

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corrupting elements of the blood, such as the scrofulous and syphilitic contamination. Impurities or diseases that have lurked in the system for years soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ucers, Eruptions, and eruptive disorders of the skin, Tumors, Hotchets, Boils, Pimples, Pusules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhoea, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

THE LOST CAUSE!
A MAGNIFICENT PICTURE 14 x
18 inches in size, printed on heavy
paper, beautiful in design, and artistic
in execution. It represents a Confed-
erate Soldier after the war returning
to his home, which he finds lonely and
desolate. In front of the ruined cot-
tage, telling a sad tale of the miseries
of the war, are two graves with rude
crosses, or one of which some friendly
hand has hung a garland. To the
right the calm river, and the rising
moon indicate rest and peace. The
stars seen through the trees, represent
the Southern Cross. It is a picture
that will touch every Southern heart
and should find a place in every south-
ern home. Sent by mail mounted on a
roller and post-paid on receipt of 25
cents, or 3 for 80 cents. Address

IT PAYS! IT PAYS!

WHAT PAYS?
IT PAYS EVERY MANUFACTUR-
er, Merchant, Mechanic, Inventor,
Farmer or Professional man, to keep
informed on all the improvements and
discoveries of the age.
It pays the head of every family to
introduce into his household a news-
paper that is instructive, one that fos-
ters a taste for investigation, and pro-
motes thought and encourages discus-
sion among the members.

The Scientific American
which has been published weekly for
the last thirty years, does this, to an
extent beyond that of any other pub-
lication in fact it is the only weekly pa-
per published in the United States de-
voted to Manufactures, Mechanics, In-
ventions and New Discoveries in the
Arts and Sciences.

Every number is profusely illustrat-
ed and its contents embrace the latest
and most interesting information per-
taining to the Industrial, mechanical,
and Scientific Progress of the World.
Descriptions with beautiful Engrav-
ings, New Processes, and Improved
Industries of all kinds; Reports, Notes,
Recipes, Suggestions and Advice, by
Practical Writers, for Workmen and
Employers, in all the various arts, for-
ming a complete repository of New In-
ventions and Discoveries; containing a
weekly record not only of the progress
of the Industrial Arts in our own coun-
try, but also of all New Discoveries
and Inventions in every branch of En-
gineering, Mechanics and Science
abroad.

THE SCIENTIFIC AMERICAN has
been the foremost of all industrial pub-
lications for the past thirty years. It
is the oldest, largest, cheapest, and the
best weekly illustrated paper devoted
to engineering, Mechanics, Chemistry,
New Inventions, Science and Industrial
Progress published in the World.
The practical receipts are well worth
ten times the subscription price. And
for the shop and house will save many
times the cost of subscription.
Merchants, Mechanics, Farmers, En-
gineers, Inventors, Manufacturers,
Chemists, Levers of Science, and Peo-
ple of all Professions, will find the
Scientific American useful to them. It
should have a place in every Family,
Library, Study, Office and Counting
Room; in every Reading room, College
and School. A new volume commences
January 1st, 1876.
A year's numbers contain 832 pages
and Several Hundred Engravings.—
Thousands of volumes are preserved
for binding and reference. Terms,
\$3.20 a year by mail, including post-
age. Discount to Clubs Special Cir-
culars giving Club rates sent free.
Single copies mailed on receipt of 10
cents. May be had of all News Deal-
ers.

Patents. In connection with the
SCIENTIFIC AMERICAN, Messrs. MUNN & Co., are Solicitors of
American and Foreign Patents, and
have the largest establishment in the
world. More than fifty thousand ap-
plications have been made for patents
through their agency.
Patents are obtained on the best
terms. Models of New Inventions and
Sketches examined and advice given.
A special notice is made in the Sci-
entific American of all inventions Pat-
ented through this Agency with the man-
and reference of the Patentee. Pat-
ents are often sold in part or whole, to
persons attracted to the invention by
publication. Send for Pamphlet con-
taining full directions for obtaining
Patents. A bound volume containing
two Patent Laws, Census of the U. S.,
and 142 Engravings of Mechanical
inventions. Price 25 cents.
Address for the Paper, or concerning
Patents, MUNN & CO., 37 Park Row,
New York. Branch Office, Cor. F and
7th Streets, Washington, D. C.

