### The Staveless Barrel.

Mayo's patent staveless barrel is thus described in the last number of the American Artisan:  
Mayo's patent staveless barrel was exhibited, and the mode of constructing it explained. It was made of thin slips of wood, similar to shavings, and laid up in form of cylinders; the slips crossing each other at right angles, and running around a certain portion of the circumference of the barrel in a spiral manner, and fastened with glue and water-proof cement. This barrel was intended to hold coal oil, kerosene, gasoline, alcohol, etc., and had given proof of its efficiency, twelve or fourteen thicknesses of the thin, shavings-like slips being sufficient for the thickness of an ordinary barrel. Hoops were not necessary to hold the barrel together, but in some cases hoops were fastened to the inside circumference to strengthen it, where much rough usage was anticipated. The inventor stated that a barrel had been filled with gasoline for several months, and it had not yet leaked a drop, there was no smell of oil, and it was almost impossible to tell that it contained gasoline. The weight of the old style of barrel is about eighty or ninety pounds, but this one weighed only about fifty pounds. They had been subjected to a pressure of five tons across the bung, and a hydraulic pressure of thirty-five pounds to the square inch, and did not give way. They were in fact about as strong as a steam boiler of the same size. They could be made for about \$2 50 per barrel. The inventor believed it to be the first great improvement in barrels, as no radical change had been made in a thousand years.

A COSTLY NEAR.—We read that a mouse in Cleveland stole \$800 in greenbacks from a man's vest pocket while he was asleep, recently, and made a nest of the lure. A suspected servant in the man's house feels much relieved at the discovery.

### New York Advertisements. ASTROLOGY.

**The World Astonished**  
At the Wonderful Revelations Made by the Great Astrologist, Madame H. A. PERRIGO.

SHE reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation free, with likeness and all required information, \$1. Parties living at distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair. Address: Madame H. A. PERRIGO, P. O. Drawer 293, Buffalo, N. Y. mar 6, '67 ly

It is applied, does not burn or injure the skin, but acts directly on the roots. It is warranted to remove superfluous hair from low foreheads, or from any part of the body, completely, totally and radically extruding the same, leaving the skin soft, smooth and natural. This is the only article used by the French, and is the only real effectual depilatory in existence. ### New York Advertisements. Know Thy Destiny.

MADAME E. F. THORNTON, the great English Astrologist and Clairvoyant and Psychometrist, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychometre, guarantees to produce a perfect and life-like picture of the future husband or wife of the applicant, with date of marriage, occupation, leading traits of character, &c. This is no imposition, as testimonials without number can assert. By stating place of birth, age, disposition, color of eyes and hair, and enclosing fifty cents, and stamped envelope addressed to yourself, you will receive the picture by return mail, together with desired information.

### Crisper Coma.

Oh! she was beautiful and fair, With starry eyes and radiant hair, Whose curling tendrils soft, entwined, Enchanted the very heart and mind.

### CRISPER COMA, For Curling the Hair of either Sex into Wavy and Glossy Tingles or Heavy Massive Curis.

By using this article Ladies and Gentlemen can beautify themselves a thousand fold. It is the only article in the world that will curl straight hair, and at the same time give it a beautiful, glossy appearance. The Crisper Coma not only curls the hair, but invigorates, beautifies and cleanses it highly and delightfully, and is the most complete article of the kind ever offered to the American public. The Crisper Coma will be sent to any address, sealed and post-paid for \$1. Address all orders to W. L. CLARK & Co., Chemists, No. 3 West Fayette street, Syracuse, N. Y. mar 6, '67 ly

### Reparator Capilli.

Throw away your false frizzes, your switches, your wig—Destructive of comfort, and not worth a fig. Come again, come youthful, come ugly and And rejoice in your own luxuriant hair.

### REPARATOR CAPILLI

FOR restoring hair upon bald heads (no matter what cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. They will tell you, how are you to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli: it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, sealed, together with a receipt for the money, which will be returned you on application, provided entire satisfaction is not given. Address, W. L. CLARK & Co., Chemists, No. 3 West Fayette street, Syracuse, N. Y. mar 6, '67 ly

### WHISKERS AND MUSTACHES!

A Young Lady returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruddy complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the Circassian Balm, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the article it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. Price \$1, sent by Mail or Express, on receipt of an order by W. L. CLARK & Co., Chemists, No. 3 West Fayette St., Syracuse, N. Y. The only American Agents for the sale of the same. mar 6, '67 ly

### CHATELLER'S WHITE LIQUID ENAMEL,

FOR Improving and Beautifying the Complexion. The most valuable and perfect preparation in use, for giving the skin a beautiful pearl-like tint, that is only found in youth. It quickly removes Tan, Freckles, Pimples, Blisters, Moth Patches, Sallowness, Eruptions, and all impurities of the skin, kindly healing the same leaving the skin white and clear as alabaster. Its use can not be detected by the closest scrutiny, and being a vegetable preparation is perfectly harmless. It is the only article of the kind used by the French, and is considered by the Parisian as indispensable to a perfect toilet. Upwards of 20,000 bottles were sold during the past year, a sufficient guarantee of its efficacy. Price only 75 cents. Sent by mail, post-paid, on receipt of an order, by BERGER, SHUTTS & Co., Chemists, 255 River St., Troy, N. Y. mar 6, '67 ly
