RECONCILIATION.

My old and much-worn army coat Has changed since it was new. For when our civil war was fought In battle's smoke't was blue.
But sun and rain have faded it Since freedom won the day, So I can hardly tell its hue From that of Southern gray.
Yes, time has faded out the dye It showed in cruel strife, And while the blue blends with the gray,
Our country gains new life. 'Tis true the faded cape will lift When angry breezes blow, And then behold the same old blue Bright underneath will show!
But time goes on and all things fade, Yes, all must have their day; Even my old faded coat and I Must also pass away.
Yet our great nation will live on, Her sons will 'er be true, For time all difference will blend, As blends the gray and blue. —(Boston Transcript.)

An Extraordinary OFFER!

WANTING EMPLOYMENT!

WE WANT LIVE, ENERGETIC and Capable Agents in every county in the United States and Canada, to sell a patented article of great merit, on its merits. An article having a large sale, paying over 100 per cent. profit, having no competition, and on which the agent is protected in the exclusive sale by a deed given for each and every county he may secure from us. With all these advantages to our agents, and the fact that it is an article that can be sold to every household, owner, it might not be necessary to make an "Extraordinary offer" to secure good agents at once, but we have concluded to make it to show, not only our confidence in the merits of our invention, but in its salubility by any agent that will handle it with energy. Our agents now at work are making from \$150 to \$600 a month clear, and this fact makes it safe for us to make our offer to all who are out of employment. Any agent that will give our business a thirty days' trial and fail to clear at least \$100 in this time, above all expenses, can return all goods unsold to us and we will refund the money paid for them. Any agent or General Agent who would like ten or more counties and work them through agents for ninety days, and fail to clear at least \$750 above all expenses, can return all unsold and get their money back. No other employer of agents ever dared to make such offers, nor would we if we did not know that we have agents now making more than double the amounts we guaranteed, and that but two sales a day would give a profit of over \$125 a month, and that one of our agents took eight or nine orders in one day. Our large descriptive circulars explain our offer fully, and these we wish to send to every one out of employment who will send us three one cent stamps for postage. Send at once and secure the agency in time for the boom, and go to work on the terms named in our extraordinary offer. We would like to have the address of all the agents, sewing machine solicitors and carpenters in the country, and ask any reader of this paper who reads this offer to send us at once the name and address of all such they know. Address at once, as this advertisement will not appear again, and you will lose the best chance ever offered to those out of employment to make money.
