## Town and Parish News.

—Bleached cotton 5 cts. a yard at Jonas Hiller's.

—For ammunition call on Bauer & Weil. Sold in lots to suit.

—Mr. Wm. Cruikshank received his pardon last week. He is again a free man.

—Cotton has commenced opening. Good picking will be under way in a few weeks.

—Go to Jonas Hiller's to buy; the cheapest goods in town in price—even if you don't buy.

—Robes, a few nice ones remain, which we are offering at 90 cents this week, former price \$1.50. Bauer & Weil.

—THERE is no use disguising the fact concerning our Parish corn crop. It is the largest made in Rapides for many years.

—The best tobacco in the market for the money—25 cents per pound. Other goods proportionately cheap at Jonas Hiller's.

—The next payment to be made on the Cotton Compress falls due on the 15th of August. Let every subscriber be ready to pay over his pro rata when called on.

—Flour to be good must be milled weekly. Our Sweet Bouquet and Eagle Steam are received fresh every week, and therefore cannot be surpassed. Only \$4.75 per bbl. Bauer & Weil.

—THE planing mill to be erected near Levin's office, in the upper edge of Town, work on which was begun Monday, is to be 70 feet wide and 50 feet in length. Mr. Wm. Rexer is putting up the building.

—To Wm. Polk, Jr., we return thanks for a huge bundle of New York City, Baltimore and Philadelphia papers sent us last week. We thank also Mr. Frank Barrows, of Fort Scott, Kan., for late copies of the Fort Scott Monitor. Such favors are highly appreciated.

—AND now we are to have an ice factory. One enterprise follows another. Take a hack seat, Mr. Old Fogey, for the train of enterprise shortly to be whistled off in our midst will crush you in its lively run. Keep the ball moving! We've got room for more! Come on!

—LUND & Warren are still selling Extra Fancy Flour at \$4.60 per barrel. Try it! You will find it better than eagle Steam.

—THE business of the Alexandria Post Office is daily increasing. Let our people work up in this particular, and they will soon have the free delivery system attached. Go it, Col. Tom, we will help you boom up the Post Office. We would like to see your salary at \$2500 per annum.

—LUND & Warren have only a few barrels of Family Flour left at \$4.25 per barrel. Come and get it.

—Mr. John Dunn, who is planting at the old race track, was in Town on Saturday, and had four ears of corn raised at his place, which he brought to Town to show his friends. In weight the four ears pulled down six pounds, an average of a pound and a half to the ear. He has plenty more such corn.

—Jonas Hiller is selling mess pork at \$16.50 per barrel.

—We note rapidly decreasing stock at the establishment of our Second street merchants, Bauer & Weil. We are told it is to enable them to enlarge and improve their building. Mr. Felix Bauer, senior member leaves shortly upon an extended tour, during which he will visit the principal markets of the East and West and select a very large Fall stock.

—Laws at 3 1/2 cts. per yard at Jonas Hiller's.

—We think we are safe in saying that the streets, ditches and sidewalks of Alexandria at present are in worse condition than they have been for years. This will never do, and those whose business it is should see to the repair of the same at once. A town is to be judged in this particular, and strangers are oftentimes impressed by the beauties of town thoroughfares.

## The Temperance Meeting Wednesday Night.

The Women's Christian Temperance Union held a meeting at the Methodist church last Wednesday night. Prof. Pardee was the orator selected to discuss the temperance issues. Mr. Pardee made a very forcible argument couched in pretty language, showing that he had given the subject long and deep thought.

At the conclusion of Mr. Pardee's remarks Mr. Edwin G. Hunter was called upon to express his views. Mr. Hunter stated that he had attended the meeting without any intention of speaking, but would briefly give his views upon local option if the audience wished to hear them. No sensible, he said, wanted argument to convince him that the use of intoxicating drinks was hurtful; that it was morally, mentally and physically ruinous to man; that it was the curse of this century; so far had the evil effects been felt that the intelligent and philanthropic people throughout civilization were now engaged in devising ways and means to curtail if not entirely stop the distribution of whisky. He did not think, however, that local option would effect the desired result; he thought that if the people of the Parish would instruct their legislators, a constitutional amendment could be submitted and adopted prohibiting the sale or importation of whisky in the State; he would support such an amendment and join the ladies in their every effort to have it adopted; he would go farther than this, he would sanction any law which would prohibit its manufacture in the United States. It would require some law reaching further than local option; this could not be enforced, and was a farce; he had supported the local option ordinance on the stump and elsewhere—was willing to give it a trial; the trial had satisfied him that other legislation was wanted, and he was willing to assist in obtaining it.

