**WHAT PAYS?**  
IT PAYS EVERY MANUFACTU-  
rer, Merchant, Mechanic, Inventor,  
Farmer, or Professional man, to keep  
informed on all the improvements and  
discoveries of the age.  
It pays the head of every family to  
introduce into his household a news-  
paper that is instructive, one that fos-  
ters a taste for investigation, and pro-  
motes thought and encourages discus-  
sion among the members.  
The Scientific American  
which has been published weekly for  
the last thirty-one years, does this, to  
an extent beyond that of any other  
publication; in fact it is the only weekly  
paper published in the United States  
devoted to Manufactures, Mechanics,  
Inventions and New Discoveries in the  
Arts and Sciences.  
Every number is profusely illus-  
trated and its contents embrace the lat-  
est and most interesting information  
pertaining to the Industrial, Mechan-  
ical and Scientific Progress of the  
World; Descriptions, with Beautiful  
Engravings of New Inventions, New  
Implements, New Processes, and Im-  
proved Industries of all kinds; Useful  
Notes, Recipes, Suggestions and ad-  
vice by Practical Writers, for Work-  
men and Employers, in all the various  
arts, forming a complete repository of  
New Inventions and Discoveries; con-  
taining a weekly record, not only of  
the progress of the Industrial Arts in  
our own country, but also of all New  
Discoveries and Inventions in every  
branch of Engineering, Mechanics and  
Science abroad.  
THE SCIENTIFIC AMERICAN has been  
the foremost of all industrial publica-  
tions for the past thirty-one years. It  
is the oldest, largest, cheapest, and the  
best weekly illustrated paper devoted  
to Engineering, Mechanics, Chemistry,  
New Inventions, Science and Industri-  
al Progress, published in the world.  
The Practical Recipes are well worth  
ten times the subscription price, and  
for the shop and house will save many  
times the cost of subscription.  
Merchants, Farmers, Mechanics, En-  
gineers, Inventors, Manufacturers,  
Chemists, Lovers of Science, and Peo-  
ple of all Professions, will find the  
SCIENTIFIC AMERICAN useful to them.  
It should have a place in every  
Family, Library, Study, Office and  
Counting Room; in every Reading  
Room, College and School. A new  
volume commences January 1st, 1877.  
A year's numbers contain 842 pages  
and several hundred engravings.—  
Thousands of volumes are preserved  
for binding and reference. Terms  
\$3.00 a year, by mail, including post-  
age. Discount to Clubs. Special Cir-  
culars, giving Club rates, sent free.  
Single copies mailed on receipt of 10  
cents. May be had of all Newsdealers.  
PATENTS. In CON-  
nection with the  
SCIENTIFIC AMERICAN, Messrs.  
MUNN & CO. are Solicitors of Ameri-  
can and Foreign Patents, and have the  
largest establishment in the world.  
More than fifty thousand applications  
have been made for Patents through  
their agency.  
Patents are obtained on the best  
terms. Models of New Inventions and  
Sketches examined, and advice free.  
A special notice is made in the SCIENTIFIC  
AMERICAN of all Inventions  
patented through this Agency, with  
the name and residence of the Paten-  
tee. Patents are often sold in part or  
whole, to persons attracted to the in-  
vention by such notices. A pamphlet,  
containing full directions for obtaining  
Patents, sent free. THE SCIENTIFIC  
AMERICAN REFERENCE BOOK, a  
volume bound in cloth and gilt, con-  
taining the Patent Laws, Census of  
the United States, and 142 Engravings  
of Mechanical movements. Price 25  
cents.  
Address for the Paper, or concerning  
Patents, MUNN & CO., 37 PARK  
ROW, NEW YORK. Branch Office,  
cor. F and 7th sts., Washington, D. C.
