Town and Parish News.

DISTRICT Court will open next week.

Work on the Town Hall is progressing steadily.

HILLER'S groceries are the freshest; his prices the lowest.

Is Bro. Mack's volunteer equit a "hint" or is it "straight talk"?

The present month, agriculturally, has been one of the best ever known.

The Louisiana State Medical Association will meet in Alexandria on the 11th of April.

Some of the bridges in Alexandria are in a dilapidated condition and should be repaired at once.

Mr. John Dawson, of Boyce, was in Alexandria yesterday. He reports trade up his way lively.

Our friend Wickliffe is still hard at work trying to ferret out the perpetrators of the Evergreen outrage.

The buckets for the Hook and Ladder Co., and the hose for the steam engine arrived here Monday night.

The brick pavements in front of the Eagle Drug Store and at Ferguson & Schnack's were repaired on Monday.

Jonas Hiller, on Front street, is selling his dry goods and groceries lower than the lowest. Give him a call and save money.

Mr. Robt. McCoy's little boy, whose name we were unable to find out, was drowned in the river below Mown on last Wednesday.

Miss Mamie L. Smith, of Lamourie, and Mr. H. S. Mason, are to be married on the 21st prox., at the residence of the bride's parents.

The hull of Capt. J. F. Garner's new steam ferry, "N. B. Garner," was successfully launched on Saturday. She is a beauty, and sits on the water like a duck.

The weather changed again on Sunday afternoon; from being warm it turned suddenly very cold. Monday morning it was quite comfortable before a good fire.

LIVER PILLS.—Use Dr. Gunn's Liver Pills for Sallow Complexion, Pimples on the Face and Biliousness. Never sickens or gripes. Only one for a dose. Samples free at Jacob Geiger's.

When the volunteers, of which squad Bro. Mack will be the Captain, starts out, broomsticks will be in demand. Base ball bats would answer the purpose better, but they are too heavy for such light weights.

Let the farmers adjacent to Alexandria contribute to the Cotton Compress. It is a most laudable undertaking, and should not only be encouraged but supported by every one in Rapides Parish.

Supr. Owens, of the Morgan railroad company, held a conference with the City Council on Wednesday last, and informed that body that he might possibly tear up the portion of the track that traverses Front street.

The survey of the North and South road was completed to this place on last Tuesday night. By the line drawn the road is made to cross the river near the upper Falls, and taps the T. and P. track in the neighborhood of Levin's lumber office.

HONEYMOON.—Mr. and Mrs. Gus Gebr left for New York City by the Texas and Pacific train last night, where they will spend about two weeks. On their return the happy couple will pay a short visit to the mother of the groom, who resides in Keokuk.

COMPRESS MEETING.—All subscribers and all other parties interested in the Alexandria Compress are requested to meet at the Court House, in Alexandria, on Monday, April 4th, at 4 o'clock p. m., for the purpose of receiving and discussing the report of the Compress Committee. The planters interested are especially invited to attend. M. C. MOSELEY, Secretary.

HOW WE STAND.

"Where are you?" is the question put direct to us by the editor of the Town Talk in his last issue, referring to our position on the prohibition question, to which we answer not on the fence, but on terra firma, where we have a host of companions, sensible men and true, who have done their duty on all occasions towards their country's welfare, but who for this time and forever are sick and disgusted with the so-called prohibition of whiskey in Rapides. And why are they? Because, first, it is a measure which cannot be enforced, no matter what means are used; and second, for the reason that it works to the benefit of a few as against the many—which is undemocratic. 'Tis true we favored prohibition once—did our utmost to down the liquor fiend, so to speak—but that is past, and whilst we cannot accept praise now for actions done then will not be censured by any one who does not approve of our present position.

Talk of prohibition—why, we have had none so far as Alexandria is concerned, as is a patent fact to every one who has walked around to see for themselves. The private bottles have been more numerous, and as for prescriptions from the physicians with which to get the desired stimulant, why even that of late has entirely been lost sight of—in fact, prescriptions are not necessary. The law's technicalities have been nursed so long, that just now it is impossible to convict any one who is brought up for violating the prohibition ordinance. Juries will not convict, as our amiable brother will candidly admit, and the most flagrant violations of the law have not been checked;—then why should we continue in the advocacy of this most farcical of farces.

