

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three tenths per cent. in interest, per annum, known as the

SEVEN-THIRTY LOAN.

These Notes are issued under date of August 15th, 1864, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent. GOLD-BEARING BONDS.

These bonds are now worth a premium of nine per cent., including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its exemption from State and municipal taxation, which adds from one to three per cent. more, according to the rate levied on other property.

The interest amounts to One cent per day on a \$50 note. Two cents " " " \$100 " Ten " " " \$500 " 20 " " " \$1000 " 30 " " " \$5000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN IN MARKET

now offered by the Government, an it is confidently expected that its superior advantages will make it the GREAT POPULAR LOAN OF THE PEOPLE.

Less than \$200,000,000 remain unsold, which will probably be disposed of within the next 60 or 90 days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscription to other loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par.

Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes to which they receive orders.

JAY COOKE, SUBSCRIPTION AGENT, Philadelphia.

Subscriptions will be received by the First National Bank of Philadelphia, and First National Bank of Huntington.

FOUTZ'S CELEBRATED HORSE AND CATTLE POWDERS.

THESE Powders have proved after a trial of several years, to be superior to any preparation of the kind in use. The chief superiority of these powders arises from the fact that they are composed of medicines that have Laxative, Tonic and Purifying properties. The laxative cruditates from the stomach and intestines, the tonic gives strength to the system of the Horse, and the purifying medicine contained in them cleanse the blood, and lay the foundation for a vigorous and healthy Circulation. The use of them improves the wind, strengthens the appetite and gives the horse a fine, smooth and glossy skin, thus improving the appearance, vigor and spirit of this noble animal.

These powders are not intended, as most powders are, to blast the animal, so as to give him the appearance of being fat when not really so—but, to remove the disease and promote his general health.

These powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure prevention of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glanders, Yellow Water, Distempers, Founder, Heaves, Scurvy, Coughs, Fevers, Loss of Appetite, and Wind Energy, and these Powders, if used two or three times a week, through the winter and spring, your horse will never get the Lung Fever, Cough or Bots. A few doses of these powders will remove the worst cough, and cure the Bots. Owners of horses to feed a few of these powders every year, they might save the lives of many valuable horses.

MILCH COWS. The proprietors of this powder possess in increasing the quantity of milk produced, given it an importance and value which should place it in the hands of every person keeping a cow. In fattening cattle, it gives them an appetite, loosens their side, and makes them thrive much faster.

HOGS. In all diseases of swine, as cough, ulcers in the lungs and liver
