Southern Baptists Send Missionaries To Practically Every Side of the World

S. S. HAWKEYE STATE

From the larger proceeds of the Baptist 75 Million Campaign the Foreign Mission Board of the Southern Baptist Convention has been enabled to send out more than 160 new missionaries since this movement was launched. It is announced, and of that number sixty young men and women, representing fourteen states, have just sailed for China, Japan, Africa, Brazil, Argentina and Chile.

The new missionaries to China and Japan sailed from Seattle, Saturday, August 27, on the Hawkeye State of the Admiral Line, while those for Brazil, Argentina, Chile and Africa sailed from New York on the Aeolus August 17. They will be engaged chiefly in evangelistic, educational, medical and agricultural work and will be stationed at various points in these fields.

Mission Money Gets Results. Of the more than \$25,000,000 that has been collected in cash on the 75 Million Campaign to date, about \$5,000,000 has gone to foreign missions. This has made it possible not only to strengthen the old work on all fields and employ a large number of new

missionaries, but to do much other work, including building or making substantial additions to 15 boys' schools, 17 girls' schools, 37 mission residences, five hospitals and dispensaries, four light and power plants for mission compounds, 26 church buildings, four colleges, seven theological seminaries. In addition, assistance has been given seven church building loan associations, six new stations have been opened and equipped, land has been bought for the enlargement of several mission compounds, a home for orphans in Italy has been established, and a block of ground has been purchased in the heart of Rome for headquarters for the work in Italy, a theological seminary, publishing house, church and mission residence being provided on this property.

Enlarge European Field. As a result of the Campaign, Southern Baptists have been enabled to greatly enlarge their work in Europe. They have carried on mission work in Italy since 1876, but now they have opened up new work in Yugoslavia, Hungary and Roumania, and have made a beginning, through the distribution of Bibles, in the Ukraine and Southern Russia and Siberia. To act as the European representatives of the Board in this enlarged program, Dr. and Mrs. Everett Gill of Kansas City were recently named. They will probably make their headquarters in Switzerland.

The first work Southern Baptists have ever done looking to the evangelization of Mohammedan lands has just been undertaken in Palestine and Syria, and Dr. and Mrs. W. A. Hamlett of Austin, Texas, have gone to Jerusalem, where they will superintend

the work of the native evangelists. It is planned to establish a church, theological seminary and college, hospital and orphanage at Jerusalem as soon as practicable and thus seek to reach other points in Palestine and Syria from this center.

Minister to 900,000,000 People. With the enlarged foreign mission program of Southern Baptists that denomination is now operating in 18 countries on every side of the globe, and has in its employ practically 500 foreign missionaries and twice that number of native workers trained in the mission schools. Through its present missionary operations the Board is seeking to minister to 475,000,000 yellow people, 4,000,000 brown people, 200,000,000 black people and 225,000,000 white people, making a total of 900,000,000 people, or more than half the population of the globe.

Numbered among its workers already on the field are 21 foreign physicians and 8 foreign mission nurses who last year gave 154,970 treatments. There are now 611 mission churches on the foreign fields and of this number 184 are self-supporting. The average contributions of these mission churches last year to denominational causes was \$5 per member, the Christians on the foreign fields responding more liberally as a result of the 75 Million Campaign.

The new missionaries sailing at this time were contributed by the following states: Alabama two, Arkansas one, Georgia five, Kentucky six, Louisiana two, Mississippi four, Missouri four, North Carolina three, South Carolina five, Tennessee five, Texas fifteen, Virginia six, Iowa one and Pennsylvania one.

WAVE OF ENTHUSIASM SWEEPS OVER NATION

Thousands Write Grateful Letters of Appreciation As Famous Medicine Continues to Accomplish Remarkable Results—Great Tanlac Laboratories Running at Top Speed to Supply Record Breaking Demand—Over Half a Million Bottles Behind With Orders.

By CHARLES MURRAY GILBERT ATLANTA, GA., September 10—"Tanlac made me feel younger." "It put me back on the payroll." "I now have a fine appetite." "I can eat whatever I want." "No more dyspepsia for me." "I gained weight rapidly." These and scores of like expressions are now heard daily from tens of thousands, as grateful users of Tanlac tell of their experiences. Leading drug men of the country are amazed at the tremendous sales of Tanlac, and point out enthusiastically that nothing has ever equalled the phenomenal demand for this preparation.

At the great Tanlac laboratories at Dayton, Ohio, letters and telegrams are pouring in daily asking that shipments of Tanlac be rushed at once. Many of these orders are for full carload shipments, and quite a few of them for two and three carloads. Although running at top speed, the Tanlac laboratories are now over half a million bottles, or approximately twenty-four carloads behind with orders. This announcement will no doubt be received with great surprise in the drug world, because business in many lines, especially in the drug and medicine business has been off from 40 to 50 per cent.

Agents in Every Town. One druggist in every city, town and village in the United States and Canada where agencies have not already been established will be awarded the exclusive publicity agency for Tanlac within the next thirty days. These agencies will carry with them a big publicity campaign exclusively for the one druggist in each city and town who secures the agency.

Tanlac is going right ahead more vigorously than ever before. For Tanlac there is no such thing as business depression. In fact, Tanlac does not believe there is such a thing as hard times; at least, not in the drug business. Things are getting better every day. In a few weeks' time crops will begin to move. Hundreds of millions of dollars will be put into circulation, and business will soon be back on a better and sounder basis than in years.

Notice to Dealers. Many wholesalers and manufacturers stopped pushing at the very first sign of a dark cloud. The result being that many drug lines slumped. Tanlac went right ahead and the result has been that more Tanlac has been sold during the first six months of the present year than in any corresponding period in the past.

Line up with Tanlac. Connect with a product that sells no matter how the times, because of its superior merit. Although Tanlac has been on the market over six years, it is an actual fact that more Tanlac is being sold today with the same amount of advertising than during any time in the past.

Tanlac will not only prove your greatest seller for this year, but for many years to come. Tanlac is sold by all leading drug stores.
