ANOTHER WONDERFUL CURE!
PHILADELPHIA, April 9, 1846.

Last August a year, I caught a violent cold, in consequence of getting wet in a shower of rain. A circumstance so common gave me no immediate concern, supposing that I should soon get rid of it. On the contrary, however, I daily grew worse; a violent cough set in, then pain in my breast and between my shoulders. I now suffered great oppression from the great secretion of purulent matter in my lungs. I became greatly alarmed; and my friends considered my situation extremely critical, the more so as loss of appetite, hectic fever, and night sweats rendered me as weak as a child, and at night the sweat literally poured off me! This was my condition when I commenced using Thomson's Compound Syrup of Tar and Wood Naphtha. I procured one bottle, and experienced so much benefit that I resolved to continue it. It is now six months since I ceased using the medicine, and the cure remains perfect. I firmly believe this medicine is far superior to every other remedy for Consumption of the Lungs. J. J. CHAMBERLAIN, No. 8, Carberry street. Affirmed and subscribed this 9th day of April, 1846, before me.

John Switzer, Mayor of Philadelphia. This invaluable remedy is prepared only by Angley & Dickinson, (successors of S. P. Thomson) Philadelphia.

Sold also by Charles Stott, Washington, B. Rush Roberts, corner Baltimore and Hanover streets, Baltimore; Duval & Purcell, Richmond, Virginia. Price 50 cents, or six bottles, \$2 50. Avoid all pretended imitations.

RESTORATIVE FRANCAISE.
CONSUMPTION.
LOUIS FONTAIN, Jr., partner of the firm of Fountain & Son, Chemist and Prescriptionist to the Royal University, Paris, has established at Washington, D. C., a depot for the sale of the above celebrated compound, at Wm. Adams' Bookstore, No. 4, Elliott's Buildings, Pennsylvania Avenue, near Jackson Hall, which they offer to the American public as a sure antidote for Consumption, in its advanced as well as incipient stages. Acting directly on the LUNGS, and arresting their decay, it not only soothes and quiets at once the distress and pain attendant upon this heretofore regarded fatal disease, but restores the lungs and their sympathizing organs, to natural and healthy action. Accompanying each package are general instructions and directions (translated) for its use, adapted to all cases, and if strictly followed, will not fail, in every instance—if the lungs are not wholly consumed—of restoring to health which may be permanently secured by future care and avoiding too much exposure to atmospheric changes.

Price, eight Francs.
For the information of persons residing in the interior, any part of the Government, he would state that the remedy is prepared and imported direct from their Laboratories, Paris, and that the same can be transported through mail, as he is advised by officers of the Post Office Department, to any post office in the country, at the same charge as for a double letter. Any persons, therefore, residing distant from this city, who may wish to avail themselves of the remedy, can do so by addressing him through the mail, post paid. Two dollars accompanying an order, will entitle a person to one whole and one-third package of the RESTORATIVE FRANCAISE.
LOUIS FONTAIN.

COLLETON BITTERS
These Bitters are purely a vegetable compound, and are offered to the public from a principle of benevolence, under the fullest conviction that they will be found a safe and sovereign remedy for Dyspepsia. They have been triumphantly tested, not only by some of the most respectable families and physicians in the State of South Carolina, who have furnished ample testimony as to their decided excellence, but also by the proprietor, who, for ten years, suffered all the gloom incident to that stubborn and distressing disease.

They possess the peculiar excellence, denied to most other Bitters, of not proving injurious by continued use. They contain not a single deleterious ingredient, and, as seen from the directions which accompany each bottle, may be given with entire safety to an infant in the month.

With pleasure, and for the benefit of mankind, I send you a certificate relative to the Colleton Bitters.

In the year 1838, when the cholera was in Charleston, S. C., I was compelled to send a servant to the city. On his return, he was suddenly attacked with most violent pain in his bowels, so much so as to cause apprehension that he would expire in a short time, if medical aid could not be procured. I immediately resorted to the Colleton Bitters, by giving a wine glass full at a dose. In the course of a very short time it acted as an emetic, and throwing him at the same time into a profuse perspiration. I then continued to give it in small doses, from two to three tea spoonfull, which resulted in a happy recovery. Since then I have been using it constantly in my family, in cases of cholera morbus, cholera infantum, diarrhoea and general debility, and in every instance found it highly beneficial. Some constitutions, however, require much larger doses than others.

J. D. JENKINS,
Blifton, S. C., 1846.

It is with feelings of gratitude as well as pleasure that I take this method of giving my testimony of the great efficacy of the Colleton Bitters, an invaluable compound. In justice not only to the medicine, but for the benefit of others who may be suffering from the same malady, dyspepsia, with which I was for years afflicted, I feel it a duty incumbent on me to state that I am now restored to perfect health. When I commenced taking the Colleton Bitters it was as a last resort. My debility from indigestion was so great that a cure was looked upon as almost hopeless. After taking it regularly and perseveringly for some time, my strength and digestive powers were entirely restored. I have never taken a single dose of any other medicine for more than five years past. I can now eat the richest food without any unpleasant feelings whatever. I have also used Colleton Bitters freely in my family for cholera infantum, cholera morbus, general debility, and as a tonic after fever, with great success. As a family medicine I deem it invaluable, and do conscientiously recommend it.

