The Democrats last week elected one State Senator and seven Representatives at the election in Providence, Rhode Island, and the victory gives them a majority in the legislature on joint ballot, and insures the election of Gov. Davis and the other State officers.

Senator Samuel J. Randall, of Pennsylvania, died last week. He was a great and good man. For his memorable fight against the Force bill, in defense of the Southern people, he will always be remembered. Of him it can be truly said: he was a statesman and an honest man.

The following item, clipped from the Fort Madison (Iowa) Democrat, contains information well worth remembering: "Mr. John Roth of this city, who met with an accident a few days ago, spraining and bruising his leg and arm quite severely, was cured by one 50 cent bottle of Chamberlain's Pain Balm." This remedy is without an equal for sprains and bruises and should have a place in every household. For sale by E. J. Sullivan.

The LA. DEMOCRAT is advertising for a brilliant, sensible, good-looking and altogether pink of perfection young lady correspondent. If Alexandria fails to supply the need, the bright Louisiana girls will, no doubt, show the editor under with applications, as newspaper work is now the fad and ambition of quite a little army of the deserving fair.—[La. It now transpires, says the Hammond Leader, that the slang term "manah" is derived from the gypsy word, "mafada," which means "to charm by the eyes." This influx of knowledge need not materially affect the general result, however. When a charming damsel of 16, or thereabouts, begins to mafada a fellow in dead earnest he is not likely to take a day off to hunt up a dictionary to find out what she means by it.

Many people neglect a cold, thinking it will go as it came. Frequently with serious results, the cold of to-day may be the pneumonia of to-morrow. Nothing will cure a cough or cold so rapidly as Dr. Davis' Compound Syrup of Wild Cherry and Tar. Its reputation has been established for over fifty years as the best remedy for coughs, colds, bronchitis, asthma, all throat and lung troubles.—For a cough and whooping cough it is invaluable. Mothers will be saved much anxiety and less of children by having Davis' Wild Cherry and Tar always on hand. Consumption has been cured many times by its use. One dollar bottles hold two and a half times as much as a 50c. bottle. For sale by Jacob Geiger.

Jay Gould, the great railroad magnate, accompanied by Mr. L. S. Thorne, Misses Helen and Mamie McCall, Dr. Munse and Auditor Feaby, general superintendent, visited Shreveport on Wednesday of last week. The railroad boss was shown every courtesy while there, and the people of Shreveport are greatly pleased with what was promised them, viz: a handsome new passenger depot, also two trains a day from New Orleans, to connect with the Cannon ball train at Marshall. The two trains will help us out also.

AN INFAMOUS JOB.—In speaking of the rascally "compound lard" bill now before Congress, the Courier-Journal says: Its passage would decrease the value of cotton seed in the market. To legislate against the cotton planters in behalf of a man who raises hogs, or of a man who slaughters them is an intolerable abuse of the taxing power. Every man from the South ought to oppose it. Every believer in honest legislation ought to oppose it. Every enemy of legislation which aims to control a man's tastes, habit, food, drink and personal freedom, ought to oppose it. The bill is about the worst example of over-legislation, of the extension of the parental functions of the government, with which we are familiar.

THE POLICE JURY.

At its recent session here the Police Jury acted as follows: On motion of Mr. Flower: Whereas, the early construction of the Houston, Central Arkansas and Northern Railroad, from Alexandria to Monroe, La., and extending into Arkansas to a Northern connection, will be of great and permanent benefit to the parish of Rapides, La., increasing its shipping facilities and aiding in the development of its resources and the enhancement of its general prosperity; now, therefore, an injunction to the Houston, Central Arkansas & Northern Railroad company to have said railroad to enter Rapides parish and come to Alexandria, our parish seat, we, the Police Jury representing the parish of Rapides, do hereby agree and obligate ourselves and successors in office to give and pay to the said companies, its successors or assigns, an amount of money equal to the parish taxes which may be assessed against said company, and become due and payable to said parish by said company, or its successors or assigns, for the first ten consecutive years after the construction of said railroad, said sum to be paid in annual installments, each installment to be equal to the parish tax of the year in which the said installment falls due, to be paid by the 1st day of December of said year, or immediately after said company pays the taxes of said year which may be due by it to the said parish, and said sum of money equal to the aggregated parish taxes of said ten years is hereby donated to the said Houston, Central Arkansas, and Northern Railroad Company, upon condition that said railroad shall be constructed and put in operation within fifteen months from this date, this the 8th day of April A. D. 1890.