THE
CINCINNATI WEEKLY ENQUIRER
Is the only paper exclusively devoted
to the
POLITICAL and GENERAL
WELFARE OF THE PEOPLE!
IT PUBLISHES LETTERS OF IN-
quiry direct from the people and an-
swers them fully without regard to
party bias or benefit.
It is the advocate of right and jus-
tice to all, and the greatest good to
the greatest number.
It is opposed to the unwise and dis-
junctive class of legislation that has ben-
efited the few and Congress the many,
as realized in act of Congress retiring
from circulation nearly two-thirds of
the people's money.
The National Bank Scheme, a device
to place the control of the currency in
the hands of the Money Kings and cre-
ating a non-producing aristocracy.
The Salary Grab Robbery, increas-
ing the pay of government officials,
while the price of labor and its pro-
ducts, real estate, and greenbacks (the
people's money), have been deprecia-
ted.
The act changing the original con-
tract with bondholders, and making
bonds payable in gold instead of legal
tenders, as first agreed upon; a favori-
tism of 25 per cent. in value to the
few at the expense of the many.
The Resumption Act, demanding
that which is utterly impossible, and
placing the object sought for twenty
years further off.
For such and other crimes against
the people the Enquirer will advocate
a change in the administration of gov-
ernment affairs, a most fitting
Celebration for the Centennial Year.

If you would know and understand
the issues, merits and effects of past
and future legislation, read the En-
quirer during this all important crisis,
and subscribe for the year 1876.

THE WEEKLY SUN,
1776 NEW YORK, 1876
EIGHTEEN HUNDRED AND SEV-
enty-six is the Centennial year.
It is also the year in which an Opposi-
tion House of Representatives, the first
since the war, will be convened at
Washington; and the year of the re-
-election of a President of the
United States. All of these events are
sure to be of great interest and impor-
tance, especially the two latter, and all
of them are ever so interesting, connect-
ed with them will be fully and freshly re-
ported and expounded in THE SUN.
The Opposition House of Representa-
tives, taking up the line of inquiry
opened years ago by THE SUN, will
sterely and differently investigate the
corruptions and misdeeds of Grant's
administration, and will, it is to be
hoped, lay the foundation for a new
and better method of national gov-
ernment. Of all this THE SUN will con-
tain complete and accurate accounts,
furnishing its readers with early and
trustworthy information upon these
absorbing topics.
The recent third Presidential elec-
tion, with the preparations for it, will
be memorable as deciding upon the
aspirations for a third term of power
and plunder, and still more as deciding
who shall be the candidate of the party
of Reform, and as electing that candi-
date. Concerning all these subjects,
those who read THE SUN will have
the constant means of being thor-
oughly well informed.
THE WEEKLY SUN, which has at-
tained a circulation of over eighty
thousand copies, already has its read-
ers in every State and Territory, and
we trust that the year 1876 will see
their numbers doubled. It will con-
tinue to be a thorough newspaper.
All the general news of the day will
be found in it, condensed when impor-
tant, at full length when of interest,
and always, we trust, treated in a
clear, interesting, and instructive
manner.
It is our aim to make THE WEEKLY
SUN the best family newspaper in the
world, and we shall continue to give
in its columns a large amount of in-
cellaneous reading, such as stories,
tales, poems, scientific intelligence and
agricultural information, for which we
are not able to make room in our daily
edition. The agricultural department
especially is one of its prominent fea-
tures. The fashions are also regularly
reported in its columns; and so are the
markets of every kind.
THE WEEKLY SUN, eight pages
with fifty-six broad columns is only
\$1.20 a year, postage prepaid. All the
prices largely repay the cost of the pa-

ONE YEAR.

FIRST—IT CONTAINS ALL THE
NEWS of the past seven days col-
lected by the agents and correspon-
dents of the New York Daily World,
and in fullness, accuracy and enter-
prise in this respect is unequalled.
2. Its AGRICULTURAL DEPART-
MENT contains the latest news of farm
experiments at home and abroad, con-
tributed by home and foreign writ-
ters. It also reports the latest news of
the American Institute, and announces
of valuable and interesting articles ap-
pearing in the agricultural weeklies
and magazines.
3. Its GRANGE NEWS, to which
attention is specially called, is a fea-
ture which can be found in no other
paper. All the resources of the coun-
try of a great metropolitan daily
newspaper are employed in its collec-
tion, and the result is a paper each
week where the members may find a
complete record of the work of the
order in every State in the Union for
the past seven days. In addition to this
weekly record, THE WORLD gives the
cream of all the local grange papers in
every State. This department is and
will continue to be under the charge
of one of the active members of the
order.
4. For the FRESHER DEPART-
MENT, in addition to its other attrac-
tions, such as Poetry, miscellany, hu-
morous extracts, &c., during the con-
-ing year, there will be not less than
one hundred short tales by the best
writers of fiction in England and
America.
5. The MARKET REPORTS,
brought down to the hour of publica-
tion, are the best that can be made.
Each market is reported by one whose
special knowledge and training make
him the best authority upon that sub-
ject in the United States. For accu-
