—Richard F. Adams has gone to Quitman, Ga., on a several days' business trip.

GOOD TREATMENT FOR ANIMALS GETS GREAT INTEREST

Twelve Thousand Names Added to Society From One State

Chicago, Dec. 2.—Twelve thousand Illinois men have been commissioned as special constables in one of the most highly organized anti-cruelty societies in the United States.

Formed four years ago as the Department of Constabulary of the State Society for Prevention of Cruelty and Apprehension of Horse and Automobile Thieves, the organization has extended into every county, and is now branching out in Indiana and Wisconsin under similar laws. There are already nearly a thousand members in each of those states.

While the original purpose of the movement was to prevent cruelty and track horse and automobile thieves, the department now maintains automobile patrols, operates a special intelligence service to ferret out vice, gambling, bootlegging and other offenses, and furnishes men to keep order at fires and in other emergencies.

Among the cases brought by the constabulary, and now pending in Chicago courts, is one in which a large teaming contractor is accused of underfeeding 500 horses. As a result of the society's work, according to Walter P. Stuart, general superintendent of constabulary, disease, overworked and underfed horses have practically been eliminated from Chicago.

The maximum strength of each troop is one captain, four first lieutenants, sixteen second lieutenants and 224 constables. In addition there is an inspector commanding each of the twenty divisions into which the state has been divided, and a county superintendent of the society in each county.

delight to the 420 passengers.

The city of Panama was covered by the tourists, many visiting the old city leveled by Henry Morgan the pirate, to enjoy the ruins, the tower of the old Cathedral being snapped by a hundred cameras.

Globe Trotters of Palatka Pass Over Big Panama Canal

The Cunard liner "Laconia," making a cruise around the world, under the auspices of the American Express Company, has just passed through the Panama canal, says a cable from the ship's captain, at Panama, and the steamer is now on her way to San Francisco.

Palatka is represented by Mr. and Mrs. Howell A. Davis and Miss Omar Davis, who are, making the world tour.

Although the ship is 620 feet long and 73 feet wide, the Captain's message says there was plenty of room for her in the huge locks that lifted the Laconia stage by stage on the Colon side of the canal until she was over eighty feet above the level of the sea, and later lowered her on the other side stage by stage until she slipped into the Pacific ocean, the first Commander to receive such a baptism. The Laconia is said to be the largest passenger ship to have passed through the canal. The locks are 1000 feet long, 110 feet wide and 85 feet deep, big enough to accommodate the Aquitania or Berengaria.

Passing through the canal gave a thrill to the charm of the cruise. All the passengers were on deck, with the bands playing, and the younger members of the cruise dancing. Passing through Culebra Cut, with the mountain towering up on one side and a high bank on the other was a

Palatka Band Has Booth at the Fair Grounds

There is a great need of funds in the treasury of the Palatka band, and to help out that musical body there is to be a food booth established at the fair grounds this week. There it will be possible to get all the "good eats" that may be wished, and the patrons will have the satisfaction of knowing that all the receipts will go into the treasury of this most worthy organization. "The band boys" are going to make a strong effort to put their treasury in good condition, and will appreciate trade.

HARDINGS WILL NOT BE IN FLORIDA THIS WINTER

Washington, Dec. 4.—President and Mrs. Harding probably will leave Washington for a rest after congress adjourns next year, it was said at the White House today. Rumors that they intended spending the winter at a southern resort were definitely set at rest. Under no possibility, it was said, would the president leave Washington this winter.

NOTICE TO CONTRACTORS

The Board of County Commissioners of Putnam County, Florida, will receive bids until 2 p. m., December 4, 1922, for grading and surfacing with clay and sand-clay the Florida home road in Putnam County, according to plans and specifications on file with Clerk of said board.

Said road will be about 22 miles in length. There will be approximately 54,000 cu. yds. of grading, 12,820 cu. yds. of said-clay surfacing.

Bidders may bid on the whole work or on any of the three divisions.

Each bid must be accompanied by certified check for 10 per cent of the amount of bid, payable to W. F. Glynn, Chairman, as a guaranty that the bidder, if awarded the contract, will enter into contract and give bond for completion of work so awarded.

A copy of the plans and specifications may be had for \$2.50.

The board reserves the right to reject any or all bids.

Published by order of the Board of County Commissioners.

This 13th day of November, A. D. 1922.

R. J. HANCOCK, Clerk,
Nov. 13, 20-27 Palatka, Fla.

Rub Rheumatic Pain From Aching Joints

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never discolors and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

If Kidneys Act Bad Take Salts

Says Backache often means you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region it may mean you have been eating too much meat, says a well-known authority. An excess of meat may form uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog, you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds, and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once, or get from your pharmacist about four ounces of Jad Salts take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus often ending bladder weakness.

Jad Salts is non-poisonous, can not injure, and makes a delightful, effervescent lithia water drink. Drink lots of water.

County

THE DAY of cheaply constructed pavements—those that rot and deteriorate under heavy rains or excessive heat—is past. Under present day heavy traffic they require continual patching, frequent resurfacing and early reconstruction. The modern pavement for a heavy traffic highway must have a hard, dense, tough and smooth surface plus whatever foundation is made necessary by local conditions.

VITRIFIED Brick PAVEMENTS

most satisfactorily fill these requirements. This accounts for their wide use. Long life and low maintenance cost are the most prominent attributes of brick pavements. This explains why communities, when necessary, are willing to pay a little more in the beginning for a brick pavement. They save most in the end.
