"THE GUN STORE,"

55 ST. CHARLES ST.,
NEW ORLEANS

J. H. LYON,

AGENT,
Successor to E. J. WATKINSON

HAVING this day purchased the entire stock and good will of this establishment, so well known in this community for the last fifteen years, we would respectfully announce that the same line of business will be continued at the old stand, though on a scale for more extensive, as well as more complete in detail than hitherto, changes which ample facilities now enable us to accomplish.

Whilst taking care to keep on hand at all times a full and complete assortment of Guns, Rifles, Pistols, Materials, Fishing Tackle, Ammunition and other articles pertaining to our line designed both for retail and jobbing trade, we purpose devoting special attention to the importation of the Finest and Best English as well as to the keeping of the most improved American made

Breech Loaders, both shot guns and rifles.

(The undersigned, having been for a number of years with the late E. J. Watkinson as chief salesman, not only believes that he fully understands the wants of the community in his particular line, but is equally confident that his facilities now enable him to meet those wants more fully than has ever been done here by anybody.)

We need not enumerate articles; suffice it to say, that we shall aim to keep everything that ought to be found in a gun store, and nothing else, and that we are determined to be undersold by nobody.

To customers and friends of the old house we would respectfully say, don't desert the old stand without first giving the new firm a trial and to others, we beg equally to say, try us! J. H. LYON,

SINGER'S

Celebrated New Family Sewing Machine.

IT is the best Sewing Machine ever offered to the public. It has and sells, braids, cords, tucks, marks and embroideries with such elegance and ease, that the finest needle work would look mean in comparison. It is the only Machine ever invented that overcomes with the Lock Stitch, and on account of its adjustable feet, has greater range of work than any other. It is used almost exclusively by all the Lady Milliners and in all the Convents of New Orleans and it has the greatest circulation of any Machine in the world. The sale of this Machine now equals that of all others put together, and I warrant every Machine I sell to give satisfaction, and after a fair trial to return the money if it does not do so.

RUPTURE CURED

BY USING
DR. FERRISS' SUPPORTER TRUSS.

THE MOST EFFICIENT, COMFORTABLE AND SECURE TRUSS IN USE.

It is entirely different in principle and action from all others, and has every desirable advantage, viz: It has NO SPRINGS, thus avoiding all injurious pressure at the back at the same time supporting the abdomen and relieving the pressure of all undue weight. It is as comfortable as a glove, adapts itself to any position, can be applied at any age. It is not complicated, and cannot get out of order. It is the only Truss that PERMANENTLY CURES the most obstinate as well as recent cases of RUPTURE, qualities possessed by no other Truss, as those who have worn the various Trusses can testify.

With an experience of more than twelve years practice in the treatment and cure of HERNIA and RUPTURE, I can promise more PERFECT RELIEF, COMFORT and SECURITY and more RAPID IMPROVEMENT than can be obtained of any other person or appliance in the South, without regard to age of the patient, or length of time afflicted. Call or address, with stamp for circular.
