THE  
LABOR  
WORLD

The advertisers on this page are asking you in this way for your co-operation. They realize that it is such men as you—men who have wisdom to organize for protection and advancement of humane conditions—who make progress possible, and are asking for your trade in the proper way—through the paper, voicing your interests.

Advertising is a necessity to the progress of a newspaper and it is only natural that advertisers use those mediums which bring the greatest returns on the investment, so it is plainly up to you, as union men, to demonstrate to these men the value of a labor paper, as an advertising medium, by patronizing them and telling them why. This is co-operation and means progress both for the city and labor organizations. We bespeak your patronage for the business institutions represented on this page.

**SEIDEL AND PHILLIPS IN SUPERIOR FRIDAY THE 23rd**

Friday, October 23, two big political rallies will be held in Superior. Emil Seidel, social-democrat candidate for the United States senate will speak at Maryland hall at 8 p. m. Mr. Seidel is an interesting talker who has spoken in Superior on several occasions. His first appearance was seven or eight years ago when the socialists were not so prominent in Wisconsin politics as they are today.

During the presidential campaign of 1912 Mr. Seidel spoke in Superior as candidate for the vice-presidency. It is expected that a large crowd will greet him at the hall.

The other speaker who will appear in Superior is Emanuel Phillip also of Milwaukee who is the Republican candidate for governor. Mr. Phillip is of the old school of politicians and has been one of the causes for the revolt of the progressive or LaFollette Republicans in the present campaign in their nomination of J. J. Blaine as an independent candidate for governor.

**SETS NEW RECORD.**  
NEW YORK, Oct. 23.—The workmen's compensation commission gave a practical illustration of the value of state compensation in place of protracted litigation in the case of John Massett, a laborer, who lost his life. Five days after Massett died, his widow was awarded a weekly income, based on his earnings, for the rest of her life.

She had filed no application for damages. The commission first learned of her case by reading of it in the newspapers the day after Massett's death, and appointed of its own volition an investigator, who reported his findings.

Nothing can be lost to the state treasury, nor to the cause of popular government by the adoption of this amendment.

**ADVERTISE IN THE LABOR WORLD.**

**FEDERAL LABOR UNION NO. 13125**—Meets at Union Labor hall. Edwin T. Harris, secretary-treasurer.

**TIPOGRAPHICAL UNION NO. 163**—Meets at Union Labor hall.

**SHEET METAL WORKERS UNION NO. 574**—Meets at Union Labor hall, second Friday.

**SWITCHMEN'S UNION OF N. A. NO. 107**—Meets at Union Labor hall, second Sunday afternoon 2 p. m.

**TAILORS INDUSTRIAL UNION NO. 164**—Meets at Union Labor hall, second and third Thursday 8 p. m.

**RETAIL CLERKS UNION**—Announcement later.

**WOMEN'S UNION LABEL LEAGUE NO. 286**—Meets second Monday afternoon, fourth Monday evening. Mrs. Sarah J. Harris president; Mrs. Stetler, vice president; Mrs. Hilda Anderson, secretary; Mrs. Cora Wolfe, treasurer.

**PLUMBERS MUST TAKE STATE EXAMINATION**

The State Board of Health of Wisconsin announces two special examinations for plumbers of the state to secure the state license as master or journeyman required by law, one examination to be held in Superior at the city hall at 9 a. m., the other in La Crosse at the city hall at 8 a. m., both on Tuesday, Oct. 27.

The examination will be conducted by the committee of plumbing examiners, J. E. Robertson, chairman, Milwaukee, T. M. Ferguson, secretary and W. G. Kirchoffer, Madison, and Frank R. King, state plumbing inspector, Madison.

It is urged that all plumbers engaged in work as such in this without the license required by law since the passage of Chapter 731, Laws of 1913, avail themselves of this opportunity to take examination and secure license.

Before candidates appear for examination it is necessary that they have on file with the state board of health application properly made out and required fee of \$10 for master and \$2 for journeyman. Application to the state board of health, plumbing division will bring a blank and information about the examination at once.

**STRIKERS STAND FIRM.**  
ATLANTA, Oct. 23.—Striking textile workers, who are insisting on a living wage, decent working conditions and the abolishment of child labor in the mills, are as determined as ever to win their point. Trade unionists and sympathizers are responding to appeals for aid to carry on this fight, and the donation of \$1,000 by the brewery workers, in their recent Baltimore convention, is indicative of the general feeling that the winning of this right means, to a large extent, the redemption of southern mill workers and the end of child slavery. The strikers are housed in tents. They are members of the United Textile Workers of America.

Don't consider a man absolutely worthless so long as he carries life insurance.

### EUGENICS HAS NO FEARS FOR CUPID

21,052 Married in Wisconsin in 1913; Greatest Number Marry Between 20 and 24.

MADISON, Wis., Oct. 23.—There is one institution at least in the state of Wisconsin which despite war, pestilence and famine, continues to prosper. That is marriage.

Every year more marriages take place in Wisconsin and every year the proportion to the total population grows.

These facts are shown by data prepared for the biennial report of the state board of health. In the calendar year 1913, the last for which figures are available, the number of marriages reached the high tide of 1,052 and the ratio per thousand estimated population 17.4. This compares with 20,125 in 1912 and a ratio in that year of 16.9.

**Women Marry Youngest.**  
The ages between 20 and 24 years are still the most popular for members of both sexes, in spite of all arguments about "economic necessity."

Women are still on the average younger than men when they marry. There were two girls of less than 15 years of age who were married in the state in 1913.

There were 4,730 between the ages of 15 and 19 years, 9,678 between the ages of 20 and 24 years, 3,877 between the ages of 25 and 29 years and 1,193 between the ages of 30 and 34 years.

There was a rapid decrease after that until there were but 72 women who confessed to being between 60 and 79 years of age when they married and one who declared she was over 80 years.

**Ages They Marry At.**  
Of the men there were none under 15 years of age and but 388 who married between 15 and 19.

There were 8,349 who married between the ages of 20 and 24 years, 6,979 who married between the ages of 25 and 29 years, 2,563 who married between the ages of 30 and 34 years, 1,106 who married between 35 and 39 years, 207 who confessed to being 60 and 79 years, and 7 who were over the 80-year point.

In by far the greater number of cases both the bride and bridegroom were native born. There were 15,532 of these. In 842 cases the groom was native and the bride foreign. In 1,961 cases the groom was foreign and the bride native, and in 2,598 cases both were foreign born.

In 118 cases either the bride or bridegroom did not know their birthplace.

**FAVOR CLOSER UNITY.**  
SEATTLE, Wash., Oct. 23.—On the theory that closer unity would be made possible by selecting the same city as the Typographical conference, of Pressmen and Assistants which met in this city, decided to hold their next meeting in Vancouver. Secretary Howard, of the Typographical conference, addressed the gathering and laid special emphasis on the necessity for solidarity among the printing crafts.
