

The beggars has sustained considerable damage, the points of three of his fingers having been accidentally struck off by the sword of one of his companions; he is doing well, and is being carefully attended to. The animals were brought into camp and skinned this morning. Capt. Wyville, with a generosity corresponding with his bravery, has ordered the sum of 100 rupees to be distributed among the brave fellows who accompanied him in his expedition.—Bombay Telegraph.

Terrible Hurricane in Texas.

A correspondent of the *New Orleans Picayune*, writing from Yorktown, Texas, says:—On the 7th instant we were visited by a most terrible hurricane. The day had been exceedingly warm and sultry. Between four and five o'clock, P. M., a dense cloud rose in the southwest, accompanied with vivid flashes of lightning and heavy peals of thunder, giving evident signs of an approaching storm. Dense black volumes loomed up like the smoke of a furnace. The cloud soon separated into two parts—one part bearing steadily upon us, and the other part showing round to northeast, again tacked, and the two opening at right angles with each other, but both in the wildest fury. The rain fell in torrents so dense that we were unable to see but a few paces, and so violent was the wind that our houses failed to protect us from the rain, which was forced through every crevice, until the inmates of every house were perfectly drenched. Then came the hail with such a hurled din that we could hardly hear the yells of women and children, who the while, were screaming at the top of their voices. The storm continued some twenty or thirty minutes. A carriage which was left standing in the streets was capsized and broken to pieces, catching the horse under and the poor animal was well nigh drowned before he could be relieved. One dwelling was lifted from its blocks and put down without being injured, and a stable blown over. Trees were twisted off and torn up by the roots, fences scattered in every direction, and gardens and corn fields were ruined by the hail. One mile north of us two houses were demolished, and two miles north one large frame house was lifted from the blocks and carried some fifteen or twenty feet, the piazza torn off and the doors burst out. In all these buildings there were large families residing, but the men being from home, the females, with their children, had taken refuge in the kitchen, so that no person was injured so far as heard from. The stage from Victoria, when near this place, was capsized and broken, and the leaders stamped. The news reached us just after the San Antonio stage arrived, which was immediately driven down and brought up the passengers and mail all safe, but severely drenched. We can not estimate upon the damage done the corn crop, which is beaten into the ground by the hail.

FEAR ACCIDENT.—A most frightful accident occurred on Wednesday morning, at a barn-raising on the farm of Mr. Christian Caswell, in Manor township, about four miles from Lancaster. While in the act of raising some heavy timber, part of that which had previously been put up gave way and fell on the men below, killing one man instantly, and injuring seven others, breaking their arms and legs, and otherwise mangle them dreadfully. Several of them are not expected to recover.—*Columbia (Pa.) Spy.*

ALLEGHENY MALE AND FEMALE SEMINARY.

This Institution is located at Rainburg, Bedford county, Pa., 10 miles from Bedford and 8 miles from the celebrated Mineral Springs. Being situated in a pleasant and retired village, free from many of the alluring vices that so often corrupt the minds of youth, and in the midst of one of the most healthy portions of the State, we trust it will receive the liberal patronage its friends have anticipated. It will be under the charge of the Rev. JOHN TOLLOCK, of the M. E. Church, a gentleman who has been for a number of years engaged in teaching, and whose recommendations from abroad, as well as his high style of teaching he is exhibiting in this place at present, fully satisfy us that he is such a man as we need. He will be assisted by Mrs. E. E. Pollock as Preceptress, and such other teachers as the school may require. The year will be divided into two sessions of 22 weeks each. The first Session will commence on Tuesday, the 27th day of August next. Each session will be divided into two terms of 11 weeks, but without any vacation, as the school will be re-organized on the next day after the close of the first term of the session. It will be very important for students to be in attendance as near the beginning of the term as possible, in order to gain a thorough knowledge of elementary principles. Rates of Tuition will be as follows:—For common English, per term, \$3, to which will be added for higher branches, including higher Mathematics, each 25 cents. For each ancient or modern language, \$1 25. The entire amount of the above shall not exceed six dollars. Extra—Lessons on Piano, per term, \$10—Drawing and Painting of the different varieties from 2 to \$5—Vocal music, two lessons per week, \$1—Incidentals, 25 cents. Special attention will be given to those intending to engage in teaching, both by affording them a thorough drilling in the branches necessary to be taught, and by Lectures on the best methods of teaching and discipline. Board can be procured at various places in the village on the most reasonable terms. Conveyances will be in readiness at the stage office in Bedford on the day previous to commencement, between the hours of 4 and 5 P. M. for the conveyance of any that may not be otherwise provided for, free of expense. Arrangements will also be made for their return to the same place. JAMES A. COLEMAN, SAMUEL WILLIAMS, J. H. DICKEN, JOSEPH BECK, JOHN FILLER, Trustees. Rainburg, June 8, 1855.

Bedford Academy

AND FEMALE SEMINARY.
F. W. CAMPBELL, Principal.

This Institution, hitherto under the care of Rev. John Lyon, will henceforth be conducted by the present Principal. The past history of the Academy will, we trust, be a sufficient guaranty of its future efficiency. The branches taught will be the same as heretofore. To master vacillates will be considered the most important pursuit of the pupils; and while it will be the constant business of the instructor to impart knowledge, it will also be his aim to lead his pupils to make a practical application of their acquisitions. To load the mind with innumerable formulas, without causing it to use them, would be like placing a bow in a child's hand, without teaching him how to bend it. In fine, it shall be our object, as it has ever been, to lead the pupil to think.

We look forward confidently to the patronage of this community, which has thus far been so generously extended, and by an undiminished assiduity, we hope to merit your support.

Terms per quarter, as usual, to wit: CLASSICS, \$6 25 HIGHER ENGLISH, 5 00 MIDDLE " 4 50 ELEMENTARY " 4 00 MUSIC, 8 00 PIANO, 2 00 The Session opened on Monday, 12th inst. Feb. 16, 1855.

It has one of the best water powers in the United States, which may be known from the fact that during the last dry season it had abundance of water, when nearly every other mill in the neighborhood was stopped.
