FASSMANN'S IRON HOOPS AND TIES FOR COTTON BALLS. Price 6 cents per pound—25 per cent, less than Rope.

ANY one considering the advantages of Iron over Rope as a material for binding cotton bales will be surprised that it has not been adopted long since. In its security against fire there is an overwhelming reason for its adoption.

The Presses in the Seaport Cities have been the main cause of its not being generally adopted; but now that objection is removed generally, and the Orleans Press, the largest in N. O., give it the preference over rope. The Fassmann Iron Hoop and Tie is the improvement of one of the proprietors, and is adopted from the fact, that it is found after long experiment, to combine the greatest merits in simplicity and facility of application of any one yet made. It is so prepared as to require no change for recompressing. Thus obviating the only remaining difficulty at the sea board cities.

The hoops are sent of any length from eight to ten feet and a full guarantee given that neither the Ties nor Hoops shall break. And further, that all cotton bound in them shall be received on the same terms as if bound in rope. The weight per bale is about the same as Rope, at one pound more or less.

To show the opinion Ship Masters have of it, we give the following, among numerous commendations we have: The undersigned masters of vessels having had cotton compressed with Fassmann's new Iron Hoops and Ties, hereby recommend the same. The bales being well compressed, and the buttons or hoops never break when thrown down in the Ship's hold or when stowed: L. L. Condey, Capt. Ship. Moses Davenport, A. Robinson, " " Madras, James Thomas, " " Henry, A. Talbot, " " Haresceket, John Dean, " " James Flint, John C. Wilner, " " Mulhouse, H. Koppenholt, " " Ella A. Clark, L. P. Merrill, " " Bark, Minball.

The price of Hoops and Ties at N. O., is 6 cents per pound, and all orders will receive prompt attention. Liberal deductions made to merchant's for city acceptance. F. BELCHER, AGENT, may4-6m. 124 Commercial Place.

SYRUP OF THE HYPOPHOSPHITE OF Lime, Soda, Potassa and Iron.

THE Hypophosphites are comparatively a new class of SALTS, differing entirely from the PHOSPHATES, and all other combination of Phosphorus. In a very short period of time they have obtained a high reputation as therapeutic agents, in cases of incipient PHTHISIS or CONSUMPTION, and many other affections. We have a large consignment of the above new and valuable Compound Syrups, to which we beg to call the attention of parties suffering from Phtthisis Complains of the Chest &c., prepared by JAMES R. NICHOLAS, CHEMIST, 41 Tremont Street, Boston, Mass.

We have also the same Syrup of each Salt, of our own preparation, which we keep constantly ready for use. ST. JOHN & GROVES.

THE LATEST AND Greatest Invention of the Day! THE attention of Planters and others are particularly called to the Compound Lever Press, A model of which can be seen at the Store of Messrs. H. DENTISTRY. DR. P. M. LEE, (from the Baltimore Dental College,) having permanently located in Alexandria, La., respectfully offers his Professional services to such of the citizens of Rapides and adjoining Parishes, as may desire the aid of a Dentist. DR. LEE would say that he is prepared to execute all operations embraced in the Dental Art, if entrusted to his care, in the most skillful manner; and having purchased the right to use Prof. Blain's Patent Cheoplastic process for mounting artificial teeth, and used the same in his practice for some time, with perfect success in every case, he unhesitatingly recommends it to all who may require Dental substitutes. This process has many advantages which cannot be attained by any of the old methods, while no other has any advantage over it; as to its strength, durability and beauty, he challenges for it a comparison with any known process for mounting artificial teeth. Those preferring it, will be waited upon at their residences. Office and residence corner of Third and Bayou Robert street, March 28-1y

HOWARD ASSOCIATION, PHILADELPHIA. A Benevolent Institution established by Special Endowment for the Relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases. THE HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in cases of extreme poverty, to furnish Medicines free of charge. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment. The Directors of the Association, in their Annual Report upon the treatment of Sexual diseases, for the year ending January 1st, 1858, express the highest satisfaction with the success which has attended the labors of the Consulting Surgeon in the cure of Spermatorrhoea, Seminal Weakness, Impotence, Gonorrhoea, Gleet, Syphilis, the vice of Onanism or Self-abuse, &c., and order a continuance of the same plan for the ensuing year. The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause. An admirable report on Spermatorrhoea or Seminal Weakness, the vice of Onanism, Masturbation, or Self-abuse, and other diseases of the sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope) FREE OF CHARGE on receipt of two stamps for postage. Other Reports and Tracts on the nature and treatment of sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value. Address for Report or treatment, DR. GEORGE R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors. EZRA D. HEARTWELL, President. GEO. FAIRCHILD, Secretary. jun6-1y
