SEYMOUR AND BLAIR: The People again in Council! Eloquent Speech of Col. Filler!

Another Seymour and Blair meeting was held in front of the Mengel House on Saturday evening last. It was a complete success. Notwithstanding the heat, the announcement that Col. Filler was on hand to do battle for the rights of the people, brought a large crowd together. A great many came to again hear Mr. Reynolds, who, we are sorry to say, was prevented by illness from speaking. The meeting was organized by the election of the following officers: - President: JAMES CESSNA, ESQ. (When Mr. Cessna reached the stand, three cheers were proposed and given for the old Democratic war-horse of Cumberland Valley.)

A horse belonging to Shoemaker & Barclay dropped dead in the road the other day from the heat. A certain Radical got enthusiastic on the street, the other day, to exclaim, "Raw for Grant and Cold Facts!" WILKES is betting on the success of Grant. He is backed by the Press correspondent in this place. Heavy, this hot weather.

BE VIRTUOUS and you shall be happy. Subscribe for the Gazette, pay for it in advance, and you shall have the printer's blessing. A Mr. Simmons, of La Crosse, walked eleven hundred miles in twelve days. We have never heard of such walking per-simmons before.

A Greensburg local says that the thermometer there was up to one hundred and forty eight! Mistake one where. Either the "local" or the thermometer must have been "on a high."

THE Radicals are circulating hundreds of copies of the Tribune and Press in this county. Go ahead, boys, you are doing a good work for us. The more that villainous staff you circulate, the greater our majesty will be. Versteht!

NEW GOODS received and opened at the Regulator's every few days - an evidence that Irvine sells the best of goods in his line of business, at short profits. GO AND SEE the stock of clothing at Berkstresses' before you make purchases elsewhere. Remember, it is now time to close out their summer stock at bargains to purchasers.

EXCHANGE HOTEL HUNTINGDON, PA. - Visitors to Bedford Springs, on their return home via Huntingdon, will find the "Exchange" the place to stop, either for breakfast, tea, or to rest over night. It is now one of the very best kept and furnished hotels in Central Pennsylvania and deserves the patronage of the traveling public.

GIVE IT UP. - The idea of writing interesting local news with the thermometer standing at ten feet in the shade! The very thought makes the perspiration "steal gently o'er us." We are disgusted, demoralized, wilted, "ausgespielt." Excuse us, dear reader, we'll fly to the soda fountain for relief, and take vanilla and cream in ours.

Gone crazy - the thermometer. The next President - Seymour. General complaint - of the heat. TROUBLESOME - flies to a lazy person. A spirit that everybody sees - per-spire.

Grant has gone West in search of a "policy." Finished - the new story on the Bedford Hotel. Beautiful extract - to help a nice young lady out of a mudhole.

PIKED - South Juliana street. Not troubled with dust there. A Seymour and Blair Club will be organized here next Saturday evening.

WHAT has become of the Grant and Colfax club? We missed that side-show on last Saturday evening. The heated term is a harvest for the saloonites. Soda water and ice cool lemonades are in great demand.

NEWSPAPER PATRONAGE. - Several years of experience in the publishing business, has forced conviction upon us that newspaper patronage is a word of many definitions and that a great majority of mankind are either ignorant of the correct definition or are dishonest, in a strict biblical sense of the word.

Another man says, 'you may put my name on your books,' and goes off without saying a word about the pay. Time passes on and you want money and ask him to pay what is honestly due you. He flies into a passion, perhaps pays and perhaps not, and orders his paper stopped. This is called newspaper patronage.

takes a copy for himself and family, and pays for it, and does all he can to get new subscribers - he never grumbles, but always has a cheerful word for the editor. If any little item of interest occurs in his neighborhood he informs the editor. This is newspaper patronage.

Another man has a patent and wants you to give it a two dollar notice every week. 'It will be of interest to your readers,' he says; but although, knowing it will benefit him most of all, he does not offer to pay for it. This is called newspaper patronage.

Another man has taken the paper several years, but has not paid for it, and comes in with a four or five dollar advertisement and asks you to insert it for nothing because he is an old patron of yours. This is called newspaper patronage.

Another man - a young man about town - 'no use of his taking a paper, he gets married and hands in the notice with 'just hand me a dozen copies.' He gets them and when you mention pay he looks surprised - 'you surely do not charge for such things! And this is called newspaper patronage.

'Another man,' (bless you, it does us good to see such men) comes in and says: 'The year for which I paid is about to expire. I want to pay for another.' He does so and retires. This is newspaper patronage.