We, for one, do not propose to do so any longer. We are tired of such hypocrisy, and will try to redeem the country in another way. We favor high license—the argument used by the soundest thinkers, not blather-skites. This, then, is our position in future towards this much mooted question, and to the end marked out we will bend our most earnest energies. Our position thus clearly defined we will bow ourselves quietly out, awaiting an encore loud and lasting, which we know will certainly come from the sober-thinking masses of the people—and that, too, very soon, which will re-echo through the confines of every home in Rapides.

Bucklen's Arnica Salve.

The best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Jacob Geiger, Eagle Drug Store.

In the proper place of to-day's paper will be found the card of Dr. J. Newton Laney, who has lately moved back, and who, in future, will practice his profession—dentistry. The young gentleman is too well known to need any commendation at our hands. Suffice it to say, he is a skilled workman in his line, and is ready at all times at his office at Albert's residence, opposite the DEMOCRAT office, to meet the wants of all who may call on him. His terms are moderate.

JUST WHAT THEY ALL SAY.—Hon. D. D. Haynie, of Salem, Ill., says he uses Dr. Bosanko's Cough and Lung Syrup in his family with the most satisfactory results, in all cases of Coughs, Colds and Croup, and recommends it in particular for the little ones. Sample bottles free at Jacob Geiger's.

We acknowledge the receipt of a complimentary invitation to attend the Texas State Fair and Dallas Exposition, which takes place on the 5th, 6th, 7th, 8th and 9th of April, and but for the recent action of the inter-state commerce bill would be present and take part in the festivities. Our railroad pass is "n. g." now.

FOR RENT.—The building formerly occupied by the Town Talk as a printing office, and the small building adjoining, situated on Murray street. Also the brick store house on Front street, adjoining the brick warehouse of Rogers & Williams. For terms, etc. apply at this office.

DURING the penitential season of Lent "Teas" are given in many of the cities and towns. We notice that the same has been inaugurated in Donaldsonville by Mrs. Ella Bentley, associate editress of the Chief. Why don't some of the fair ones in Alexandria try it?

The committee of the W. C. T. U. have published an open letter to Judge Blackman, in reference to the request to sign their petition asking the Police Jury not to call an election on the whisky business.

An Enterprising and Reliable House.

Jacob Geiger can always be relied upon, not only to carry in stock the best of everything, but to secure the agency for such articles as have well-known merit, and are popular with the people, thereby sustaining the reputation of being always enterprising and ever reliable. Having secured the agency for the celebrated Dr. King's New Discovery for Consumption will sell it on a positive guarantee. It will surely cure any and every affection of Throat, Lungs and Chest, and to show our confidence, we invite you to call and get a trial bottle free.

With but one or two exceptions, says the Morgan City Free Press, the young boys of that Town are loafers. This is, indeed, a sad commentary, but nevertheless is true. Boys South are not put to work early enough, and consequently grow up not knowing how to earn their daily bread. When they do work, however, they expect more pay than their employer is able to give. "In the North," as our confere says, "boys often work in stores and offices, going errands, sweeping up, or are kept at some light work for months and never see a cent of money except what the employer may give in his gratitude to them on a Saturday for purchasing books or to attend some wholesome amusement." In Alexandria the boys are quite numerous, but many of them do not work at all—they visit, however, billiard saloons and learn very soon the vices of gambling. This is wrong, and should be checked before it is too late. The future of the country in the hands of such men, will be anything but prosperous. Yes, put your boys to work—learn them a trade by all means, and they will grow up to be an ornament to your household and of use to parents in their old age.

Wonderful Cures.

W. D. Hoyt & Co., wholesale and retail Druggists, of Rome, Ga., says: "We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. We have never had remedial articles that sell as well or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by Jacob Geiger."

Bro. Mack, in calling for volunteers to rid the Town of all who are breaking the prohibition law, says he for one will go along. We presume that settles it, and we would advise our friends on the outside to keep out of his way and clear the track, for when an editor who is fighting for prohibition is turned loose, there's no such thing as stopping him. Talk of Jas. L. Sullivan as a knocker-out—why he won't be a patching to this saviour of the human race, who so very suddenly has become inflated and is about to explode. A cyclone or an earthquake is no where compared to this anti-whisky champion. So step aside gentlemen, and climb to the higher seats, for the blood-sweating bovalapus will soon be turned loose.

If there is one enterprise Alexandria needs more than any other at present, it is a building association—which would alike help the poor and the rich man. Several towns in the State have made the initiative in this matter, and will soon see just such an institution in their midst. Let our business men, and others in our midst who have life, put their heads together and start the building association ball to moving right here.

