learns what is expected of him, he turns to help and not injure the villain's victims. With Flo, a bowery girl, he finally works the salvation of the family and finds in Flo, his long lost daughter.

Youngest Actress Yet. Phyllis Sherwood, leading woman for H. B. Warner in "Alias Jimmy Valentine" claims to have been the youngest actress ever appearing on

Thanksgiving

Our National Feast Day is at hand. The day when reunited families and friends gather round the festive board in joyous and thankful mood.

For ourselves we have every reason to be thankful. The gifts of Providence demand our gratitude, and we profoundly share in the common expression of that gratitude on this occasion.

Friday we shall invite your attention to our ad in the Evening Herald.

SUITS and OVERCOATS

In the meantime we desire to express our thankfulness to the public for their kind appreciation of our efforts to provide for their wants which has been evinced by their liberal patronage.

Duluth, Minn.

the American stage in a speaking part. Miss Sherwood was born in Philadelphia, the daughter of a well-known singer; and laughingly declares that she toddled onto the stage at the age of a year and a half and brought down the house with the plaintive plea: "I want my mamma."

There is no better comedy than "The Private Secretary" which Mr. C. James Bancroft is presenting for our delectation at the Lyceum Sunday matinee and night, Dec. 3rd.

LOOKS FOR OPINION ON ANTI-TRUST LAW

National Civic Federation Sends Out Feeler to Leading Men of Nation.

RATHER APOLOGIZES FOR TRUST'S PRESENCE

Asks Series of Questions Bearing On Trust Question and Industries.

The National Civic Federation of New York is endeavoring to get the opinions of people from various sections of the country on whether or not the Sherman anti-trust law should be amended.

The circular contains this significant statement: "The Sherman Anti-Trust act has now been interpreted by the supreme court to mean, as to interstate commerce, that any combination in restraint of trade with the purpose of controlling prices and shifting competition is unlawful."

"Nor form of combinations has been successful in surviving attack, if in the light of reason, these qualities have attached to them operations. It must of course be proved in a given case whether the combination in question has produced these results; but it may be taken for granted that when these results have been established the Sherman law will be effective to destroy the combination.

"The problem before the country, now, is to secure the benefits of large aggregations of capital in business, so far as it can be done without subjecting ourselves to the evils, most of them wholly unnecessary, which have marked the business methods of the last few years."

The following are the questions asked: "Do you believe that the Sherman law, as now interpreted, is made clear and workable?"

"Do you consider it feasible to attempt to return to what are commonly known as old competitive methods in business?"

"Do you favor a repeal of the Sherman law?"

"Do you favor amending the Sherman law in any way? If so, in what particulars?"

"Should railroads be allowed to enter into agreements affecting rates, subject to the approval and regulation of the Interstate Commerce Commission?"

"Should trade unions be excepted from the operation of the Sherman act?"

"Should combinations of farmers, either to restrict production or to hold a crop for higher prices, be rendered lawful under the Sherman act?"

"Do you favor a national incorporation law?"

"Do you favor a federal license law?"

"Do you favor an Interstate Trade Commission with powers not unlike those now enjoyed by the Interstate Commerce Commission in relation to common carriers."

"In your judgment what caused or causes the present disturbed business conditions?"

CONTRACTOR FOR STATE VIOLATES 8-HOUR LAW

MUSKOGEE, Okla., Nov. 30.—Nelson Brothers, contractors of public work, pleaded guilty in the superior court to violating the 8-hour law and working men and teams below the scale. A fine of \$50,000 and costs was assessed in two cases, and a number of other cases that had been filed against the contractors were dismissed.

LABOR MEN BEATEN.

TOLEDO, Ohio, Nov. 30.—Resin Orr, international secretary-treasurer of the Street Railway Employees, and John J. Scannell, organizer for the Shoe Workers' Union, have been badly beaten. They allege that the attack was made by hired slugs of the local traction company.

