Democratic Rally!! OPENING OF THE CAMPAIGN! CIVIL LIBERTY, EQUALITY OF THE STATES, PEACE AND RE-UNION, EQUAL TAXATION, AND ONE CURRENCY FOR ALL!

TURN OUT AND RATIFY THE NOMINATIONS OF SEYMOUR AND BLAIR. THE PEOPLE'S CHOICE!

The Democrats of Bedford county and all others who are in favor of Re-union, Peace, the Rights of the States and the People, Equal Taxation (of the Bondholder as well as other citizens) and of One Currency for All, are hereby invited to assemble in MASS MEETING, in Bedford, on MONDAY EVENING, SEPT. 7, (Court Week). DISTINGUISHED SPEAKERS, FROM ABROAD, will address the meeting. Democrats! Men of All Parties! Come and hear the issues of the day fairly and fully discussed. Let all come who feel an interest in the welfare of our beloved country. J. W. DICKESON, Ch'n. Dem. Co. Com. R. W. BERKESTEIN, Sec'y.

THE BLACK TEST.

"I do solemnly swear that I accept the civil and political equality of all men, and agree not to attempt to deprive any person or persons, on account of race, color, or previous condition, of any political or civil right, privilege, or immunity enjoyed by any other class of men. So help me God!" - Southern Radical Carpet Bag Constitutions.

No northern man, soldier or civilian, can become a citizen of any the "reconstructed states," without taking this oath.

THE MONTANA AND IDAHO ELECTIONS.

The territorial election in Montana has again resulted in a triumph of the democrats. Last year Montana elected James M. Cavanaugh, democrat, to Congress by a majority of 1,108. This year the democratic majority for Congressman is about 2,500—a democratic gain of about 1,400 in a single year. The election took place on the 3d inst.

Advices via California from the Idaho election state that Judge Shaffer, the Democratic candidate for Congress, was three hundred ahead. His election is claimed by six hundred majority.

RADICAL CONVERSIONS.

As a set-off to the long list of names of distinguished Republicans all over the country, who have declared for Seymour and Blair, the Tribune published, not many days ago, and was published in the Bedford Inquirer, a list of Radical conversions. This list has already had extensive circulation among the "fural Caffres," for whose consumption it was prepared. It contains the names of Caleb Cushing, Senator Doolittle, Gen. Steedman, Gen. Rosecrans, Collector Smythe, Wm. M. Everts and Secretaries Seward and McCulloch, not one of whom supports Grant and Colfax. The small number of names remaining on the list is of no importance, personal or political, and is, doubtless bogus.

The many friends of John P. O'Neill, Esq., will be gratified to learn that he has been appointed by the President, District Attorney for the Eastern District of Pennsylvania. Mr. O'Neill is an excellent lawyer, a courteous gentleman and has the tact and industry to make a most capable and useful officer.

WHO SHALL DECIDE?

The people of this country are at present greatly exercised on the subject of the currency, and the payment of the national debt. The policy of the Democratic party is clearly defined in the platform. The Radicals have given no promise of a policy on the subject. The financial resolutions in the Chicago platform are obscure and equivocal, leaving room for any range of interpretation which may suit the candidate, or the locality. Among the farmers of the West, the Radical politicians pretend to favor payment of the public debt in greenbacks. With the bondholders of the East, the same Radicals bluster about payment in gold, and denounce everybody else as a repudiator. The platform speaks mysteriously about payment according to the letter and spirit of the law, but carefully omits to define what that spirit is. Some Radicals pretend that the platform means payment in coin, but in Congress they advocate the Democratic greenback policy. Many members of the party insist that the five-twenty bonds, bearing six per cent. interest, must be redeemed in new bonds, bearing only four per cent. interest. Other Radicals yet, denounce the Democrats as swindlers and repudiators, because they propose to tax the bonds, yet these same men renounce seats in Congress when the very members who voted, in the last House, for a proposition to tax the interest, at the rate of ten per cent. Since it is vain to look for a solution of the Radical financial policy in the Chicago platform, since the action of Congress has been so shuffling and contradictory, and since there are so many apparent divisions in the party, the people have a right to call on Grant for a distinct and authoritative exposition of his views, on this important subject, so deeply affecting the interests of every member of the community. If Grant has any decided interest in the great questions of finance beyond drawing his enormous life salary of eighteen thousand a year, now is the time to manifest it. It will not do to take refuge in silence behind the Chicago platform, nor in the trick of modesty and a naive pretence of ignorance of financial questions.

The people are anxious to know what will be the policy of the administration of the next four years. Butler, since Wilkes effected the reconciliation, will lead the Radical party in the House, and in case of Grant's election will be his mouth-piece on the floor. Butler is in favor of paying off the five-twenties in greenbacks. He occupied the same ground precisely with Thaddeus Stevens, and voted, besides, in the last session of Congress, to tax the interest on the bonds. He goes the full length of the Pendleton theory, and would carry a majority of the Radicals in Congress with him. On the other hand, in the Senate, the advocates of the payment of the bonds in gold, seem to be in a decided majority, the only Radical of any prominence in the Senate who espouses the greenback theory being Senator Morton, of Indiana. This marked division among the Radicals would cause a rupture in the party immediately on the accession of Grant to the Presidency, and would prevent the adoption of any measures of finance for the relief of the people. Nothing but the cohesive attraction of public plunder has prevented divisions from taking place long ago. The Radical candidate, in justice to the country, should define his position at once on this subject, unless he be determined to remain mum, and adhere to his "no policy" programme to the last. But it is not possible that the people of this country will confide its great financial interests in the hands of a man who is too ignorant or too obstinate to declare his opinions, if he has any.

THE BRAG GAME.

