VOL. I. NO. 13.

WASHINGTON, D. C., FRIDAY EVENING, APRIL 30, 1847.

PRICE ONE CENT.

PUBLISHED DAILY,
N. E. CORNER OF SECOND STREET AND PENNSYLVANIA
AVENUE, OPPOSITE THE DEPOT.
BY CHARLES H. FENTON.
TERMS OF THE DAILY NATIONAL WHIG.—To subscribers, SIX AND A QUARTER CENTS PER WEEK, payable to the CARRIER, to whom alone they are responsible.
When sent by mail the terms are \$4 for twelve months, \$2 for six months, \$1 for three months.
THE WEEKLY NATIONAL WHIG, Two Dollars per annum, invariably in advance.

THE NATIONAL WHIG.

The National Whig will be what its name indicates. It will speak the sentiments of the Whig Party of the Union upon all the questions of public policy now before the country and to come before it.

It will advocate the election of
MAJOR GENERAL ZACHARY TAYLOR,
of Louisiana;
the Hero of the Rio Grande, Monterey, and Buena Vista, to the next Presidency, for which we believe he has already been nominated by acclamation in the hearts of his grateful countrymen: But while we advocate the election of him who has proved himself to be the greatest Captain of his age in a series of battles without parallel in the annals of warfare, and who, in his despatches has exhibited a power of intellect and soundness of judgment unsurpassed in the history of the human mind, we freely throw open our columns to the discussion of the merits, by their friends, of the other many eminent men of the Whig party whose names have been associated with the Presidency. And while General Taylor is our choice for the Presidency, whom we believe to be the only power capable of preventing the secession of any State by the first gift in his choice as a token of their appreciation of his true greatness, we shall be guided by the voice of the great Whig party of which we are but a humble member, and, if it should, in the course of events, be ordered that any other person than the man of our preference shall be selected as our candidate, we shall yield him our cordial support.

The National Whig will attack at every assailable point, and ceaselessly, all the measures of the present administration of public affairs which shall be deemed to be adverse to the interests of the country, and will expose without fear or favor the corruptions of the party in power.

The columns of the National Whig will be open to the pens of every Whig in the country for the discussion of the great political and other questions of the day, and to every Democratic pen, too, interested in enlightening the public mind respecting the corruptions and imbecility of the men to whom in an evil hour, the Democratic party intrusted the power of the Government.

CONSUMPTIVES, remember that it is **Thomson's Compound Syrup of Tar and Wood Naphtha**, which is daily effecting such remarkable cures in pulmonary consumption, asthma, bronchitis, spitting blood, pain in the side and breast, sore throat, hoarseness, palpitation of the heart, whooping cough, croup, nervous tremors, hives, liver complaint, diseased kidneys, &c.

Therefore beware of all spurious mixtures of Tar or Naphtha, and purchase of the advertised agents only.

ANOTHER WONDERFUL CURE!

PHILADELPHIA, April 9, 1846.
Last August a year, I caught a violent cold, in consequence of getting wet in a shower of rain. A circumstance so common gave me no immediate concern, supposing that I should soon get rid of it. On the contrary, however, I daily grew worse; a violent cough set in, then pain in my breast and my shoulders. I now suffered great oppression from the great secretion of purulent matter in my lungs. I became greatly alarmed; and my friends considered my situation extremely critical, the more so as I lost my appetite, hectic fever, and night sweats rendered me as weak as a child, and at night the sweat literally poured off me! This was my condition when I commenced using "Thomson's Compound Syrup of Tar and Wood Naphtha." I procured one bottle, and experienced so much benefit that I resolved to continue it. It is now six months since I ceased using the medicine, and the cure remains perfect. I firmly believe this medicine is far superior to every other remedy for Consumption of the Lungs.

J. J. CHAMBERLAIN, No. 8, Carberry street. Affirmed and subscribed this 9th day of April, 1846, before me.

JOHN SWIFT, Mayor of Philadelphia.

This invaluable remedy is prepared only by Angney & Dickinson, (successors of S. F. Thomson) Philadelphia.

CONSUMPTION.

