrated against the lives and liberty of the people of this world by judges of courts than were ever perpetrated by the people themselves. Who was the bloody Jeffreys? Was not he the judge of a court? Who condemned the Saviour and sent Him to the cross? Was it not a judge?"

"Who condemned Charlotte Corday to the guillotine? Was it the people? Oh, no; it was the judge of a court. Who sent Robert Emmet to the gallows? A court. Who sent the witches in Massachusetts to the stake? Was it the people? Oh, no; it was a judge every time."

"Let me tell you that I believe the liberties of the country are safer in the hands of the people than they are in my organization, whether judicial or any other, that the people have created."

The Ironmolders' union of Akron, Ohio, has won a strike against the Wise Furnace company and the Twentieth Century company for an increase in wages.