The Rev. Mr. White then made a short address, insisting that prohibition had been enforced better than any other law on the statute books.

Railroads are projected on all sides. Bauer & Weil's great trunk line has reached this town and is open to the inspection of the public, who are cordially invited to call at Hunter's old stand, corner Second and Jackson sts.

—THE dimensions of the main building of the Cotton Compress will be 80x120 feet—two wings connected with this building will run to 5th and 6th streets. Each wing will be 40x179 feet. The receiving side track will be on the south side of the building, and the delivery side track will be on the north side. Mr. A. A. Mims, of New Orleans, is the gentleman who contracted to put up the machinery. The locations for foundation, side tracks, switches, etc., were made last week by Engineer Barnum and associates. The machinery is expected here this week.

REMNANT WEEK.—To close out we are offering a fine collection of calicos, lawns, domestics, ribbons, laces and embroideries at very low figures. Bauer & Weil.

—STEPHEN Smith, colored, wanted here for the murder of his wife, said to have been committed in 1873, on the Archinard place, in this Parish, was arrested on Saturday last in Baton Rouge, by Sheriff Bates, news to that effect having been received by Sheriff Paul, who has gone after his prisoner. At the time the deed was committed Stephen skipped out, and has been a refugee from justice from that day until now. The grand jury presented a true bill for murder. The old saying is proven again—"Murder will out!"

—Our trunk line is moving rapidly and its collection embraces all sizes, shapes, qualities and styles. Close connection guaranteed. Latest improved locks. Bauer & Weil.

—Mr. Chas. M. Babbitt, engineer in charge of the surveying party now making the survey of the Louisiana and Arkansas Railroad from here to Monroe, was in Alexandria on Thursday. He gave it out that he had finished surveying as far as Little river, 18 1/2 miles in all, and that the delay had been caused principally by the rains. He expects to work faster going into Harrisonburg. The route, he says, is a good one, and from here to Little river, with the exception of two angles, is perfectly straight.

—Try our \$1.00 low-quarters for ladies; best in the market for the money. Bauer & Weil.

—SINCE our last issue, Mr. Wm. Hill, a Texas cotton buyer, has visited Alexandria, with a view of locating here with his family in September next. Being assured that he would be furnished all the necessary banking facilities for a business like his, makes it almost a certainty that he will come as soon as the business season opens. We will welcome him and all others who may come to Alexandria.

## Our Town To Have An Ice Factory.

The following letter has been answered, at our request, by one of our prominent citizens, who always takes an active interest in everything calculated to enhance the growth and prosperity of Alexandria. The reply furnishes Mr. Mire with full data, and extends all the encouragement possible. It is highly probable, therefore, that at no distant day, Alexandria will have an ice factory, and will supply all other towns in central Louisiana with that which was once regarded as a luxury but is now one of the necessities of life:

NEW ORLEANS, La., July 21, 1887.

H. L. Blossat, Alexandria, La.:  
Dear Sir:—I would like to correspond with some of your enterprising citizens with a view to putting up an ice machine in your city. I recently have the American Refrigerating and Construction Co. of Harrisburg, Pa. Our machines are sold under written guarantee, and the company will take its full proportion of stock in any company formed to operate our machines, with the only proviso that it be allowed a representation of one or two of the Board of Directors. We claim, and can prove that our machine is the best on the market, simple in construction, and will produce merchantable ice at less cost than any now in operation.

In getting your friends to write to me, let them state if water is easily accessible and what kind it is; the probable cost of a lot say 100 x 60 feet, more or less; the probable amount of ice needed by your city and vicinity, and present cost, together with any other general information bearing upon the subject.

Nothing asked on the machine until it is in full operation and has produced the quantity of ice guaranteed in the contract. Please give this your early attention, and oblige.

Yours very respectfully,  
BEN C. MIRE.

—FRESH goods constantly being received by Lund & Warren, to be sold at New Orleans prices.

Fatal Accident.

Taylor Johnson, a white man, while greasing the saw at W. D. Smith's saw mill, on the north side of Red river, on Monday morning last, about 9 o'clock, met with a fatal accident. In some manner his clothes became entangled in the saw, in motion at the time, and one leg was pulled in and sawed off in two or three places—first taking off his foot, then the calf of his leg, and finally his thigh, close up to his body. Johnson lived only a few hours, dying before medical assistance arrived. Deceased leaves a wife and several children. This untimely death shows how accidents often happen, and should be the means of making parties who are in the habit of working around machinery use the greatest precaution.