Inox ore has been discovered at Vansfield, and it is said it has been found to yield a greater per cent of pure iron than that of Birmingham. On the strength of it, a company has been organized there who will at once erect an oil mill and ice factory. The necessary machinery for said enterprise has already been ordered. We are glad to see this sign of prosperity on the part of our friends in Mansfield.

BRIGADIER General Will. A. Strong's case is fixed to take place at Baton Rouge on the 8th of April.—Quite a number of influential gentlemen throughout the State have been summoned as witnesses, among the number Hons. W. F. Blackman and Robt. P. Hunter, of this place. These gentlemen have already said that they do not know anything of the Strong-election-ticket-paper business.

The Roston Calligraph, one of the best weekly papers in the State, has just entered its fourth year "feeling more firmly established than ever before." Bro. Pearce, you have our best wishes.

We want to see Senator Eastis returned to the U. S. Senate. He suits us to a "T." No better man for the place could be found in Louisiana.

The New Iberians are agitating a national bank, an opera house, and two building associations.

Married:

In this Town, at the residence of the bride's parents, on Wednesday, March 23, 1887, by the Rev. E. L. Hess, Mr. LEOPOLD WOLFF, of Shreveport, to Miss HEDDA JACKSON, of this city.

The newly wedded couple have our best wishes for their future prosperity, and a pleasant voyage through life. They are well suited to each other, hence their happiness in future is assured. For the kind remembrance of the DEMOCRAT, we return thanks.

In this Town, at the Synagogue, on Tuesday, March 29th, 1887, by the Rev. E. L. Hess, Mr. GUS. GEHR to Miss SALLIE ROSENTHAL, both of this place.

Truly speaking, the above was one of the most brilliant weddings which has ever occurred in Alexandria, and was, indeed a recherche affair. Everything was arranged both with taste and elegance, and no attention was paid to the cost of things necessary to make it an affair to be remembered. No less than five hundred invitations were issued to friends to be present at the Synagogue to witness the affair, nearly if not all of whom availed themselves of the opportunity, and were lookers on at the happy event.

The bride, Miss Sallie, is the lovely daughter of our esteemed fellow-townman, Mires Rosenthal, and possesses, as has already been mentioned in the DEMOCRAT, the rarest charms.

On the other hand, the groom is a young man, who has won already for himself, in this community, laurels of praise. He is a well to do young grocer, and is steadily advancing on the ladder of life.

The two together, as they are now joined as man and wife, will prove, in years to come, that they have been happily mated—having learned each other well—and with this they must surely be happy.

The bride was a picture of loveliness in her dress of cream satin, with overdress of oriental lace, looped with bows of satin ribbon—in train. She wore a wreath of orange flowers, and a long tulle veil.

The first bridesmaid, Miss Nannie Rosenthal, wore a dress of Indian mull, with trimmings of mull embroidery, looped with ribbon.

The second bridesmaid, Miss Gertrude Rosenthal, wore Irish mull, with trimmings of mull embroidery, tastefully looped with ribbon.

Miss Mary Ratcliffe was the third bridesmaid. She wore a dress of oriental lace, looped with ribbon.

The groomsmen were:—1st, Coleman Greenwood; 2d, Morris Weinburg; 3rd, Thomas Murphy.

The two little flower girls, who were in advance of the bridal party, were: Miss Mary Rosenthal, in white mull and blue sash ribbon, with basket of flowers, decorated in blue; and Miss Ida Goldenberg, in white mull, with pink sash ribbon, and basket of flowers, decorated in pink.

Our best wishes attend Mr. and Mrs. Gus. Gebr. May life be to them one uninterupted dream of happiness, and its close like the setting of the morning star,—"which goes

Not down behind the darkened west or lides Obscured amid the tempests of the sky, But sweetly melts away in the light of heaven."

The bride presents given to Miss Sallie Rosenthal yesterday are between seventy-five and a hundred, and are valued at no less than a thousand dollars. Principal among them is a parlor set of furniture, a bed room set, a fine gold watch and chain, studded with pearls, a magnificent silk dress, a costly lamp, a silver pitcher, china dinner set, a set of majolica ware, chamber set, card case, and other useful and valuable gifts. We would have given the names of the donors, but they were specially requested not to do so. Many of the presents were from friends at a distance.

The Coronet was successful in her recent race across the ocean with the Dauntless. Time 14 days, 23 hrs, 34 minutes, 46 seconds.

