STRIKERS GIVEN HONOR POSITION

Labor Day Parade Will be Headed by Members of Several Unions on Strike.

Drawing of places in the parade and completing arrangements for the Labor Day celebration took up the major portion of the time at the regular meeting of the Federated Trades assembly held Friday evening at Owis hall, with President John E. Jensen in the chair.

The unions on strike were given positions of honor at the head of the parade which will be led by the delegates from the Federated Trades assembly and the Building Trades council. Boilermakers' union No. 165 drew place number one following the honor positions. The Cigarmakers' union will be second. The complete line-up is given on another page.

A communication from the Twin City Building Trades council advised the assembly that Mike Gibbons, the St. Paul prize fighter, was unfair to union labor. A committee was appointed to wait on the manager of the Duluth Athletic association and appraise him of Gibbons' standing with union labor.

The Ashland Trades and Labor assembly notified the assembly that the J. I. Levy cigar factory there, manufacturers of the Seal of Montana, La Glancia, High Jack and other brands of cigars was unfair to union labor. The firm is employing girls to do the work of union cigarmakers.

The Bakers' union delegates reported that the Purity Bread company had refused to enter into an agreement with that union. It is the only non-union bakery in Duluth.

The proposed amendment to the ordinance regulating employment offices and permitting agents employing experienced office help to charge a fee equal to 20 per cent of the first month's salary, was endorsed after several amendments were agreed to.

F. I. Brooks, Chas. Esse and E. O. Adams were elected as delegates to the Building Trades council.

STREET CARS WILL STOP FOR LABOR DAY PARADE

The city commissioners have adopted a resolution ordering suspension of street railway service for an hour during the Labor day parade next Monday. While many business concerns cut wages up help, contribute to the calamity of the big war we kept on and the people applauded our ship.

We were optimistic from the start and courageously took advantage of every opportunity when frightened manufacturers were ready to sacrifice prices.

Instead of improvements our local carpet joiners and painters for six months, now on Labor Day in the beginning fall season) we with rich new fixtures, give you as prompt and efficient service as any store in a city the size of ours. written guarantee for our honest, dis.

You all know about prices these days and our method of basing prices on the market value ever since we closed our 1920 books, has brought us thousands of new customers.
