PLOOD POISON.

A destructive agent, that, like fire, consumes and annihilates life.

Is there a single particle of blood poison in your veins? Beware! Like the devouring flame, it increases in force and leaves only destruction in its track. Toison in the blood is due sometimes to contagion. Sometimes it is inherited. It ruins health, no matter from which source it springs. It feeds in a horrible manner on the flesh, and devastates every organ of the body. Pitiable in the extreme would be the condition of that man awaiting death from the effects of scroftla. would be the condition of that are the ing death from the effects of scrofnia, syphilis, deep-seated ulcers, rottening of the bones, sloughing of the flesh, aching

BAD BLOOD

joints, etc., were there no salvation for him. But there is; for, although these conditions continue to grow worse if neglected, he nevertheless can be saved to a life of usefulness, and every trace of blood poison can be eliminated from his system and he be made safe from further suffering, and his posterity insured against the possibility of a fearful heritage, easily and quickly, if he will only use that intallible satisfacts for blood poison, Dr. John Bull's Earsaparilla. It contains just such ingredients as nature has provided for cleansing the blood of every impurity, for restoring strength to the digestive processes, for assisting in the correct assimilation of natrition and building up new tissue. Try it when other remedies have failed. It has never and never will disappoint any one. J. B. Morse, Clinton, Ind., writes:

MADE PURE.

"I was for many years affected with consequence blood polson. Portions of my flesh seemed to be fairly putrid and mortifying. My hair fell out, and I was an object of repulsion to every one. My breath smelled horrible, and I had estarrh so fearfully bad that pieces of frontal bones rotted and came out say nostrils. I lost the sense of insteemd and smell. I became a veritable bug of bones, and weighed only eighty-nine pounds. I could hardly sleep from pain, and was so weak I could hardly walk. The doctors said I could not live many months. A drugglest persuaded me to try Dr. Bull'so farsaearilla, and strange as it may seem, that semedy saved my life and brought me back to health. I now weigh 189 pounds, am free from pain and sores, and although have deep scars where sores were, I consider myself in excellent health."

spasms. Remove the worms at once with Dr. John Bull's Worm Destroyers.

see My wife had chills and fever for nearly a year. At last Smith's Tonic Syrup broke them up, and I now prescribe it in my practice.—Dr. A. W. Travis, Siter Lake, Kas.
