

AMERICAN EXPERTS GOING TO RUSSIA TO HELP SOVIETS

(By Associated Press)

New York, Oct. 19.—More than a dozen groups of workmen trained in American industries, headed by experts and fully equipped with the latest machinery, are preparing to leave soon to aid in the industrial rehabilitation of Soviet Russia.

The Society of Technical Aid to Soviet Russia, which is organizing these units, announced that it already has sent to Russia clothing workers, machinists, builders and tool and die workers. Most of these workers were Russian immigrants who had become skilled here.

The society, an organization of Russians, has its central bureau in this city, headed by Fedor P. Wilga. It claims a membership of 10,000 throughout the United States and Canada and publishes a semi-monthly technical magazine to acquaint its members with modern methods of production in America and their application in Soviet Russia.

Officials of the society claim that the aim of their organization is to "bring the people of the United States and Soviet Russia into closer relations for the mutual benefit of the two countries."

The society denied it was acting as agents for Soviet Russia and declared that its activities were absolutely non-political and confined strictly to organizing technical forces.

"We are not soliciting members, nor do we encourage them to go to Soviet Russia at present," said a statement issued by the society.

"Only those brave and energetic workers, who regardless of conditions at present existing in Soviet Russia, are willing and ready to go there as soon as possible to help build the Worker's Russia Republic are accepted as members of units that we are organizing to be sent to Soviet Russia."

"We are organizing our units in such a way that upon their arrival in Soviet Russia they will be able to run on their own initiative under their own supervision all kind of factories, shops, mines farms, etc."

The society said that the following units, fully equipped with the latest machinery will leave in the near future for Russia: Two units of shoe-making workers, two units of clothing workers, three units of construction workers, one unit of foundry workers of chilled cast iron wheels for railway cars and locomotives; several groups of electrical and acetylene welders, automobile and tractor units, five agricultural groups fully equipped with tractors and all modern power machinery and several others.

"All of these units sent to Russia, being disseminated in various parts of that vast country," said the society, "will serve as pioneers for American trade in machines, tools and certain raw materials obtainable in United States and Canada."

Any good dentifrice will take the film from your teeth. But what the movie people want is something that will take the film from the law's teeth.

CRESCENT CITY

Rev. R. T. Chafer extended his trip last week to take in Tallahassee and Jacksonville. In the former place he took up the matter of hotel building in requirements with the State Hotel Commissioner. He also interviewed the Secretary of State in reference to the charter for incorporation. In Jacksonville Mr. Chafer had a very encouraging talk with Mr. J. Harvey Whitney, secretary of the State Hotel Association. Mr. Whitney is conversant with the exceptional attractions of Crescent City and fully expressed the opinion that no locality in Florida offers greater opportunities for rapid development than our town provided the people heartily pushing the various contemplated improvements. He showed interest in the new hotel project and predicted great success for the enterprise, and offered all the facilities of his new office and information bureau to acquaint the public with our plans. He also requested full particulars concerning the new place to be known as "The Gables," the high class boarding house which will be under the management of Miss Bessie Williams.

The board of directors of the Crescent City Development Company met at the home of Mr. B. F. Tillinghast Monday night and organized for an aggressive campaign in Crescent City and vicinity to complete the subscriptions for the new hotel project. The following facts should be given the widest publicity: (1) The stock certificates of this corporation are a good investment. Mr. Ferriss, who will be the lessee and manager, is investing \$10,000. With a long experience in the tourist hotel business during which he has been uniformly successful, he makes the statement that he confidently expects his stock to pay him dividends and that if he did not have this confidence born of a long successful career he would not invest a dollar of his money in the company's stock. There are not classes of stock, all will share alike. (2) Aside from the value of the stock every dollar invested in this project will bring rich indirect returns to every property owner in the town and vicinity. No property owner can afford to neglect the opportunity to help finance this project. (3) Every business house, every professional man will benefit directly by the opening of the new hotel next season. It would be shortsighted indeed for any business or professional man to be known in this community as failing to heartily support the project. The vast majority are back of this movement and the directors call upon Crescent City to make it a 100 per cent. support. When you are called upon by the directors for your subscription remember the above facts.

Reports from the hospital at Jacksonville show that Mrs. W. C. Cartledge is recovering from her recent illness and operation and will soon return home.

Chase & Co's. packing house started up last week on shipments of early oranges. Quite a shipment was made for Mr. B. F. Tillinghast. Other shipments are being made this week.

The packing house of the Standard Growers' Exchange will open on Friday, when the Clifton grapefruit of Will Carrier will be shipped. Mr. Middleton does not expect to begin shipping in earnest much before the 15th of November.

In another part of this paper will be found an advertisement required by law for the formation of a new corporation which is going to mean much to the Town of Crescent City. The business men of the place are making application for letters patent to incorporate the Crescent City Development company, with a capital of \$75,000. The main purpose of the company will be to erect and maintain a high-class tourist hotel. Mr. C. A. Ferriss, the largest stockholder, comes here from Seattle, Wash., and has had many years experience with hotels of this class, and is sure that Crescent City offers a great opportunity for success in this line. It is expected the new hotel will be erected and ready for business by this time next year.

B. F. Tillinghast returned on Saturday night from a week's visit in Savannah, the guest of Hon. W. J. Pierpont.

Hon. J. H. Harp will leave on Friday for Chattanooga, where he goes to attend the annual round-up of the United Confederate Veterans. There are but few veterans of the Confederacy living in these parts now and some are predicting that the meeting in Chattanooga will be one of the last held.

The pretty five-room bungalow being erected by E. L. Mathis in the Crescent Hill subdivision, now nearly completed, is one of the most attractive small houses in town. As soon as this is ready for occupancy it will be sold, and Mr. Mathis will immediately begin the erection of another.