Dr. Christie's Galvanic Rings and Magnetic Fluid.

This remarkable invention, which has received the almost universal approbation of the medical profession of Great Britain, comprises an entirely new application of Galvanism, as a remedial agent by means of which the ordinary Galvanic Batteries, Electric and Magnetic Machines, &c. are entirely dispensed with, and the mysterious power of Galvanism applied without any of the objections which are inseparable from the general mode now in use.

The Galvanic Rings have been used with entire success in all cases of rheumatism, acute or chronic, applying to the head, face, or limbs; gout, neuralgia, toothache, bronchitis, vertigo, nervous or sick headache, indigestion, paralysis, palsy, epilepsy, fits, cramp, spasm of the heart, apoplexy, stiffness of the joints, spinal complaints, lameness, neuralgia, nervous tremors, diarrhoea of the bowels, pains in the chest and side, general debility, deficiency of nervous and physical energy, and all nervous disorders. In cases of confirmed dyspepsia, which is simply a nervous derangement of the digestive organs, they have been found equally successful. Their extraordinary effects upon the system must be witnessed to be believed, and as a certain preventive for the preceding complaints they are equally recommended. The rings are of various prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience. In fact, the sensation is rather agreeable than otherwise.

THE GALVANIC BELT, BRACELETS, BANDS, GARTERS, NECKLACES, &c. &c.—These articles are adapted to the waist, arms, wrists, limbs, ankles, or any part of the body with perfect convenience. The Galvanic Necklaces are used with greater benefit in cases of bronchitis or affections of the throat generally; also, in cases of nervous deafness; and with almost uniform success as a preventive for apoplexy, epileptic fits, and similar complaints.

Christie's Magnetic Fluid is used in connexion with the Galvanic Rings, and all their modifications. This composition has been pronounced by the French Chemists to be one of the most extraordinary discoveries of modern science. Full explanations and directions accompany it. The combined inventions are in every way perfectly harmless; they are at prices within reach of all, and the discoverer only requests a fair trial, as a test of their surprising efficacy and permanent benefit.

CHRISTIE'S GALVANIC STRENGTHENING PLASTERS.—These articles form another valuable application of the mysterious influence of Galvanism. They are an important adjunct to the genuine Galvanic Rings and their modifications, acting upon the same principle, but having the advantage of more local application. They are confidently recommended as a valuable addition in the speedy cure of rheumatism, acute or chronic; in all nervous complaints, and as a positive remedy in cases of paresis and weakness in the chest or back, pain in the side, in asthmatic affections, and in weakness or oppression of the pulmonary organs. In spinal complaints their effects are of the most decided character, and they have often been used with complete success. They are also of the greatest advantage in pains and weakness of the arms, and are highly recommended for many of these complaints to which females are especially liable. As an effectual means for strengthening the system when debilitated with disease and other causes, as a certain aid in constitutional weakness, as a preventive for colds, and in all affections of the chest, generally, the Galvanic Strengthening Plasters will be found of great and permanent advantage.

CAUTION. The celebrity and success of these articles have caused them to be counterfeited by unprincipled persons. Dr. Christie cautions the public against spurious imitations. He has but one authorized agency in each city of the Union, where the genuine articles can be procured. The only agents for Washington are—

CHAUNCEY WARRINER has recently added to his facilities for manufacturing parts of Watches that may be required, by instruments for that purpose, and having obtained knowledge of Watch Repairing by practice in Boston, New York, Philadelphia and elsewhere, will be able to attend to whatever may be offered in this department of mechanics.

Chronometer, Duplex, Lever, Lepine, and Repeating Watches, accurately repaired; also, Common Watches and Mantel and Eight-day Clocks put in order, north side Pennsylvania Avenue, between Four-and-a-half and Sixth streets, on the corner of the alley east of Coleman's Hotel, sign of the Watch with Guard-Key and Chain, and Models representing the exterior of a self-registering Meteorological Observatory.

The above location is in part occupied by STEPHEN EDDY, who deals in the American manufactured Patent Improved Porcelain Spectacle Lens, an instrument evidently designed to supersede all other aids to the human vision; referring from testimonials of their superior properties over other lens, it will only be necessary to refer to observation and facts to establish for them a far higher character for usefulness than has hitherto been attained by the efforts of art and science.

S. Eddy also deals in Jewels, fine Watches, Silver Ware, Brown's and other Gold Pens.
The public are respectfully invited to call, particularly those afflicted with defective sight,—nothing so desirable as its preservation and improvement,—a little attention in the selection of glasses will accomplish the one, in some instance both. It is highly important to see clearly.

Telegraph Offices open every day from eight o'clock, A. M. to seven P. M.; Sundays excepted.

N. B.—Persons availing themselves of the Baltimore and Washington U. S. Line of Telegraph, have their messages delivered immediately, within the limits of either city. A brief business letter, or inquiry in regard to friends, will not cost over twenty cents.

It is hoped the public will sustain the reduced rates, made by authority of the Postmaster General, the object being to test fully the capacity of the Government line of Telegraph.

By order of the Superintendent,
ALFRED VAIL, Assist. Supt.
Washington City Post Office,
in 24 story City Post Office.
