LABOR WINS IN WARM ELECTION

Hill City Union Men Put up a Ticket and Carry Everything Before Them.

Hill City has but one labor union, but it is a 100-per-cent organization. The union men there didn't like the way the village government was run so they put up a ticket of their own and at the election held last Tuesday, every man was elected, all carrying union cards but one. J. M. Saylor was elected president of the village. He received 117 votes. His nearest opponent was F. Allen, who received 80 votes. A third candidate received seven votes. The vote on trustees was as follows: A Stingall, 113, S. Shapiro, 85, O. Schubeck, 130, W. Schonen, 82. Schubeck and Stingall, the labor candidates were elected. James L. Haskings was elected clerk over N. C. Stewart with 19 votes to spare. L. Bolman was elected treasurer without opposition. O. C. Wetherall, president of the union, was elected justice of the peace with three other candidates against him. J. M. Martin and E. H. Pugh were elected constables. The union at Hill City is known as Coopers' International union, Local No. 27. Carl Herring, formerly of Duluth and Orr, Minn., is an active member of the organization.

DISPUTE CLAIMS FOR WAGE REBATE

Officers of Bricklayers' Union Say Scale of \$1.25 Per Hour Stands.

Officers of Bricklayers' union No. 3 yesterday disputed the statement of Fred W. Armstrong, secretary of the Duluth Builders' exchange, that contractors who have paid \$1.25 an hour to their bricklayers since Jan. 1 are entitled to a rebate. John H. Lilljander, president of the union, and Fred Garforth, secretary, said there has been no disagreement between the contractors and the union and the international union has no power to fix wages. Mr. Armstrong said he obtained the information in a telegram from the international officers at Indianapolis. The union officials said the bricklayers are asking \$1 an hour on jobs contracted for before Jan. 1, and that the scale of \$1 an hour will remain until April 1. On jobs begun since Jan. 1, however, the bricklayers are getting and will remain at the rate of \$1.25 an hour. Mr. Lilljander said.

NEW YORK WATER FRONT WATCHMEN RAISE WAGES

NEW YORK, March 11.—After three weeks' negotiation Port Watchmen's Protective union No. 17,121, affiliated with the A. F. of L., has reduced the work day from 12 to 9 hours and increased the weekly minimum wage of \$19 and \$22 to \$28. All port watchmen in greater New York are benefited. This union was organized last October and now numbers several hundred. "Within the next few months, it is declared, the membership will be 2,000."

CARSS WANTS TO SERVE VETERANS

Willing to Aid Veterans to Secure Equipment Permitted by War Department.

It has been brought to the attention of Congressman Carss that many of the soldiers of the Eighth district of Minnesota, did not receive the full equipment to which they are entitled, at the time of their discharge from the service.

The following is a list of the articles which every honorably discharged soldier is entitled to permanently retain:

- 1 overseas cap (for overseas men only)
- 1 hat and 1 cord (for all other enlisted men)
- 1 olive drab shirt
- 1 pair leggings
- 1 pair breeches
- 1 overcoat
- 1 poncho
- 1 pair shoes
- 2 suits underwear
- 4 pairs stockings
- 1 pair gloves
- 1 haversack bag
- 1 gas mask and 1 helmet (for overseas men only)
- 3 scarlet chevrons.

Any honorably discharged soldier who served in the United States army during the recent war, and who returned to the government any of the above articles or to whom, for any reason they were never issued, should write to Congressman Wm. L. Carss, Room 182, House Office building, Washington, D. C., advising him of this fact, whereupon the congressman will be very glad to take the matter up for him, and see that the equipment is sent the soldier, without cost to him.

UNION LEADERS SCORE PLANTERS

Porto Rican Sugar Trust Given Rebuke of Officers of Striking Workers.

SAN JUAN, Porto Rico, March 11.—Workers and sympathizers jammed the municipal theater to the roof to hear the report of Andrew McAndrew and Peter J. Brady, A. F. of L. representatives, who made a second tour of the island to investigate working conditions. When the investigators made their first tour they addressed an open letter to the acting governor in which Porto Rico was referred to as "a living graveyard" for the workers. The investigators declared that their second visit around the island has convinced them that they have not overstated the case. The unionists told of appalling conditions everywhere and said wages of sugar can workers range from 70 to 90 cents a day for women and from 10 to 15 cents for children. Men who are especially strong, and who can be used for pace makers, are paid \$1. A. F. of L. Organizer Iglesias, who is also a member of the Porto Rico senate, made a bitter speech in which he declared that the corporations have "constituted themselves as a band of pirates and thieves to steal the government and the people of Porto Rico."

11 MEN WORKERS TO EVERY WOMAN

Federal Bureau of Labor Finds That Every 12th Worker in Country Is Woman.

WASHINGTON, March 11.—Bread winners in American families during 1919 were at the ratio of 11 men to every woman, according to a survey of sources of income in nearly 100 leading American cities by department of labor investigators. The cities include Chicago, New York, Denver, San Francisco, Seattle and Cleveland. The survey shows that in practically every city women composed from 5 to 15 per cent of the bread winners of the family. In one city the number of feminine mainstays outnumbered the men more than three to one.

This was in Johnston, N. Y., where 76.9 per cent of the sources of income for families were women. This high percentage is due to the fact that glove making is a leading industry of the town, and furnishes work which women can do at home. According to the survey the percentage of families having income from children totals 18.9 per cent.

