**FAYETTE SPRINGS.**  
This highly agreeable and attractive Mountain resort, has been leased by the subscriber. New buildings for improvements, for recreation, amusement, and bathing, in process of erection during the past, will be ready for the accommodation of visitors the present season. The purifying healing properties of the waters of these springs have been fully tested by chemical analysis, and the experience of individuals proves their efficiency.

**THEY NEVER FAIL TO CURE**  
Scrofula and other diseases of the blood, by freely drinking the water, & eruptions by bathing and external applications of the deposit of the stream. These waters are chalybeate of iron, with portions of magnesia and salts. In addition to the elevated, healthful and pleasant mountain location of these Springs, they are in the midst of classic ground—wild, romantic and picturesque scenery—caverns, catacombs and cascades. Within a circuit of four or five miles are FOUR Necessities,

**Washington's First Battle Field.**  
Washington's Spring and Meadows, which he owned to the day of his death—Duntar's Camp—Braddock and Jumonville's graves—Delaney's Cave—Ohio Pyle and Cumbar Falls and the Cascades of Meadow Run—easy of access on horseback or on wheels; to be had at the Springs.—The streams and woods abound in trout and game, affording a rich field for the disciples of Walton and Nimrod.

Situate within five minutes walk of the National Road, with regular daily lines of stages passing East and West, connecting with Pittsburg Steamboats at Brownsville, and with the cars of Pittsburg and Connellsville Railroad at Connellsville, render these Springs convenient of access in a short day ride from Cumberland and Pittsburg.

The advantages of our location—our moderate charges, earnest desire and the exertions we will use to give entire satisfaction, and to make our guests comfortable, we hope will not fail to render the Fayette Springs one of the most popular and agreeable summer resorts in the country. The present lessee has been employed at the Springs during several seasons in the capacity of Superintendent, and he flatters himself that his experience in this and other public houses will not fail in being useful to himself, and in contributing to the comfort and pleasure of his patrons.

Persons wishing to engage rooms, or to make further inquiry will please address the proprietor at Fayette Springs P. O. or at Uniontown, Fayette County, Penna.

The hotel buildings will be opened for the reception of visitors on the 15th of June next, and kept open until the 1st of October. Passengers from Baltimore or Philadelphia reach the Springs in one day via Pennsylvania rail-road, the completion of the Broad-top Rail Road leaving but twenty miles of staging over a fine road. Mr. Willard, formerly of Washington city, and recently of the Barret House, Cincinnati, will superintend the Hotel. **Combined REAPER AND MOWER.**

Patented by J. H. MANNY, Sept. 22, 1851, April 12, 1852, June 21, 1853, March 29, 1854, Oct. 15, 1854, and by WALTER A. WOOD, 24th day of June and 1st day of July, 1856. The best combined MACHINE ever invented.

From the success of last year's operations I take pleasure in announcing this Machine to the Farmers for the next Harvest, and feel assured it will fully meet their highest expectations.—It is easily managed, cuts clean and easy, is of light draft, and readily changed from a Reaper to a Mower, and vice versa, requiring not more than a minute to make the change. The alterations from last year are as follows, viz:—

All the Journals will be Case-hardened, the SHOES, GUARDS AND GEARING, will be built of the best Salisbury Iron, and wrought iron substituted for cast in several places. The Machine is made to mow lodged clover without obstruction, by simply removing four bolts and leaving off a part of the frame work. With these alterations and improvements the machine will be stronger than heretofore, when it was the only reliable

**COMBINED REAPER AND MOWER made.**  
The Machine is warranted capable of cutting from ten to fifteen acres of grass or grain per day, in a workman-like manner.

N. B. Parties manufacturing Reaping or Mowing Machines, using WOODS' PATENTS, are cautioned against their further use, and are hereby notified that payment will be exacted to the full extent for the use heretofore made of them.

For further particulars the Farmers are respectfully invited to call upon Blymire & Hartley, Agents for Bedford County, Pa., who will furnish Pamphlets containing Certificates, &c.

Bedford, May 5th, 1857.  
Messrs. Blymire & Hartley:—  
Gentlemen:—I purchased one of Manny's Reaping and Mowing Machines last year. Its reputation being the highest, and having seen it cut grain to my entire satisfaction, I bought it after grain harvest. My hay was cut with it; and, from its admirable adaptation to the purposes intended—having fully recomended the representation—I am pleased to re-commend it to the farmers of Bedford County as an excellent Mower and Reaper, believing it fully worth the price asked as a Mower alone.
