**BLAIR COUNTY NORMAL SCHOOL & SEMINARY, MARTINSBURG, BLAIR CO., PA.**  
E. J. OSBORNE, A. B. J. W. DICKERSON, Principals.  
This institution will commence its first session with an able and experienced corps of instructors on Monday, Nov. 5th, 1856. No expense has been spared in making it thorough and complete in every department.  
The school building is constructed and furnished upon the most approved modern plans, and is one of the best in the State. It contains a hall capable of seating 500 students, with office, music rooms, sufficient for a school of 300 pupils.  
The school is located in a region of country unexcelled for its beauty and healthfulness, and is surrounded by a moral and industrious community.  
The distance to Cox Station, Huntington and Broad Top R. R. is six miles; to Hollidaysburg Station, Pa. R. R. 12 miles, with daily stages from the latter and tri-weekly from the former; thus rendering it easy of access from all parts of the country. The objects of the school are—  
1st. The Professional Training of Teachers.  
2nd. The thorough Education of young ladies and gentlemen in the English and Ornamental Branches.  
3rd. The preparation of Students for College.  
The teaching Class will meet daily for lectures on the Theory and Practice of Teaching, recitation from a standard work on the subject, or discussion of Methods of Teaching by the class.  
Students who desire to do so may prepare to enter the higher classes in college.  
Ladies will have a separate boarding house and will be under the immediate supervision of an experienced Preceptress.  
Instruction given in all the branches taught in the best Academies and Seminaries.  
Whole expense, (exclusive of Ornamental branches) for boarding, tuition, furnished rooms, room rent, and fuel, \$15.00 a year.  
For circular, with full particulars, address  
E. J. OSBORNE, or J. W. DICKERSON, J. C. EVERHART, Martinsburg, Blair Co., Pa. Oct. 12, 1856.

**ROHRER'S PRACTICAL CALCULATOR.**  
A Book of Plain Rules and Calculations for Business, Operation, by Martin M. Rohrer, Practical Surveyor and Conveyancer. New Edition, Published by J. B. Lippincott & Co., Philadelphia.  
This work contains 204 pages, and upwards of 500 Rules and Examples, entirely and thoroughly practical, such as arise every day in the common pursuits of Business. It has already passed through a number of editions in rapid succession, and is pronounced by all classes of business men to be the most useful and complete, pertaining to calculations, that has ever been published.  
Every example in the book is worked out in full and stated in a plain manner, so that when a particular case arises, those referring to the work, will find no difficulty in readily solving it; in a word the general arrangement of the Calculator is so simple, that any one who knows how to add, subtract, multiply, or divide, can easily solve every ordinary example that arises in business, or arrive at the result of any estimate required.  
The chief aim of the author has been to reduce theory and philosophy in figures, aiming only at facts and simplicity, believing that business men have little about spending time in discussing the philosophy of rules or the science of figures, seeing it sufficient for their purpose to be able at a moment, by reference, to arrive at the true result. The calculator differs in this respect from all other arithmetics of the day, and kindred works—it is a key to practical business calculations—it is, in the hands of the business man, what the key to mathematical works is in the hands of the teacher in the school-room—it facilitates time and insures correctness.  
THE WORK TREATS OF THE Measurement of Land, of Lumber, of Brick and Brick Work, of Stone and Stone Work, of Grain and Grain Bins, of Coal and Coal Bins, of Wood, of Solids, of Liquids, of Circular, of Square, or Irregular Vessels, of Cisterns and Vats, of Roofing, of Plastering, of Paints, of Glaziers, of Pavers, of Plumbers, of Paper Hangers, and Upholsters' Work. It treats of Currency and Foreign and Domestic Exchange, of the Decimal System, of Reduction and its extended application to Business, of Simple and Compound Interest, and their entire application to Business-transactions, with the laws and usages governing and regulating the same, together with numerous Commercial Forms—of Legal Tender, of Payments on Notes, of Banking and Bank Discount, of Equations of Payments and Partnership Account, of Assessment of Taxes, of Weights and Measures of Square and Cubic Measure, of the Square Root, and its application to Business, of Surfaces, of Excavation, and of many other important practical matters not within the scope of an advertisement to mention.  
Mailed (post paid) to any part of the United States upon receipt of the money. Price of a single copy, in Cloth, 60 cents, or two Copies for \$1.00. Bound in Pocket-book form, Morocco, \$1.50 per copy.
