Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild, pleasant, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral poison.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure.

For Dyspepsia or Indigestion, flatulencies, Languor, and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Stomach, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action, or remove the obstructions which cause it.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loins, they should be continuously taken, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Edematous Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression, a large dose should be taken, as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion, and relieve the stomach. An occasional use stimulates the stomach and bowels, restores the appetite, and invigorates the system.

One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

THE CINCINNATI WEEKLY ENQUIRER

Is the only paper exclusively devoted to POLITICAL and GENERAL WELFARE OF THE PEOPLE!

IT PUBLISHES LETTERS OF INQUIRY direct from the people and answers them fully without regard to party bias or benefit.

It is the advocate of right and justice to all, and the greatest good to the greatest number.

It is opposed to the unwise and dishonest class of legislation that has benefited the few and oppressed the many, as realized in act of Congress retiring from circulation nearly two-thirds of the people's money.

The National Bank Scheme, a device to place the control of the currency in the hands of the Money Kings and creating a non-producing aristocracy, and the Salary Grab Robbery, increasing the pay of government officials, while the price of labor and its products, real estate, and greenbacks (the people's money) have been depreciated.

The act changing the original contract with bondholders, and making bonds payable in gold instead of legal tenders, as first agreed upon; a favoritism of 25 per cent. in value to the few at the expense of the many.

The Resumption Act, demanding that which is utterly impossible, and placing the object sought for twenty years further off.

For such and other crimes against the people the Enquirer will advocate a change in the administration of government affairs, a most fitting Celebration for the Centennial Year.

If you would know and understand the issues, merits and effects of past and future legislation, read the Enquirer during this all important crisis, and subscribe for the year 1876.

TERMS: One copy, 1 year, \$2 00 Five copies, 1 year, \$1.75 each. 8 75 Ten copies, 1 year, 1.60 each. 16 00 Twenty " " 1.50 each. 30 00

THE WEEKLY SUN.

1776 NEW YORK. 1876

FIFTEEN HUNDRED AND SEVENTY-SIX is the Centennial year. It is also the year in which an Opposition House of Representatives, the first since the war, will be in power at Washington; and the year of the twenty-third election of a President of the United States. All of these events are sure to be of great interest and importance, especially the two latter; and all of them will be fully and freshly reported and expounded in THE SUN.

The Opposition House of Representatives, taking up the line of inquiry sternly and diligently investigate the corruptions and misdeeds of Grant's administration; and will, it is to be hoped, lay the foundation for a new and better period in our national history. Of all this THE SUN will contain complete and accurate accounts, furnishing its readers with early and trustworthy information upon these absorbing topics.

The twenty-third Presidential election, with the preparations for it, will be memorable as deciding upon Grant's aspirations for a third term of power and plunder, and still more as deciding who shall be the candidate of the party of Reform, and as electing that candidate. Concerning all these subjects, those who read THE SUN will have the constant means of being thoroughly well informed.

THE WEEKLY SUN, which has attained a circulation of over eighty thousand copies, already has its readers in every State and Territory, who trust that the year 1876 will see their numbers doubled. It will continue to be a thorough newspaper. All the general news of the day will be found in it, condensed when unimportant, at full length when of moment and always, we trust, treated in a clear, interesting and instructive manner.

It is our aim to make the WEEKLY SUN the best family newspaper in the world, and we shall continue to give in its columns a large amount of miscellaneous reading, such as stories, tales, poems, scientific intelligence and agricultural information, for which we are not able to make room in our daily edition. The agricultural department especially is one of its prominent features. The fashions are also regularly reported in its columns; and so are the markets of every kind.

THE WEEKLY SUN, eight pages with fifty-six broad columns is only \$1.20 a year, postage prepaid. As this price barely repays the cost of the paper, no discount can be made from the rate to clubs, agents, Postmasters, or anyone.

THE DAILY SUN, a large four page newspaper of twenty-eight columns, gives all the news for two cents a copy. Subscription, postage prepaid, \$3 a month or \$6.50 a year. Sunday edition extra, \$1.10 per year. We have no traveling agents. Address THE SUN, New York City.
