DANCE AT ATHLETIC CLUB

One of the most delightful of the many affairs given recently in honor of Miss Browning and Charles Anderson, whose marriage will be solemnized Thursday evening, was the dance Tuesday evening given by the young men friends of the groom.

Hallowe'en colors in favors and programs were the distinctive features in decoration and tall bamboo was used to advantage throughout the rooms. The grand march was led by Mr. Anderson and Miss Browning, who was beautifully gowned in pink moon-glow meteor, with ostrich trimmings.

A merry feature of the entertainment was a large pumpkin suspended in the center of the room which showered down upon the heads of the dances all sorts of honors, whistles and instruments of mysterious sound. Throughout the evening, punch was served, Mrs. S. J. Hilburn presiding at the punch bowl.

During the intermission, the party, which included 25 couples of the dancing et, were served with a two-course luncheon of sandwiches and punch, ice cream and cake.

Tuesday Bridge Club

Mrs. Warner T. Hamm entertained the Tuesday Bridge Club this afternoon at her home on River street. Two tables of play enjoyed the game. The club, as yet, is not fully organized for the season, as some of the members have not returned from their summer outings.

Honoring Mrs. Buky

Tuesday afternoon Mrs. Randall Wells entertained at her home on South Ninth street in honor of Mrs. J. D. Buky, a recent bride. After a delightful afternoon spent in games and conversation, the guests were served with delicious punch, cake and minis. A handsome dresser scarf was presented to Mrs. Buky, as honor guest. Those present were Mesdames J. D. Buky, Wendell Beasley, A. O. Pearce, A. B. Cook, H. Wolfenden, G. Crawford, Earnest Neek, H. G. Petty, and Misses Hattie N. Buky, Mabel Holcomb and Alta Brakeman.

Wallace Reid is to appear at the Arcade again this week, his vehicle being "Alias Mike Moran," from the story which appeared recently in the Saturday Evening Post. Some critics admire it even more than "The Valley of the Giants."

The famous Mack Sennett comedies will be presented at the Arcade every Saturday beginning this Saturday.

O. K. GROCERY PRICES.

List Published in This Paper Shows Chance to Save.

In today's News appears a list of prices at which groceries are sold at the O. K. Grocery that are truly surprising. One item, for instance, being bacon at 25 cents per pound. Other items are in accord. This enterprising concern believes in handling a large volume of business at a close margin of profit rather than a small business at big margins.

WATERWORKS OWNERS HAVE MADE NO OFFER

COUNCIL STILL UNABLE TO PROCEED WITH PURCHASE.

New Jail Badly Needed—Expenses Increase But Receipts Are Stationary.

Until council can hear from the owners of the old waterworks system no steps can be taken to acquire the property, it was brought out at last night's session. Chairman McNally, of the special water committee said that he had written to the officials of the company, asking them to make a price, but that no answer has been received. More time was granted the committee.

That a new city jail is badly needed was brought to the attention of council by Alderman Dineen. The present quarters are a disgrace, it was agreed. This is a matter that has been before the council several times before, but no steps have yet been taken. A committee composed of Aldermen Dineen, Jacobson and Coughlin to see what can be done towards securing a new location for a city jail.

Alderman Dineen submitted an amendment to the traffic ordinance relative to the parking of cars, making it unlawful to park cars at spots designated as non-parking places. This will apply especially to filling stations and entrances to garages. The ordinance will be brought up at the next meeting for passage.

Mr. Usina, who was present as a spectator, called the attention of council to the assessment against the waterworks plant, which is now fixed at \$100,000. Mr. Usina said that the plant cost the city \$60,000 and that about \$20,000 had been spent since the initial cost. At the city's present ratio of assessments the assessment against the water works should be only about half the amount on the books at present. The clerk was instructed to go through the records and ascertain just what the plant did cost the city.

It was decided to call the attention of the railroads to the condition of the weeds along their tracks between Third and Fourth streets.

The clerk was instructed to write a letter requesting the railroad authorities to place a crossing of their tracks at Eleventh and Laurel streets.

The salaries of firemen Perrin and Usina were raised \$5 and \$10 respectively.

A light was ordered placed on Eleventh street, by Dunham.

Alderman Coughlin called attention to the fact that the city is facing a serious financial situation, as the expenses are mounting higher and higher and the revenue has not increased appreciably. No suggestion was made for a remedy, but council will probably give the matter consideration at a subsequent meeting.

The application of C. H. Wigg for the position made vacant by the resignation of City Engineer Stallings was received an dfiled.

DENVER VOTING ON FIXING FARES TODAY

DENVER, COLO., Oct. 22—Turmoil over this city's street railway problem was to be settled today's special election on two plans for fixing fares, the elastic fare plan and the service-at-cost scheme. Both specify an initial 6-cent fare with free transfers.

The people's choice is supposed to decide the future policy of the city council toward the street railway problem. A good sized vote was expected to be cast as interest in the question is general.

Under the service at cost plan the council would create a board of tramway control which would have control over expenditures and service by the street railway company. Returns would be limited to a fixed per cent on the "fair" valuation of the railway property but no guarantee to stockholders is provided for. Under the service-at-cost plan fares would start at six cents but might be raised or lowered according to the relation of the company's revenue and expenses. If the company lowered fares a small additional earning on the valuation would be allowed. The cost scheme also authorizes the people to buy the plant at any time they vote to do so.

The elastic 6-cent fare plan provides that whenever the present wage schedule for employes is changed the rate of car fare should be changed accordingly.

RETURNS COMING IN SLOW.

Contributions to Roosevelt Memorial Small Says Chairman Merrill So far as Palatka and Putnam

county are concerned a memorial to the late Theodore Roosevelt will never be built, judging from the amount that is being contributed here this week to the fund that is being raised for this worthy cause.

Chairman Merrill has made an effort to interest several local organizations in the work, but thus far he has been unsuccessful. He hopes to engage the services of the Boy Scouts, and in this way make an active canvass.

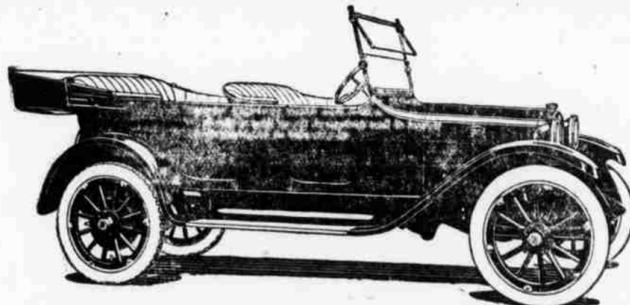

DEATH OF AN INFANT.

Katherine, the four months old daughter of Mr. and Mrs. J. W. Joyner died this morning at the home of its parents. The child was ill but a short time and the parents are heartbroken. The funeral will take place tomorrow morning at 10:30 o'clock.

N-C-4 COMING.

Will Be In Palatka Some Time Saturday If Plans Carried Out.

Although the N-C-4, the big seaplane, that won fame by blazing the way for aerial travel to Europe, did not keep its engagement with the people of the East Coast of Florida, who have been eagerly looking for a chance to view the big plane, it has not broken faith, but will come next Saturday if the plans are unchanged. In Jacksonville arrangements are in progress for a reception to the officers of the plane. The N-C-4 is expected to arrive in Jacksonville on Thursday and will spend two days there to stimulate recruiting in the navy. It will leave for Miami at noon Saturday and will pass over St. Augustine on its southward flight. The officers of the N-C-4 have been requested to circle over this city to give the people an opportunity of seeing the famous air-ship.