The percentage of families having incomes from the earnings of wives varies widely in different cities. In Chicago the percentage of families having income from the earnings of wives was 12.3; Cincinnati, 13.3; Cleveland, 6.5; Columbus, Ohio, 8.9; Dallas, 9.3; Denver, 3.9; Des Moines, 11.8; Detroit, 4.5; Indianapolis, 4.1; Kansas City, 10.7; Memphis, 3.9; Minneapolis, St. Paul, 6.3; New York, 15.1; Portland, Ore., 11.2; San Francisco, 4.3; Seattle, 7.1; St. Louis, 4; Wichita, Kan., 9.3.

TRADES ASSEMBLY TONIGHT. The regular semi-monthly meeting of the Federated Trades assembly will be held at Owl hall tonight, Friday. A full attendance of delegates is requested.

Not for Several Springs Have Sewing Rooms Heard Such Interesting News

Big things are always expected from the Silk and Dress Goods Aisles of the Glass Block. That these rich daylight aisles should take the lead in Duluth is to be expected, in the light of the tremendous versatility of fabrics which large purchasing makes possible.

Furthermore—leadership in BIGNESS is not confined to quantities, but is just as pronounced in values—as every woman will at once recognize the moment she runs over the schedule of "tried and true" fabrics listed here for the busy shears of spring.

CAUSE OF HIGH COST OF SHOES

Boot and Shoe Workers' Officials Shows That It Is Not Due to Wages of Labor.

BOSTON, March 11.—Speculators are blamed for the high cost of shoes by the state commission on necessities of life.

When government control of the price of leather was released on Feb. 1, 1919, the commission says, "a period of excessive speculation ensued, the cost of the product doubling in six months. The report shows that the cost of manufacturing an average pair of medium-cost shoes advanced 185 per cent from 1913 to 1919. In the former years the average cost was \$2.55 and in 1919 it was \$7.26. This high average is asserted to have been due solely to an increase in cost of upper leather from 73 cents per pair in 1913 to \$3.25 in 1919.

In discussing the high cost of shoes recently, Editor Baine of the Shoe Workers' Journal said: "From authentic information which we have before us we know that the increase in the actual cost of labor in making the better grades of men's shoes has been not to exceed 95 to 40 cents per pair in the last five years." The labor editor stated that goat skin leather has advanced 500 per cent during that time and "sole leather and side upper leathers are approximately 300 per cent higher."

MARINE ENGINEERS GET \$25 INCREASE IN WAGES

John Q. Adams returned to Duluth Wednesday from Chicago where he attended the annual wage conference of the Marine Engineers' Beneficial association and the Lumber Carriers' Association of the Great Lakes, held in that city Monday and Tuesday of this week.

Mr. Adams reports that a satisfactory agreement was made and marine engineers were granted an increase of \$25 a month in wages for the coming season. He is very much pleased over the outcome of the conference, particularly as the relations between the marine engineers and lumber carriers are most amicable.

BIG TANK CAR FIRM MAKES HUGE PROFITS

NEW YORK, March 11.—Times are prosperous for Union Tank Car company stockholders. Last year's profits were equivalent to \$30.15 a share on the \$12,000,000 capital. In 1918 profits equalled \$10.14 a share.

SAYS COSSACKS ARE ALL RIGHT

Pennsylvania Governor Can't See Anything Wrong in Conduct of State Police.

ERIE, Pa., March 11.—The central labor union and Governor Sprout are exchanging letters over the state cossacks. The trade unionists asked the state executive to keep the cossacks away from localities where no disorder exists. The governor replied that many charges have been made against the state police, but as yet no tangible evidence has been produced. The unionists say that evidence on this subject has been presented to the present governor and to the two previous governors, and that on October 23 last the president of the Pennsylvania state federation of labor submitted a five-page typewritten letter, accompanied by 100 affidavits and statements.

The workers declare they will apply the "smoking-out" process to Governor Sprout, as the trade union movement is determined to end the terrorist tactics of the cossacks. Now comes a new dance called the "Scissors Glide." No doubt to do it properly the dancers must be cutups.

ACHES AND PAINS QUICKLY RELIEVED

You'll find Sloan's Liniment softens the severe rheumatic ache

Put it on freely. Don't rub it in. Just let it penetrate naturally. What a sense of soothing relief soon follows! External aches, stiffness, soreness, cramped muscles, strained sinews, back "cricks"—those ailments can't fight off the relieving qualities of Sloan's Liniment. Clean, convenient, economical. 35c, 70c, \$1.40.

WILSON DID NOT WRITE STRIKE INDICTMENT

President Wilson's dismissal of Secretary of State Lansing has shed light upon a subject of great interest to labor. The President did not write the letter declaring the coal strike "illegal and unjustifiable," nor did he attach his signature thereto. This five-page typewritten statement was drafted at an unauthorized "cabinet meeting" held during the coal strike, and while the author's name is not disclosed, the inference is that it was written by a member of the cabinet who gave it to the press.

TALK PROFIT SHARING AND HEAD OFF UNIONS

BOSTON, March 11.—Wholesale hardware dealers in New England held a convention in this city and resolved that the best way to solve the wage problem was to share profits with employees. Several speakers insisted that when a worker is induced to buy stock he is contented. Trade union agitators can't reach him—so they say. Sugar continues to be "one sweetly solemn thought."
