DR. C. A. VAN ZANDT'S Health Restorer.

The Pills is a medicine which not only cures but prevents disease, capable of great relief, and equally calculated to be safely used for apparently small ones. We all know how dreadful and dangerous a seated bilious disorder is, and we are also well aware of the seeming insignificance of its first warnings or inefficiency. The individual suffering from slight pains in his chest, back, or stomach, or from occasional nausea, dull headache, extreme nervousness, sleeplessness, trifling privation of appetite, and other disagreeable visitations so commonly and foolishly looked upon as unimportant, may not know that these symptoms, treated so contemptuously, are the consequences of a diseased state of the liver, which if not remedied, will lead either to speedy death or a long train of unbearable ills which are known by the following names: Hypochondria, mania, dissipation, slow fever, epilepsy, asthma, dropsy, rheumatism, cholera, convulsions, nausea, nervousness, cramps, gout, pleurisy, jaundice, irritability, and violence, dyspepsia, hysteria, scurvy, foul stomach, dry coughs, glandular affections, colds, lingering sore throats, various disorganizations of the great intestine, strictures and spasmodic complaints internally, eruptions, shortness of breath, hemorrhoids, neuralgia, vital inflammation, flatulence, gastric fever, &c. Sometimes, too, there ensues an irregular action of the heart. Take these pills and suffer no more. WYATT & KETCHUM, 121 Fulton st., N. Y., General Agents; and sold by CHARLES STOTT, April 24-6mo.
