

The Blood is Life. No more shall the poor sufferers in our country languish, their constitutions racked and torn by strong and dangerous mineral medicines; they will come to the fountain of health, found in simple herbs and roots from nature's storehouse. THE MOUNTAIN HERB PILLS, of innocent mountain plants composed, will reach and stop their distress, and cause the blood, renewed and cleansed, to carry through the body the elements of health; building up the broken constitution, and carrying life and health, where but for them would have been the wreck of hope—the feeble moan of suffering at last ended by the cold hand of death. Do not let prejudice overcome your better reason; do not look upon these Pills as only like others; do not let your despair, after trying everything else, prevent you from trying these. The blood must be pure, and then sickness is impossible. What a great and yet simple truth is this! It appeals to the common sense of all; it is the great key-stone of the healing art. JUDSON'S MOUNTAIN HERB PILLS will purify and cleanse it as sure as the sun will rise to-morrow. JUDSON'S MOUNTAIN HERB PILLS are sold by all Medicine Dealers.

**BEDFORD CLASSICAL INSTITUTE.**—THE 34th school year of this Institution will open on Monday, Sept. 24, 1861. Miss E. D. Ward will act as Ass't. teacher in English and as sole instructor in Latin, French, German, Drawing and Painting. Experience has convinced the Principal, that there is no thorough and masterly education even for the new English scholars without a drill in *outline drawing* (to which the first principles of the Perspective will be added.) How can the Diagrams of Geography, Natural Philosophy, Botany, &c., be thrown accurately upon the board, without previous training in Outline? This exercise is attainable, too, by impressing upon the mind a habit of precision and of the perception of proportion in all things. In the schools of Prussia the child is drilled in drawing from the moment it can hold a pen, and Horace Mann says, it is this early drill which imparts that skill and accuracy of which render the penmanship of the Prussian child, a model of legibility and elegance. In order to bring this invaluable accomplishment within reach of all, the Principal has resolved to charge but \$1, instead of \$8 or \$10, per quarter, as is usual, where it is taught as an extra. Every member of the school will be required to pursue the study from 16 to 20 minutes every day. The Principal would also desire to form the whole school, who have studied English Grammar, into a class in French at \$2 per Quarter. But this study is not made compulsory. It will however afford the most rare opportunity of pursuing, under an instructor who has studied French in Paris, and who is otherwise an accomplished scholar, a branch whose usual cost is \$8 or \$10 per quarter. No pupil will be received for less than one school year. Those who reflect, will doubtless appreciate the equity and necessity of this rule. Deduction will be made only in case of prolonged sickness, or of similar overruling Providence. Until the new School-House is ready for the reception of the school it will convene for a few weeks in the basement of the Lutheran Church, which is central for all.

**TERMS:**  
English Branches, \$5.00  
and Classics, \$2.50 per quarter.  
Drawing, (Elementary) 1.00 per quarter.  
French, 2.00  
Miss Ward will take private classes, out of school hours, in the following branches, at prices as follows:  
Drawing, \$5.00 each, per quarter.  
French, German, \$5.00 for 12 lessons.  
Crayon Drawing, \$5.00 for 12 lessons.  
Grecian and Painting, \$10 per quarter.  
Oil Painting, \$10 per quarter.

**NOTICE.**—Having debts of our own to pay, we respectfully call upon all persons, knowing themselves to be in our debt, to pay up. This notice is not intended for those of our friends who pay us promptly; but especially for a certain large class, who, having purchased our goods, never trouble themselves about paying for the same. Many of the latter having had the use of our capital so long, must really imagine they have a better right to it than ourselves. To this class we now say, in language which we hope they will not misunderstand, we want to see a portion of our means in their hands, to meet our own liabilities, and if kind invitations to PAY UP, avail not, we will try a harsher, though very unpleasant remedy, ere long.