The death is announced at Salem, Ill., of Col. Isaac C. Warmoth, father of ex-Gov. Warmoth, aged 71 years.

Mr. M. Bloom will have charge of Gus. Gebr's store during his absence in New York.

FRIDAY will be April 1st, all fool's day. Keep a look out and don't be fooled.

A WISE thing to do: buy everything you need at Hiller's.

IN MEMORIAM.

HALL STONEWALL H. & L. Co. No. 1, ALEXANDRIA, LA., March 21, 1887.

Be it Resolved, That bowing in humble submission to the decree of Providence which has removed from among us one whom it was our delight to honor while living, and for whom it is our privilege to mourn, we but discharge a painful obligation in testifying to the conscientious performance of the varied obligations of the zealous, frank, upright citizen and faithful companion on the part of our deceased member, Dr. JAMES S. FISH.

Resolved, That we share with his bereaved relatives, and the community of which he was so loved a part and which he was so adorned by his upright regard in life, a common grief and an deep regret at the suddenness of the call which removed him from us.

Resolved, That as a mark of respect to our deceased member we wear the usual badge of mourning for thirty (30) days.

Resolved, That these resolutions be published in the DEMOCRAT and Town Talk and a copy be sent to the family of the deceased.

Take it in Time.

Ayer's Cherry Pectoral is a highly concentrated and powerful medicine. It is an anodyne expectorant, and, if promptly taken, in cases of Coughs, Throat or Lung troubles, soothes and heals the irritated tissues, and quickly allays all tendency to Consumption.

Six years ago, I contracted a severe Cough, which settled on my Lungs, and soon developed all the alarming symptoms of Consumption. I had a Cough, Night Sweats, Bleeding Lungs, Pain in my Chest and Sides, and was so completely prostrated, as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally determined to give me Ayer's Cherry Pectoral. I took it, and the effect was magical. I seemed to rally from the first dose of this medicine, and, after using only three bottles, am now as well and sound as ever.—Rodney Johnson, Springfield, Ill.

I have used Ayer's Cherry Pectoral in my family, for Colds and Coughs, with infallible success, and should not dare to be without this medicine through any winter months.—Russell Bodine, Hughesville, Lycoming Co., Pa.

Ayer's Cherry Pectoral, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price 25c; six bottles, \$1.

The Great Mexican Seed Corn.

"The earliest, heaviest, soundest and most prolific variety of corn ever grown in America." This is the testimony of two papers published in different States to whom we have sent sample packages to test it: "It surpasses all anticipations, and is just the thing needed."—Times, Natchitoches, Miss. "It is superior to any other variety."—Journal, Corning, N. Y. "It will be a valuable acquisition in the agricultural products of the country."—Gazette, Sulphur Springs, Texas. "This corn can be sown in the latter part of July and ripened before frost."—Index, Warsaw, Mo. "It is highly recommended by those who have tried it."—Ohio repository. "We have heard this corn highly spoken of by the press."—Advertiser, Montion, Ala. "It will yield in one climate two crops a year."—Advertiser, Bastrop, Tex. "It can be successfully grown in Canada."—Montreal World. "It is peculiarly adapted to the short seasons of the North."—Rev. J. Lane, Keokuk, Iowa. "It is just what we need for our swamp land."—Dr. Johnston, Ocala, Fla. It will produce from 50 to 75 bushels of shelled corn to the acre on any soil, from Florida to Oregon.

1st. This Corn will yield from twice to three times as many bushels to the acre on the same soil and with the same culture.

2nd. The Corn is heavier weight, has a larger and longer ear and thinner husk, and makes corn meal for family use sweeter and more nutritious and valuable for feeding stock.

3rd. The stocks bear more foliage, and is better for feeding when cut green than other varieties.

4th. That it will grow and produce a profitable crop on ground where other corn would not grow to maturity. It ripens early and is not liable to be cut by frost.

Our corn has been selected with the greatest care; the small end of every ear broken off, the rest shelled by hand. We warrant every grain to grow. The increased yield per acre over the old varieties will pay for the seed 20 times over besides; every farmer that plants this will have a large demand for seed at good prices.

Terms: By mail, post paid, one dollar per pound, put up in neat packages; 15 packages \$8; 50 packages for \$17; 100 packages \$30; Terms cash. Registered letters at our risk. Address all orders to LINDSAY & HAULDREN, Mar 23-2m. Winfield, Kansas.