On motion of Mr. Flower: Whereas, a communication has been received from the Mayor of Alexandria, notifying this Jury that three-fourths of the square upon which the jail house is located belongs to the town of Alexandria and asking for an investigation into their title to this property; therefore, be it resolved, that the District Attorney is hereby requested to inquire into said title and report to this Jury at its next meeting.

On motion of Mr. Flower: Resolved, That the sum of \$300, or as much thereof as may be necessary, be appropriated out of the general fund of 1890, for the repair of the plank road on the Bayou Robert road, and that Wm. Harris and D. S. Flower be and are hereby appointed commissioners to have said work done.

On motion of Mr. Randolph: Whereas, it appears to this Jury that the sum of \$175 appropriated at a previous meeting for building a bridge across Bayou Latannier is insufficient for said purpose, therefore, be it Resolved, That the additional sum of \$50 is hereby appropriated out of the bridge fund of 1890, to build said bridge.

Under date of Monroe, La., April 17th, 1890, we acknowledge the receipt of the following complimentary letter in reference to our recent action on the published articles of the Baptist Chronicle, derogatory to the Catholic Church:

DEAR DEMOCRAT—Brave defender of the right, and of the established Church of our Lord and Saviour, Jesus Christ, (the Holy Roman Catholic Church) I hope that you will live and prosper, when all such dirty, contemptible sheets as the Baptist Chronicle are dead and forgotten by all good people. I read all your replies to the ignorant and insulting editor, with the greatest pleasure.

At its approaching session of the General Assembly of Louisiana, says the New Orleans States, a proposition will be submitted by Mr. John A. Morris, to pay the State \$12,500,000 for the privilege of maintaining a lottery for the period of twenty five years.

The license of \$500,000 per annum, has offered to be paid, is to be devoted to certain specific purposes named in the proposition of Mr. Morris. One third of this sum—\$166,666.66—goes in block to supplement the public school fund of this State; one-third goes to the support of certain existing charities named in the proposition, and to such other charities as the Legislature in its wisdom may see fit to establish; and the remaining third goes to the levee system of the State—\$100,000 per annum for the construction of levees, and \$66,666.66 as an emergency fund for maintenance and repairs in periods of high water.

This, in substance, is the offer that will be made to the people of this State for the privilege of maintaining a lottery in Louisiana. The question is: Shall the Legislature submit this proposition to the people, to be voted on at the general election in 1892?

To the Editor of Louisiana Democrat: At the approaching session of the Legislature of this State, I shall submit a proposition for the privilege of maintaining a lottery in Louisiana. "B" is wild at the idea of the Lottery Company having equal constitutional rights with juries. It is a compliment to the just dealings of the Lottery in comparison with the justice rendered by same juries, then I separate myself from all hopeful anticipations, and do hereby and herein promise never again to purchase another Lottery ticket. It is true the Lottery money is gambling money but nevertheless it goes a long way in charity, and the most fastidious optimist, peering through lens of the most moral perfection fails to develop flies upon it.

THE LOTTERY'S PROPOSITION.

EDITOR DEMOCRAT:—I do not come before the public as a friendly advocate of any association or corporation, but simply ask that justice and equity be dealt to all alike. Vice, whenever and wherever met, should be repudiated, and not condoned a virtue on account of position, rank or wealth. Immorality of to-day should be the same in the future, and should stain alike the robes of the prince and rags of the pauper.

The correspondent "B" in the issue of Town Talk of the 5th inst., yields his facile pen with good intentions, but loses his consistency by condemning in one that which he palliates in another. If Governor Nicholls could accept material aid to save his sinking political fortunes, he could certainly have accepted from the same source a donation for the distressed. "B's" tribute to the Legislature of Louisiana should be lithographed for a legacy to the posterity of the representatives of the State. In chaste language he proclaims them "golden mouth orators" who softly shaded vice with virtue at the touch of wicked, gambling gold.

Is it possible we all have a "price"—or is "B's" imagination a little vivid? I like "B's" candor and outspoken sentiments, and while we are together against gambling we separate too soon. He is a kind of a one-eyed and one-idea writer, who can see only one objective. His objection is the Louisiana State Lottery, which, in comparison with other gambling associations, is really insignificant.

The Cotton and Produce Exchanges are the greatest legally christianized gambling institutions in the world. Tell me why I can't carry my cotton to New Orleans and sell it? I made it by the sweat of my brow, and should have the right to sell it anywhere in the world. But not so. The shades of the Cotton Exchange fall around me, and by a law of their own I must employ some one to sell it for me. Here is where I am forced to play and gamble to pay. All must admit that these Exchanges are the most stupendous gambling institutions in the world, yet the gambling is very respectable, and condoned by the most righteous, because none but the rich are able to play.