TAYLOR SYSTEM GETS SETBACK IN ENGLAND

May Be Serious Labor Trouble If Employers Speed Up English Workmen.

Eternal Struggle for Minimum Wage Scale—Many Men and Women Are Out.

LONDON, Nov. 30.—(Special Labor World Correspondence)—A number of cases have recently been called to the attention of the National Union of Boot and Shoe Workers' Operatives where employers have handed the control of their lasting and finishing rooms over to a machine company. In each instance not only has friction resulted, but attempts have been made to cut down wages and also to speed up and thereby increase the output.

It is stated that the machine companies, in order to dispose of their product, promised impossible outputs. The manufacturers naturally desired a demonstration, and in order to demonstrate, machine companies have demanded that absolute control of the factory be turned over.

This method is similar to the Taylor and Emerson systems in America, and if there is a continuation serious labor difficulties will follow.

The railway servants of this country are very emphatic in their disapproval of the report handed down by the Royal Inquiry commission, and it is difficult to determine what the final result will be.

English papers, however, are printing statements to the effect that a portion of the railway managements have already granted an increase in wages, and that other roads are to advance wages likewise.

According to the London Times, the increase already announced amount to an annual cost to the Great Western railway, of from \$230,000 to \$390,000; London and Northwestern railway, \$400,000; Caledonian railway, \$50,000.

There is no abatement in the feeling that a national strike of miners is imminent. There are many grievances and they will very soon be brought to a head owing to the fact that no agreement seems possible to be reached between the coal operators and miners.

The Miner's federation has practically agreed that the minimum wage for which they are contending should vary in certain districts, but the operators have not yet come to this view, although it is a modification of the original demand put forth.

For a considerable time the London Tramwaymen have been urging an increase in wages and a better system of working.

It has been agreed to do away as far as possible with the "spread over" time system; the wages of point shifters are to be raised from 26 shillings to 27 shillings; strappers from 28 shillings to 29 shillings; drivers who are learning are to receive half pay for three weeks, and conductors for two weeks—this was formerly unpaid for.

Recently 400 men, women and girls came out on strike at the Birmingham small arms factory. They had demanded an extra shilling a week and the firm was apparently in favor of conceding this on condition that the men work two hours extra a week, 52 instead of 50 hours. This being refused the workers quit; they subsequently induced other workers to join with them so that now over three thousand are out.

The big taxicab strike in this city has been settled and the men are back on their machines. The employers have agreed to their terms pending a report by an arbitration commission.

SOME THINGS CHINESE REBELS ARE SEEKING

WASHINGTON, Nov. 30.—The great uprising in China but emphasizes the great world unrest. Conflicting reports are received in alternating dispatches, but there seems to be a general belief or indication that the rebellion is gathering impetus and will finally be successful.

The demands contained in a proclamation issued are as follows: The overthrow of the present Manchu dynasty; the founding of a new dynasty with a Chinese emperor on the throne; the succoring of the needy and oppressed; and the introduction of many much needed reforms.

UNION PACIFIC SHOP MEN ARE DETERMINED

DENVER, Nov. 30.—The striking Union Pacific shop men just recently held the largest meeting inaugurated since the federation strike on the Harriman system. E. V. Brake, state labor commissioner, was the principal speaker.

It was reported at this meeting that not a single man who had come out on strike had returned to work, and that few non-union men have been secured to take the places of the strikers. The men are strong, and are determined to win the contest.

BAY STATE COMMISSION STUDIES MINIMUM WAGE

BOSTON, Nov. 30.—Public hearing was recently held by the commission appointed to consider the wisdom of establishing a scale of minimum wages for women and minors in this state.

An official of the retail clerks said that in the department stores the wages of women of more than 18 years do not average more than \$7 per week, and for persons under 18 years the average is about \$4. He also asserted that the minimum should not be less than \$9, and that at present the proprietors of these stores refuse to employ any persons who are working in other stores, so that any one having employment can not secure a better position in another establishment.