LOUIS FONTAIN, JR., partner of the firm of Fontain & Son, Chemists and Prescriptionists to the Royal University, Paris, has established at Washington city, D. C., a depot for the sale of the above celebrated compound, at Wm. Adam's Bookstore, No. 3, Elliott's Buildings Pennsylvania Avenue, near Jackson Hill, which they offer to the American public as a rare antidote for Consumption, in its advanced as well as incipient stages. Acting directly upon the LUNGS, and arresting their decay, it not only soothes and quiets at once the distress and pain attendant upon this heretofore regarded fatal disease, but restores the lungs and their sympathizing organs, to natural and healthy action. Accompanying each package are general instructions and directions (translated) for its use, adapted to all cases, and if strictly followed, will not fail, in every instance—if the lungs are not wholly consumed—of restoring to health which may be permanently secured by future care and avoiding too much exposure to atmospheric changes.

LOUIS FONTAIN.

Price, eight Francs.

For the information of persons residing in the interior; any part of the government—he would state that the remedy is prepared and imported direct from their Laboratory, Paris, and that the same can be transported through mail, as he is advised by officers from the Post-Office Department, to any post office in the country, at the same charge as for a double letter. Any persons, therefore, residing distant from this city, who may wish to avail themselves of the remedy, can do so by addressing him through the mail, post paid. Two dollars accompanying an order, will entitle a person to one whole and one third package.

LOUIS FONTAIN.

COLLETON BITTERS

THESE Bitters are purely a vegetable compound, and are offered to the public on principle of benevolence, under the fullest conviction that they will be found a safe and sovereign remedy for Dyspepsia. They have been triumphantly tested, not only by some of the most respectable families and physicians in the State of South Carolina, who have furnished ample testimony as to their decided excellence, but also by the proprietor, who, for ten years, suffered all the gloom incident to that stubborn and distressing disease.

They possess the peculiar excellence, denied to most other Bitters, of not proving injurious by continued use. They contain not a single deleterious ingredient, and, as seen from the directions which accompany each bottle, may be given with entire safety to an infant in the month.

LOUIS FONTAIN.

COLLETON BITTERS

With pleasure, and for the benefit of mankind, I send you a certificate relative to the Colleton Bitters.

In the year 1838, when the cholera was in Charleston, S. C., I was compelled to send a servant to the city. On his return, he was suddenly attacked with most violent pain in his bowels, so much so as to cause apprehension that he would expire in a short time, if medical aid could not be procured. I immediately resorted to the Colleton Bitters, by giving a wine glass full at a dose. In the course of a very short time it acted as an emetic, and throwing him at the same time into a profuse perspiration. I then continued to give it in small doses, from two to three tea spoonfuls, which resulted in a happy recovery. Since then I have been using it constantly in my family, in cases of cholera morbus, cholera infantum, diarrhoea and general debility, and in every instance found it highly beneficial. Some constitutions, however, require much larger doses than others.

JOS. D. JENKINS.

Bluffton, S. C., 1846.

It is with feelings of gratitude as well as pleasure that I take this method of giving my testimony of the great estimation which I entertain for your invaluable compound. In justice not only to the medicine, but for the benefit of others who may be suffering from the same malady, Dyspepsia, with which I was for years afflicted, I feel it a duty incumbent on me to state that I am now restored to perfect health. When I commenced taking the Colleton Bitters it was as a last resort. My debility from indigestion was so great that a cure was looked upon as almost hopeless. After taking it regularly and perseveringly for some time, my strength and digestive powers were entirely restored. I have never taken a single dose of any other medicine for more than five years past. I can now eat the richest food without any unpleasant feelings whatever. I have also used Colleton Bitters freely in my family for cholera infantum, cholera morbus, general debility, and as a tonic after fever, with great success. As a family medicine I deem it invaluable, and do conscientiously recommend it.

HANDBILLS, &c.

Neatly printed at the Office of the Nat. Whig.

Dr. Christie's Galvanic Rings and Magnetic Fluid.

THIS remarkable invention, which has received the almost universal approbation of the medical profession of Great Britain, comprises an entirely new application of Galvanism, as a remedial agent by means of which the ordinary Galvanic Batteries, Electric and Magnetic Machines, &c. are entirely dispensed with, and the mysterious power of Galvanism applied without any of the objections which are inseparable from the general mode now in use.

The Galvanic Rings have been used with entire success in all cases of rheumatism, acute or chronic, applying to the head, face, or limbs; gout, sciatic, toothache, bronchitis, vertigo, nervous or sick headache, indigestion, paralysis, palsy, epilepsy, fits, cramp, palpitation of the heart, apoplexy, stiffness of the joints, spinal complaints, lumbago, neuralgia, nervous tremors, dizziness of the head, pains in the chest and side, general debility, deficiency of nervous and physical energy, and all nervous disorders.

