

# SECRET OF HIGH COST OF LIVING

## Partial List of Firms That Have Rolled Up Big Dividends Since War Began.

Every time an extra penny is added to the price of a commodity used by the people it means just that much more profit for the fat boys. The returns made by leading corporations to the internal revenue department reveal general and astounding gouging during and since the war.

Samuel Gompers, president of the A. F. of L., is authority for the list of American firms published below that have exacted excessive profits from the people. Our readers are urged to clip this list to exhibit to those who still wonder why the cost of living is so high. Here are the real profiteers:

- Cluett, Peabody & Co., makers of men's collars in 1919 made net profits of \$5,153,129, an increase of 175 per cent over 1918.
- The International Paper Co., for the three-year period from 1916 to 1919 increased its annual net profits 487 per cent over the previous period of 1909 to 1915. The aggregate common stock dividend for the period 1916 to 1919 is \$74.15.
- The May Department Stores increased net common stock earnings 174 per cent for 1919 over the year 1918.
- The Amoskeag Mfg. Co. enjoyed a net increase in common stock earnings of 811 per cent for 1919 over 1917 in the face of a decrease in the volume of business handled.
- The United States Rubber Co., which makes automobile tires among other things, increased its net common stock earnings 43 per cent for 1918 over 1917 and the 1919 figure will show a still greater increase.
- In the case of the United Drug Co., the net increase in common stock earnings for 1918 over 1916 was 148 per cent.
- The Tobacco Products Corporation made an exceptional record. Its net increase in common stock earnings for 1918 over 1914 was 1,547 per cent.
- The United Fruit Co. levied a tribute upon fruits brought into the United States from tropical countries sufficient to produce a net increase for 1919 over 1917 of 147 per cent on its common stock earnings.
- The Standard Milling Co., which means flour, increased its net common stock earnings 136 per cent for 1918 over 1913.
- The American Linseed Co. ranks high on the list with an increase of 780 per cent on net common stock earnings for 1919 over 1916.
- The National Enameling & Stamping Co., makers of kitchen ware, enjoyed a net increase in common stock earnings for the period 1915 to 1919 over the period 1909 to 1915 of 1,178 per cent. The increase in average annual earnings for this three-year period over the previous seven-year period was 226 per cent.
- For the General Cigar Company there was an increase in net income of 84 per cent for 1919 over 1917.
- The Manhattan Shirt Co. enjoyed an increase in net income of 275 per cent for 1919 over 1915.
- The American Ice Co. furnishes no hot weather consolation in a study of its profits; the increase in net income having been 393 per cent from 1913 over 1914.
- The Pacific Mills, which again means flour, enjoyed an increase in net income of 218 per cent for 1919 over 1915.
- The Burns Bros. Co., largest distributors of coal and ice in New York City, had an increase in net income of 72 per cent in 1919 over 1916 in spite of the fact that the sales of coal for 1919 totaled 75,000 tons less than 1916.
- For the American Hide & Leather Co. the increase in net income for 1919 over 1914 was 265 per cent.

## ST. PAUL MEN HERE TO STUDY WHEELAGE TAX

H. C. Wenzel, commissioner of public works, and Oscar Clausen, city engineer, St. Paul, were here last Friday to study operation of the wheelage tax law preparatory to introduction of a similar measure in the St. Paul city council.

The Duluth law, said Commissioner Wenzel, yields that city approximately \$75,000, and he believes a similar ordinance in St. Paul would provide nearly \$400,000, which would be used for paving and pavement repairing.

The plan, as outlined by Mr. Wenzel when here, is to place a tax of 50 cents per horsepower on pleasure cars and a tonnage tax on auto trucks. The rate of the latter has not been decided. This money would be used for paving arterial streets on which residents could not afford to pay for the work. The plan meets with the approval of all councilmen and St. Paul labor organizations, which object to the Babcock plan of taxing city autoists for country roads.