COURTS OF DOMINION GET BUSY WITH WRIT

Injunction Inaugurated In Canada by a Judge Restraining a Commission.

Prevents Dominion Board from Inquiring Into Provincial Dispute.

MONTREAL, Can., Nov. 30.—American judicial methods are being inaugurated in this city.

Recently the street railway employees formed an organization; the company, as is usual, in its efforts to destroy the union, discharged 40 of the men who had become members. Immediately following, the officials of the union, exercising their right under the Lemieux act, otherwise known as the Industrial Disputes act, demanded a commission of inquiry.

This commission was accordingly appointed; the members of the Street Railwaymen's union selecting their representatives, the company and the government doing likewise. Then followed a turn in the affairs, the company, on advice of its solicitors, going into court and asking that a restraining order be issued forbidding the commission from sitting and exercising its functions under the Dominion law.

The point raised by the attorneys for the company was that the Dominion parliament had no legal right to interfere in what was termed provincial rights. In other words, it was contended that their was a conflict between what in the United States, would be termed federal and state rights.

The injunction was granted and is now pending an appeal. This case is exceedingly unique and emphasizes the contention that the judiciary is endeavoring to extend its scope of authority and even to annual statute law.

Canada having no written constitution, the acts of the Dominion parliament have been at least assumed to be supreme; the judge himself being a creature and subordinate to the laws of the Dominion parliament.

PLAN TO DISTRIBUTE IMMIGRANTS IN STATES

WASHINGTON, Nov. 30.—For the purpose of considering the best means of establishing co-operation between the federal government, and various states in the distribution of immigrants and other residents of the United States, a two day conference has been held in this city, between the representatives of the State Bureau of Immigration, Agricultural, etc., and a representative of the government.

NEW YORK OFFICIALS OUST MANUFACTURERS

NEW YORK, Nov. 30.—Eighteen manufacturers were recently arraigned in special sessions to answer charges of violating labor laws. The charges, including improper sanitation in workrooms, bolted doors in factories, improper dressing rooms for women, and working minors overtime.

Most of the defendants pleaded guilty and sentences were suspended; while for flagrant cases, or second offenses, fines were imposed of from \$10 to \$25.

TEXAS CAR REPAIRERS PUT UP STRONG FIGHT

FORT WORTH, Tex., Nov. 30.—The striking carmen of this city have received complete reports from all strike centers in Texas and Oklahoma. The report is in detail and reveals an exceedingly encouraging outlook.

Not a man on strike in the territory mentioned has deserted. In some of the cotton sections of Texas the union farmers have employed the striking carmen to pick cotton, and those who have been employed have been able to make more money than when working at their trade.

In the field where the artists catches a glimpse of heaven, the farmer sees nothing but hay.

SUMMONS. STATE OF MINNESOTA, COUNTY OF ST. LOUIS, ss. District Court, Elevation of District.

Blanche Emily Wells, Plaintiff, vs. Harry Robert Wells, Defendant.

The State of Minnesota to the above named defendant, do hereby summon and require to answer the Complaint of the Plaintiff, the above entitled action, which complaint has been filed in the office of the Clerk of said Court, and to serve a copy of your answer to the said complaint on the subscribers at their office, 867-868-869 Torrey Bldg., in the City of Duluth, in said County of St. Louis within thirty days after the service of this summons upon you, exclusive of the day of such service; and if you fail to answer the said complaint within the time aforesaid, the plaintiff in this action will apply to the Court for the relief demanded in said complaint.

CHARLES V. MCCOY, THORWALD HANSEN, Attorneys for Plaintiff, 807-808-809 Torrey Bldg., Duluth, Minnesota.

Dated this 11th day of November, A. D. 1911. L. W. Dec. 2, 9, 16, 23, 30, 1911, Jan. 6, 1912.