In cases of confirmed dyspepsia, which is simply a nervous derangement of the digestive organs, they have been found equally successful. Their extraordinary effects upon the system must be witnessed to be believed, and as a certain preventive for the preceding complaints they are equally recommended. The rings are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience. In fact, the sensation is rather agreeable than otherwise.

THE GALVANIC BELTS, BRACELETS, BANDS, GARTERS, NECKLACES, &c. &c.—These articles are adapted to the waist, arms, wrists, limbs, ankles, or any part of the body with perfect convenience. The Galvanic Necklaces are used with greater benefit in cases of bronchitis or affections of the throat generally; also, in cases of nervous deafness; and with almost uniform success as a preventive for apoplexy, epileptic fits, and similar complaints.

CHRISTIE'S GALVANIC STRENGTHENING PLASTERS—These articles form another valuable application of the mysterious influence of Galvanism. They are an important adjunct to the genuine Galvanic Rings and their modifications, acting upon the same principle, but having the advantage of more local application. They are confidently recommended as a valuable addition in the speedy cure of rheumatism, acute or chronic; in all nervous complaints, and as a positive remedy in cases of pain and weakness in the chest or back, pain in the side, in asthmatic affections, and in weakness or oppression of the pulmonary organs. In spinal complaints their effects are of the most decided character, and they have often been used with complete success. They are also of the greatest advantage in pains and weakness of the breast, and are highly recommended for many of those complaints to which females are especially liable. As an effectual means for strengthening the system when debilitated with disease and other causes, as a certain aid in constitutional weakness, and as a preventive for colds, and in all affections of the chest generally, the Galvanic Strengthening Plasters will be found of great and permanent advantage.

CAUTION. The celebrity and success of these articles have caused them to be imitated by unprincipled persons. Dr. Christie cautions the public against spurious imitations. He has but one authorized agent in each city of the Union, where the genuine articles can be procured. The only agents for Washington are—

M. H. STEVENS & EMMONS,
Nos. 1 and 2 Brown's Hotel, Penn. avenue.
Explanatory pamphlets, &c. may be had gratis, with the strongest testimonials of success and benefit.

CHAUNCEY WARRINER has recently added to his facilities for manufacturing parts of Watches that may be required, by instruments for that purpose; and having obtained knowledge of Watch Repairing by practice in Boston, New York, Philadelphia and elsewhere, will be able to attend to whatever may be offered in this department of mechanics.

Chronometer, Duplex, Lever, Lepine, and Repeating Watches, accurately repaired; also, Common Watches and Mantel and Eight-day Clocks put in order, north side Pennsylvania Avenue, between Fourth and Sixth streets, on the corner of the alley east of Coleman's Hotel, sign of the Watch with Guard-Key and Chain and Models representing the exterior of a self-registering Meteorological Observatory.

The above location is in part occupied by STEPHEN EDDY, who deals in the American manufactured Patent Improved Periscope Spectacle Lens, an instrument evidently destined to supersede all other aid to the human vision; judging from testimonials of their superior properties over other lenses, it will only be necessary to refer to observation and facts to establish for them a far higher character for usefulness than has hitherto been attained by the efforts of art and science.

S. Eddy also deals in Jewely, fine Watches, Silver Ware, Biow's and other Gold Pens.

The public are respectfully invited to call, particularly those afflicted with defective sight—nothing so desirable as its preservation and improvement—a little attention in the selection of glasses will accomplish the one, in some instances both. It is highly important to see clearly.

Jewelry repaired, and all kinds of Gold and Silver Work made to order. Old gold and silver bought.

THE suggestion of many of the most respected citizens of Washington, and in accordance with the sense of Government, that a commodious and genteel place of resort for general refreshments might be established on the plan of some of the most celebrated Northern and Eastern Restaurants, the extensive establishment known as the Fronting the Unitarian Church, and in rear of Coleman's Hotel, has been refitted and furnished for the purpose, and the Saloons are now announced as being ready for the reception of company, with a full supply of choice Game, Oysters, and every delicacy of the season.

A separate entrance to the establishment will introduce ladies and gentlemen to reserved Saloons, where they will meet with the most respectful attention, and parties may depend at all times on being served with promptitude and at moderate charges.

The style in which these Saloons are fitted up, and the manner in which the friends of the establishment and the public will be served, it is confidently believed, will be satisfactory.