**FINKLE & LYON SEWING-MACHINE CO.,** 538 BROADWAY, NEW-YORK. No person who contemplates purchasing a Sewing Machine for family or manufacturing purposes should fail to send for one of our Circulars, which contain full and complete descriptions of the several styles, prices and samples of work, all of which we send by mail free. We claim to have the BEST SEWING MACHINES IN THE WORLD For either Family or Manufacturing Purposes. And all we ask is a fair trial. Read the following: IMPORTANT FACTS. FACT No. 1.—This Company being duly licensed, their Machines are protected against infringing imitations or litigation. FACT No. 2.—These Machines make the lo-k-stitch— alike on both sides— and use a light-leather, and are much thicker than those of the chain or loop-stitch machines. FACT No. 3.—These Machines are better adapted than any other sewing machines in market to the frequent changes and almost endless variety of sewing required in a family. They will sew from one to eight thicknesses of Massell's cloth, without stopping, and make every stitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even stout, hard leather, without changing the feed, needle, or tension, or making any adjustment of machine whatever. It is not such a machine best adapted to family use, and it best adapted to family use, why not for every variety of light sewing manufacture? For work too heavy for our Family Machine, we recommend our larger sizes. FACT No. 4.—These Machines make the most elastic seam of any sewing-machine in use—a fact of great importance in sewing elastic goods, or goods of any kind, or a bias. FACT No. 5.—No Machine is more durable or more simple in its construction, or more easily understood. The reputation of these Machines wherever used will fully demonstrate each of the above facts. FACT No. 6.—These Machines took the Highest Premium at the Franklin Institute, Philadelphia. FACT No. 7.—These Machines took the Highest Premium at the New Jersey State Fair. FACT No. 8.—These Machines took the Highest Medal at the American Institute, in the City of New York, together with the Highest Premium for fine Sewing-Machine Work. FACT No. 9.—These Machines took both the Highest Premiums at the Mechanics' Fair, Utica. FACT No. 10.—These Machines can do the same thing generally, whenever properly exhibited in competition with other first-class Sewing Machines. But we have space for only one fact more—it is the most important fact of all. FACT No. 11.—We warrant every Machine we sell to give better satisfaction than any other Sewing-Machine in market, or money refunded. Send for a Circular. AGENTS WANTED. Address, Finkle & Lyon Sewing-Machine Co. No. 538 Broadway, New-York. Aug. 3, '61. 1 yr.

**FINKLE & LYON SEWING-MACHINE CO.,** 538 BROADWAY, NEW-YORK. No person who contemplates purchasing a Sewing Machine for family or manufacturing purposes should fail to send for one of our Circulars, which contain full and complete descriptions of the several styles, prices and samples of work, all of which we send by mail free. We claim to have the BEST SEWING MACHINES IN THE WORLD For either Family or Manufacturing Purposes. And all we ask is a fair trial. Read the following: IMPORTANT FACTS. FACT No. 1.—This Company being duly licensed, their Machines are protected against infringing imitations or litigation. FACT No. 2.—These Machines make the lo-k-stitch— alike on both sides— and use a light-leather, and are much thicker than those of the chain or loop-stitch machines. FACT No. 3.—These Machines are better adapted than any other sewing machines in market to the frequent changes and almost endless variety of sewing required in a family. They will sew from one to eight thicknesses of Massell's cloth, without stopping, and make every stitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even stout, hard leather, without changing the feed, needle, or tension, or making any adjustment of machine whatever. It is not such a machine best adapted to family use, and it best adapted to family use, why not for every variety of light sewing manufacture? For work too heavy for our Family Machine, we recommend our larger sizes. FACT No. 4.—These Machines make the most elastic seam of any sewing-machine in use—a fact of great importance in sewing elastic goods, or goods of any kind, or a bias. FACT No. 5.—No Machine is more durable or more simple in its construction, or more easily understood. The reputation of these Machines wherever used will fully demonstrate each of the above facts. FACT No. 6.—These Machines took the Highest Premium at the Franklin Institute, Philadelphia. FACT No. 7.—These Machines took the Highest Premium at the New Jersey State Fair. FACT No. 8.—These Machines took the Highest Medal at the American Institute, in the City of New York, together with the Highest Premium for fine Sewing-Machine Work. FACT No. 9.—These Machines took both the Highest Premiums at the Mechanics' Fair, Utica. FACT No. 10.—These Machines can do the same thing generally, whenever properly exhibited in competition with other first-class Sewing Machines. But we have space for only one fact more—it is the most important fact of all. FACT No. 11.—We warrant every Machine we sell to give better satisfaction than any other Sewing-Machine in market, or money refunded. Send for a Circular. AGENTS WANTED. Address, Finkle & Lyon Sewing-Machine Co. No. 538 Broadway, New-York. Aug. 3, '61. 1 yr.