D. E. Knechtel, promoter, has abandoned the Crescent City field. His plan of campaign was quite successful to—Knechtel.

Rev. W. L. Atkinson returned from the meeting of the Presbytery at Miami on Friday last. Beginning with last Sunday Mr. Atkinson has resumed Sunday evening services at the church.

Dr. A. B. Harbison is now in Philadelphia for a two weeks' business trip. He left on Thursday last, on his yacht for Jacksonville, where he engine will undergo some repairs. Mrs. Harbison and her guest, Mrs. Long, accompanied the Doctor to Jacksonville, where they spent several days, returning home on Sunday.

Mrs. Wilmer Christian of Indianapolis, Ind., arrived last week on a visit to her aunt, Mrs. C. N. Preston. Mrs. Christian has visited here on two or three previous occasions,

and will be pleasantly remembered by many.

Mr. and Mrs. Theodore Carpenter of Cazenovia, N. Y., arrived last week and will spend the winter at the home of Mrs. Carpenter's father, Mr. R. O. Burton. The Carpenter's have a little infant daughter. Mrs. Carpenter will be best remembered as Miss Crill Burton, who was born and raised in Crescent City. Miss Dorothy Burton has returned from Tallahassee, where she was a pupil of the second year in the Florida State College for Women. Miss Burton was forced to give up her studies for the balance of this term owing to bronchial troubles.

Tobe Varnes has returned from Georgetown, where he has been spending the summer, to resume his work as apacker in the Chase & Co. packing house.

Between fifteen and twenty young men arrived during the past week to go to work in the various packing houses.

The people of the Methodist church are preparing to erect a new church house the coming winter and spring, something to hold their increasing congregations.

Last Sunday was "Go to Sunday School Day," in most of the churches and the attendance in some was nearly double the general attendance.

Mr. and Mrs. K. Borson were motor visitors with a number of guests, to Palatka on Monday.

Mr. Alenzo Ingalls, for more than 25 years interested in citrus fruit growing at Huntington, and long associated with his brother, under the firm name of Ingalls Bros., died on Monday, the 3d, inst., at his summer home, Lyndon, Vermont. Mr. Ingalls' death was due to an accident which occurred on the Friday previous. He was getting out of a carriage and had thrown the reins over the dashboard, the horse started, and Mr. Ingalls, losing his balance, fell to the ground, sustaining injuries which resulted in his death.

Last winter Mr. Ingalls sold his large grove interests at Huntington to Messrs. McReynolds & Collins. Soon after he purchased the Mrs. I. F. Babers home on North Prospect street, to which he moved in. He was a fine man in every respect, honorable and just in all his dealings. His death is mourned in Florida by many sincere friends. Mr. Ingalls is survived by his wife, but no children.

"Let B. & B. DO IT." 2-9-21

Urge Memorial Day For Col. Roosevelt

(By Associated Press)

Indianapolis, Ind., Oct. 19.—Commemoration of the sixty-third anniversary of former president Theodore Roosevelt's birth on October 27 is urged by John G. Emery, national commander of the American Legion, in a letter sent today to all legion posts.

"The American Army in France and in the camps at home never had a better friend than former President Theodore Roosevelt," says Commander Emery's letter. "If he had had his wish he would have fought and died at our side; as it was, he fought the good cause at home until, like the soldier on the firing line, he fell, fighting with his face to the enemy."

"By his vigorous efforts for preparedness and national unity he made all Americans his debtors. But the men who wore the uniforms of the United States are peculiarly in his debt. No one will ever know how many American lives were saved to future usefulness by his appeals for adequate preparation before war came, and for public support of the nation's fighting arm while the war was in progress."

"On October 27 the nation will commemorate the sixty-third anniversary of Theodore Roosevelt's birth. The National Commander urges local posts throughout the country either to organize celebrations of their own or to take active part in whatever celebrations may be arranged by other bodies in their communities."

PALATKA COMMANDERY NO. 5
A regular convocation of Palatka Commandery No. 5 will be held this evening at 8 o'clock, at which time the Illustrious Order of the Red Cross and Knights of Malta will be conferred upon six candidates. All members are urged to be present and visiting Sir Knights cordially invited.

Permits The Use Of Her Name
Rachell Walker, 53 D. St., Waycross, Ga., writes: "Foley Kidney Pills are really the best medicine I ever used. I have been suffering with kidney trouble for four years, and Foley Kidney Pills is all that gave me relief, so you may use my name as one who recommends them." This safe remedy for kidney trouble and bladder ailments will relieve backache, swollen ankles, rheumatic pains, sore muscles, biliousness, puffiness under eyes, floating specks, etc. For Sale by J. H. HAUGHTON.

Leather is Leather

Don't be fooled with cheap shoe repairing. We use nothing but solid oak leather and can guarantee our work and if the leather does not hold up we will make it good.

Considering the quality of leather we use our repairing is the cheapest in town.

There are a number of different grades of leather and having had 12 years experience in the repair business I find the best is the cheapest in the long run because it will wear twice as long as the cheap grade used by some repair shops. Try us and be convinced.

INTRODUCING JACKIE COOGAN

JACKIE COOGAN
Dear Boys,
I LIKE THESE
CLOTHES SO MUCH,
I WANT TO WEAR
THEM ALWAYS.
JACKIE COOGAN

There are many reasons why boys the world over admire and like little JACKIE COOGAN, "THE KID" of the movies. It isn't because he is a Famous Movie Star, but because he is such a genuine and red-blooded chap at work and play. says, in the photo play, "The Kid," "I wore old and ragged clothes because of the part I played. In real life I like to dress up. That's why I wear JACKIE COOGAN Clothes. I find them the best—they make you feel like a grown up."