—ROOM must be made and Summer goods will have to go. Come and buy them at your own price. Lund & Warren.

—A LITTLE white boy, aged about ten or twelve years, made his appearance in our city Monday, giving his name as Walter Scott, alias Rogers, alias Riley, alias Smith, from Natchitoches, and gave it out that his father and mother were dead, and he was "padding his own canoe," and asked several to help him, but only in sums of five and ten cents. A dispatch was received Monday night from his father, Mr. Rogers, living in Natchitoches, inquiring for his runaway son, and Monday night Deputy Sheriff George Smith came up with the little fellow in Pineville, and now has him in charge, awaiting the arrival of his father.

—WE can sell plaids and stripes cheaper than others buy them. If you want a few bolts call and get prices at Lund & Warren's.

—LET our friends not forget what we told them in our last issue concerning the reception and treatment while here, of the delegates to the State Prohibition Convention, which meets in Alexandria on the 17th of August—Let every visitor go away pleased with our Town, and it will redound to our interests in many ways. We have the best Town in the State to-day; our people have always been noted for their hospitality, and their general manner in treating handsomely all who come to see us. Therefore, good people of Alexandria, do your best on this occasion and the benefits you receive will be manifold.

—ONE day this week Sheriff Paul will take down a batch of five prisoners to the penitentiary, all of whom were convicted at the late session of the District Court. The prisoners are: S. L. Cockerille, white, larceny, 11 months; Wm. Smiley, white, larceny, 1 year; A. H. Swafford, colored, larceny, 5 months; Austin Howard, colored, larceny, 1 year; Wm. Johnson, colored, larceny, 1 year.

—SHERIFF Paul received the following telegram yesterday. It explains itself:

Baton Rouge, La., July 25, 1887.  
To D. C. Paul, Sheriff, Alexandria, La.:  
Detain S. L. Cockerille in parish prison until his application for pardon is acted upon by Board. S. D. McENERY, Governor.

GOOD-BYE HARRY.—Mr. H. W. S. Lund, of the popular firm of Lund & Warren, takes his departure for New York, via New Orleans, on Monday next, where he goes on a combined business and pleasure trip. He will be absent a month or six weeks. We join his many friends in wishing him a pleasant time and safe return.

DIED:  
In New Orleans, on Friday, July 22d, 1887, ABNER P. READMAN, a native of Rapides Parish.

Deceased was well and favorably known here, and was a man of many traits. The following concerning his demise, we clip from the Times-Democrat: Mr. Abner P. Readman died Friday night, and was buried yesterday, (Saturday) afternoon. Mr. Readman made his last trip on the John D. Sully for Mr. Thomas Crawford, who was sick. He complained of having suffered much on the trip from heat, and on Wednesday he was prostrated, dying on Friday night. Mr. Readman began on the river in 1857 as a steersman, and has been piloting in Red river ever since. For over ten years he was with Capt. Dick Sinnott, on the Bart Able, Jesse K. Bell, Laura Lee and other boats in the Grand Ecote trade, and has always been rated as one of the best of Red river pilots. Mr. Readman leaves a wife but no children, and was a member in good standing of the Legion of Honor. The following gentlemen served as pall bearers at the funeral which was largely attended: W. S. Crawford, Paul Holloway, Richard Venables, Dr. S. E. Hale, Wm. Gillen, and Henry Atkins. The bodies of all the boats yesterday were lowered to half-mast as a token of respect.

In Red River Parish, after a short illness, on the 20th of July, MARY E. CAMPBELL, wife of J. D. Murphy, and only child of S. C. Campbell.

Ayer's Cherry Pectoral is a highly concentrated and powerful medicine. It is an anodyne expectorant, and, if promptly taken, in cases of Coughs, Throat or Lung troubles, soothes and heals the irritated tissues, and quickly allays all tendency to Consumption.

Six years ago, I contracted a severe Cold, which settled on my Lungs, and soon developed all the alarming symptoms of Consumption. I had a Cough, Night Sweats, Bleeding Lungs, Pain in my Chest and Sides, and was so completely prostrated, as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally determined to give me Ayer's Cherry Pectoral. I took it, and the effect was magical. I seemed to rally from the first dose of this medicine, and, after using only three bottles, am now as well and sound as ever.—Bodney Johnson, Springfield, Ill.

I have used Ayer's Cherry Pectoral in my family, for Colds and Coughs, with infallible success, and should not dare to be without this medicine through the winter months.—Russell Bodine, Hughesville, Lycoming Co., Pa.
