

TO INVENTORS.
PATENT AGENCY
AT
Washington City, D. C.
BY
WILLIAM P. ELLIOT,
FORMERLY OF THE PATENT
OFFICE.

THE SUBSCRIBER, for more than twenty years connected with the Patent Office, and for many years official Surveyor of the City of Washington, having relinquished all business connected with his Architectural, Engineering, and Surveying departments, in order to devote his whole time and attention to the service of Inventors, Patentees, and persons interested in Patents, and to establish a permanent Agency at the Seat of Government for the use and benefit of that important class of the community, offers his services to all persons desiring to make inquiries respecting the originality of Inventions, Discoveries, and the practice of obtaining Patents in the United States, and relating to all kinds of business required to be transacted at the Patent Office: such as making searches, and preparing papers and drawings for applicants for Patents, Caveats, Assignments, Agreements, amending Rejected Claims, and presenting them for re-examination; attending to Appeal Cases, Interfering Applications, and drawing up papers relating thereto, and to taking evidence respecting the originality of Inventions. He will also attend to making out petitions for the re-issuing, renewal, extension, and restoration of lost Patents; apply for Withdrawals, and for Patents for Additional Improvements and Designs; make Disclaimers, and procure copies of Patents, Deeds, Drawings, &c., and have them recorded. He will also superintend Commissions for taking testimony relating to Patents, to be used in the United States Courts in the several States. He will likewise attend to the drawing of Bills in Equity, in cases of Appeal, and attend to the cases at court; to giving opinions on the legality of Patents granted, and legal opinions on all other points touching Patent cases; to furnishing copies of decisions on points of law relating thereto; to explaining the practice of our courts in deciding Patent cases; and to all business of a legal character relating to Patents. In the discharge of the above named duties, the subscriber will be assisted by gentlemen of the highest legal attainments, and by artists of the first eminence.

The subscriber having (during a tour through Europe) made arrangements with able and responsible Agents in LONDON and PARIS, will attend to the procuring of Patents in ENGLAND and FRANCE, and will explain the practice of procuring patents in other Foreign Countries.

The undersigned offers his services to Agents and Applicants for Patents residing out of Washington, whose cases may have been rejected at the Patent Office, on account of defective claims, or the misapprehension of the Examiners, arising from obscure descriptions. In such cases he will make the required examinations and personal applications, and necessary amendments to the papers. His long experience in this branch of the business will enable him to give satisfaction. When it is known that many of the rejected claims might be carried through the office successfully, if properly presented and explained, the importance of this branch of the Agency will be duly appreciated.

The subscriber will also attend to procuring Models where required to be made from drawings of written descriptions. Also to having drawings done in Lithography.

His terms will be according to the nature and extent of the services to be performed. The usual retaining fee, however, of five dollars, will generally be expected in advance. The charge for making an examination will be about five dollars.

The other charges for the simplest cases will be as follows:

For preparing papers—viz: Petition, specification and oath	\$5 00
For preparing original drawings	5 00
Do. duplicate	5 00
For Agency fee	5 00

For complex cases the charges will vary from \$20 to \$100.

For integrity of character, persons unacquainted with the undersigned are respectfully referred to members and ex-members of Congress who have resided in Washington; and for qualifications he refers to his own works, (one of which is the design of the building in which the Patent Office is arranged), and to the annexed testimonial of an individual well known to the whole country, and to whom more than any one else, it is indebted for the present splendid establishment, and excellent code of laws relating to Patents, that reflect so much credit on his name.

Testimonial of the Hon. H. L. ELLSWORTH, Late Commissioner of Patents.
PATENT OFFICE, February 15, 1842.
Mr. WILLIAM P. ELLIOT, who has been formerly employed in the Patent Office as Draughtsman, &c., having established a Patent Agency in the City of Washington, I take great pleasure in recommending him as a gentleman worthy of confidence, and as being particularly qualified to take charge of any business requiring a knowledge of Mechanical Science, Progress of the Arts, and Patent Improvements. Mr. Elliot is also well acquainted with the practice of this Office.
HENRY L. ELLSWORTH.
Office directly opposite the Patent Office, corner of F and Eighth streets.

TEAS, TEAS.
Washington, D. C.
Agency of the New York CANTON TEA COMPANY.
THE OLDEST TEA ESTABLISHMENT IN AMERICA!
PRINCIPAL ESTABLISHMENT IN NEW YORK.
THE CANTON TEA COMPANY has been popularly known for many years. This is the largest and oldest Tea Establishment in America. The public have had full proof of their integrity and responsibility. But such has been the great and pressing demand for their TEAS of late, that they have been obliged to enlarge, to a great extent, their two principal establishments in New York, viz: 125 CHATHAM AND 163 GREENWICH STREETS.
They moreover possess facilities, in relation to the Tea Trade, in a very abundant degree, and doubtless superior to any other Tea Concern in America. Their scrupulous regard to all principles that tend to elevate the character of a large house, is well understood, and has already secured them a connection, probably, larger than all other Tea Establishments united, and they consequently are determined to sell TEAS purer, more fragrant, and perfect for the prices, in the aggregate, than any house in the world—China excepted.
They most zealously invite the attention of the inhabitants of WASHINGTON, D. C., to their Agency, where the following assortments are always on hand; and they feel no hesitation in stating that wherever a single trial is made, a very decided preference is given to the celebrated TEAS of the CANTON TEA COMPANY.
Reader, make the experiment!

TAKE NOTICE!—THE CANTON TEA COMPANY are the exclusive vendors of the superior Black Tea called "HOWQUA'S MIXTURE." They introduced it in America in 1840—and every other person or house professing to sell the same at all, much less at a lower price—deceive the unwary, as the public themselves will perceive, by comparing the spurious with the genuine "Howqua" vend by the Canton Tea Company.
Every package (in addition to its containing FULL WEIGHT, independent of the wrapper), bear the stamp of neatness and elegance, and the Teas therein are so thoroughly secured from light and air, that their quality and power will remain unimpaired in any climate.

LLOYD'S ROUGH AND READY SAND SOAP, AND TABLETS,
FOR CLEANSING, WHITENING, AND BEAUTIFYING THE HANDS.
H. LLOYD has ingeniously succeeded in inventing a Compound of such a delightful nature as to render the hardest and roughest skin soft, fair, and delicately white.
Ladies Riding, Gardening, or Painting, and Gentlemen Shooting, Hunting, Fishing, Cricketing, Rowing, &c., or any amusement or exertion prejudicial to the hands, will find the improved ROUGH AND READY WASH BALLS and TABLETS pleasingly efficacious in removing all hardness, stain, redness, and all other cutaneous disfigurement; preventing and rendering the skin soft, fair, and pliable.
From the nice combination of Balsamic ingredients introduced into the composition, they form a fine Creamy Lather, with the hardest of Sea Water, which renders them very desirable for Salt Water Baths. They produce the most softening and refreshing sensation, and will be found an excellent substitute for the Fleah Brush.
They are highly recommended to Captains of Ships, Merchants, and all who trade with foreign countries, as they will retain their virtue in any climate.