Ask some of the prince merchants of Alexandria about the losses and gains of futures. I don't think I would be wrong in asserting that the preferred stock of these Exchanges are about as valuable as that of the Lottery Co.

Now, if "B" is really in earnest to squelch all gambling institutions let him go for all and I am with him. Gambling in Lottery tickets is entirely voluntary, and very much like marrying the second time to get even—it is the same old story, the more you put down the less you take up.

"B" is wild at the idea of the Lottery Company having equal constitutional rights with juries. It is a compliment to the just dealings of the Lottery in comparison with the justice rendered by same juries, then I separate myself from all hopeful anticipations, and do hereby and herein promise never again to purchase another Lottery ticket. It is true the Lottery money is gambling money but nevertheless it goes a long way in charity, and the most fastidious optimist, peering through lens of the most moral perfection fails to develop flies upon it.

The Lottery Company is certainly more liberal than the Pharisee of old—at least, there is this difference, we sometimes know how much the Lottery gives, the Pharisee kept his secret. Now, "B," my dear good man, don't you think, after mature deliberation, that you are a little Pharisaical yourself? You put your flat down heavily, with no little dogmatism in impressing your convictions; your buglers sound Phar—see. Then with an utterance as soft as the wings of the morning zephyr and as redolent as the perfume of the valley, with honesty of conviction as pure as an angel's dream, you slip to your dissenting friend Sad—yousee. The right of opinion is personal, the right of justice universal. "B" talks about enduring war, pestilence, famine, hunger and nakedness rather than the Lottery should exist. Now, I wonder if he was old enough to engage in our late little unpleasantness. I think not, for he certainly could not mean what he says if he had taken part. This at least is a gushing impulse of love for Louisiana and erring humanity, and I am willing to confess that I believe his heart is in the right position and warm enough for his mad undertakings. I wonder if he is married.

Now, my dear "B," you can suffer hunger and go naked on account of the Lottery Company, but rather than accept such punishments I, as thousands of others will do, will tolerate the Lottery. It really appears to the thoughtful that any one who would immolate themselves under so many jaggerant wheels on account of the wickedness of others, would stand but the shadow of a chance before an expert upon insanity and the most charitable conclusion would be—drifting upon the intolerant wave of religious fanaticism.

Oh, spirits of departed patriots! who died for liberty and separation of religion and State, descend from your celestial sphere and witness the eleven Methodist churches of New Orleans, marshalled and led by the Rev. Mr. Carridine, to political battle. Is it possible there are no individual sinners to save, and that nothing is now left for the divines except to enter the political arena, to purify and sanctify the laws of the land?

No, no, let not the ministry be dragged from their lofty position to be besmeared in secular slums. Let not the Church be contaminated with apostate sin, and her robes of purity be defiled and polluted in political strife. No, dear kind divines, watch well your holy mission and keep your sacred altars ablaze with that fire of love descending from on high, which alone can save and redeem fallen man.

THE FLOWERS THAT BLOOM

In the Spring, fragrant and fresh in their vernal beauty, are welcome indeed after Winter's long and cheerless reign. The birds also, with their merry roundels, balmy breezes, the ruffling brooks, and the far reaching meadows robed in velvet green—all these charm every sense and fill the soul with gladness. But there is something that is more welcome in Spring than flowers and birds and brooks, running brooks and meadows green, and that is a medicine that will gently purge and cleanse the blood of the fatty and noxious impurities that have collected in it during the Winter, and leave it pure and wholesome and in proper condition for a long hot spell. Such a medicine is Pe-ru-na, the great blood purifier and tonic. Take it in the Spring and tone your system. It will fortify you against the most debilitating effects of the heat. Don't forget Man-in, also, for your bowels. \$1 a bottle each. For sale by Henry St. John.

Dr. Davis' Compound Syrup of Wild Cherry and Tar. Has made a name and record in the past fifty years that is enviable. Thousands of people having tried it for coughs, colds, catarrh, asthma, bronchitis and consumption know its value, and would not be without it. Why? Because it cures where other remedies fail. We recommend it for children subject to croup and whooping cough. It will give relief and cause speedy cure. The medical profession frequently prescribe it for lung troubles. These facts have pushed Davis' Wild Cherry and Tar to the front rank. It is the best remedy for coughs, colds, all throat and lung affections, and no family should be without it. One dollar bottles hold two and a half times as much as a 50c. bottle.
