SHRINER'S BALSAMIC COUGH SYRUP. For Coughs, Colds, Croup, Whooping Cough, Asthma, Bronchitis, Spitting Blood, Pain and Weakness of the Breast, Difficulty of Breathing, &c.

THIS is a new remedy. It has been used for a number of years in Maryland and parts of Pennsylvania, and has, wherever known, acquired an unprecedented reputation for curing the various diseases for which it is recommended.

It is used by all classes of society, and the universal opinion is that it is good. This Syrup is purely Vegetable Compound. It is pleasant to take, and never does injury. But owing to its purifying qualities, must do good under any circumstances. Its effects are truly wonderful, soothing, calming, and allaying the most violent coughs, purifying, strengthening, and invigorating the whole system, calming and soothing the nerves; aiding and facilitating expectoration, and healing the DISEASED LUNGS.

Thus striking at the root of disease, and driving it from the system. This is the CROUP. This disease is announced by difficulty of breathing, shrill whistling or wheezing, hacking cough and threatened suffocation, &c. It mostly occurs in young children. No child need die of croup if this Syrup is properly used and used in time. Mothers having croupy children should watch the first show of the disease, and always keep this remedy at hand. If for coughs after measles this Syrup is most excellent. Experience has proven that it is equalled by no other preparation.

The price of the remedy is such as to place it within the reach of all, the poor as well as the rich, and every person should have it. Every person should have it in the house. It is a true and faithful friend to all who value their health and wish to secure themselves against that most terrible disease, consumption. It will be found the most useful as well as the cheapest family medicine in the world. It has been used for the last four years with a success without a parallel.

Price 40 cents per bottle, or three bottles for \$1.10. Prepared by S. A. FOUTZ & Bro. For sale by H. C. Reamer and B. F. Harry Druggists, Bedford, Pa. December 18, 1863.—1y.

FOUTZ'S CELEBRATED HORSE AND CATTLE POWDERS. THESE Powders have proved, after a trial of several years, to be superior to any preparation of the kind in use. The chief superiority of these Powders arises from the fact that they are composed of medicines that have LAXATIVE, TONIC and Purifying properties. The laxative ejects crudities from the stomach and intestines, the tonic gives strength to the system of the Horse, and the purifying medicines contained in them cleanse the blood, and lay the foundation for a vigorous and healthy constitution.

The use of them improves the wind, strengthens the appetite and gives the horse a fine, smooth and glossy skin—thus improving the appearance, vigor and spirit of this noble animal. These powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of being fat when not really so—but, to remove the disease and promote his general health. These powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure prevention of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glanders, Yellow Water, Distemper, Founder, Heavy Scurf, Scurf, Coughs, Fevers, Loss of Appetite and Vital Energy, &c.—These Powders, if used two or three times a week, through the winter and spring, your horse will never get the Lung Fever, Croup or Bots. A few doses of these powders will remove the worst cough on any horse. Worn owners of horses to feed a few of these powders every year, they might save the lives of many valuable horses.

MILK COWS. The properties this powder possesses in increasing the quantity of milk in cows, gives it an importance and value which should place it in the hands of every person keeping a cow. In fattening cattle, it gives them an appetite, lessens their hide, and makes them thrive much faster.

EGGS. In all diseases of the lungs, coughs, ulcers in the lungs and liver, &c., by putting from half a pound to a paper of these powders in a barrel of swill, the above diseases can be cured or entirely prevented. By using these powders the hog cholera can be prevented. Prepared by S. A. FOUTZ, Westminster, Md. For sale at the Drug Stores of Reamer and Harry, Bedford, Pa. Dec. 18, '63.—1y
