**AYER'S PILLS.**  
FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as a safe and perfectly safe in its operation. This has long been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages of every other. This has been attempted here, and with that success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is unwholesome and irritating to the bowels. This is not. Many of them produce so much suffering and irritation in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation of the bowels, unless it arise from a previously existing obstruction or derangement of the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been specially cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor, and Loss of Appetite, Listlessness, Irritability, Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequences of derangement of the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Hemorrhoids, Scarcity and Scanty, Cold, and Stagnation of the bowels, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the digestive system, remove the cause of indigestion, and restore the strength and vigor of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand uses in which a physic is required cannot be enumerated here, but the directions on the box answer a better purpose than any thing which has hitherto been available for mankind. Where their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see wrapper on the Box.

**AYER'S CHERRY PECTORAL,**  
For the rapid Cure of  
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidence of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When a cough is tried, its efficacy over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate to what attribute to employ for the distressing and dangerous affection of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of Cough, Hoarseness, and so on, and for Children, it is the pleasantest and safest medicine that can be obtained.

As it has long been in constant use throughout this section, we need not do more than assure the people its utility is kept up to the best that it ever has been, and that the genuine article is sold by—