The Valley Spirit says: a highly respectable citizen of Chambersburg was at Bedford, a few days ago, and heard John Cessna declare publicly, in his steam whistle voice, that eleven Democrats of Greenacres, men of influence, were going to vote for Grant. Now we say that ten-elevenths of this story is wholly false and untrue, and we dare little John to name the men. He can't do it. We publish this statement to put the public on notice of the manner in which our old Democratic friend is going to conduct the campaign. It is to be brag. One thing we can assure him of as well as the public, that for every Democratic change, we will show ten Republican changes.

The Radical emissaries in the South have a double purpose to serve in promoting tumult and disorder; in inciting a war between the races, they furnish a pretext for military interference, and at the same time, supply the Radical newspapers in the North with necessary material for carrying on the political campaign. In the midst of the embarrassment and dangers which surround the Southern people, they are displaying a wisdom and forbearance which will gain for them the admiration of all but their malignant and vindictive Radical foes.

EXPENSES OF OUR STATE GOVERNMENT.

Table with columns: Year, Amount. Rows: 1852, 1853, 1854, 1855, 1856, 1857, 1858, 1859. Includes sub-sections for 'Their Increase Under Radical Rule' and 'Expenses of the Legislature per annum during the nine years preceding the accession of the Republicans to power'.

Excess of Rad. expenses 1,120,469 74. Thus, it will be seen, the figures show that during the nine years of Radical rule, the making of our State laws, has cost the people upwards of ONE MILLION, ONE HUNDRED AND TWENTY THOUSAND DOLLARS more than it did during the nine years preceding the accession of Radicalism to power, or at an average of about ONE HUNDRED AND TWENTY-FIVE THOUSAND DOLLARS per annum more than under Democratic rule.

Table with columns: Year, Amount. Rows: 1868 (R.), 1868 (D.), 1868 (E.). Includes sub-sections for 'Expenses of the Legislature per annum during the nine years preceding the accession of the Republicans to power' and 'Expenses of the Legislature per annum during the nine years of Republican ascendancy'.

The reader must not commit the error of supposing that the above tables show the sums of all the appropriations for each year. These figures cover only the cost per head of the members, clerks and attaches of each Legislature.

During these three years, Isaac Stenker, Democrat, was Auditor General, and whilst he was in office more labor was required in the department than ever before, or since, owing to the pressure of business growing out of military affairs. Now look at the expenses of the next three years:

Table with columns: Year, Amount. Rows: 1866, 1867, 1868. Shows a significant increase in expenses from 1866 to 1868.

Gen. J. F. Hartranft was elected Auditor General in 1865, and during his administration of that office the expenses thereof have increased \$18,327.25, or \$6,109.08 per annum. He is now the Radical candidate for re-election. The public now have the figures as proof of the extravagance of Radical legislators and officials. We shall expose the reckless appropriations of the Legislature and the abuses in other departments of the State government, in due time. Let the above suffice to show the cost of the services of our legislators and Auditor General.

It is quite unfortunate for the Radical party that the freedmen cannot read the cart loads of copies of the Press and Tribune sent down South every week. The Northern Radicals have grown tired of them, and they are compelled to seek a new market. Grant said "let us have peace," and the Radicals at once passed a bill arming the negroes. LUTZ says, "the issue is, Shall we have Peace or War? The fellow evidently is afraid of another draft.

PENNSYLVANIA COFFEE.

A Mr. Coffey addressed the terrified Radicals of this place on last Saturday evening. To give our readers an idea of how much truth there was in what he uttered, we will give them a specimen brick of his speech. If we can prove that he started out by uttering a willful, deliberate and slanderous falsehood, it can easily be imagined how much truth there was in the balance. In speaking of our gallant standard-bearer, Seymour, this Coffey said that he "did all in his power to aid the rebels during the war." Now, it is not necessary for us as Pennsylvanians, to refute this slander against one who did more to save our State from being overrun by the Southern armies than any other man who wielded influence or power in the North at that time, but we will take the testimony of prominent men of the same party to which this browed Coffey professed to belong, and then leave them to settle the question of veracity among themselves. The official congratulations of Lincoln and Stanton to Gov. Seymour for his prompt and efficient aid in repelling the invasion of the North; the vote of thanks of the New York Republican Legislature, are matters of history which the whole batch of Radical small-fry politicians cannot wipe out. Even Gov. Curtin who was urging the people of Pennsylvania to defend their soil, while Seymour was sending regiment after regiment into this state for our protection, cannot be induced to say anything that would give a shadow of truth to what the small beer politicians are slanderously uttering against the man who saved their precious necks in 1863. Gov. Curtin said publicly the other day that he "never doubted Seymour's loyalty and patriotism," and he dare not say anything else during this political contest. Only the demagogues and political tricksters of the Radical party have resorted to this wholesale method of lying to bolster up their rotten cause that is already stinking in the nostrils of the people. It shows clearly to what desperation the Radicals are driven to save themselves from the utter annihilation that awaits them at the coming elections.

BEFORE the war nothing was more universally denounced as anti-Republican than the South Carolina mode of choosing Presidential electors—by the legislature. South Carolina was for this assailed as an oligarchy on every Republican stump, and through all their press. But now these canting friends of liberty and equality seize on this outworn process of South Carolina, to defeat Seymour and Blair. The only difference in the two cases is, that the legislature was the legitimate organ for the expression of the will of the people of South Carolina, whilst these legislatures of Florida and Alabama are fraudulent and usurping, acting in utter defiance of the popular will. There is not a shadow of legality in the constitution under which it pretends to act. That of Florida is the creation of the Bureau and the bayonet.

FORNEY ON SEYMOUR.

The immaculate Forney in 1863 could not say enough in praise of Gov. Seymour's prompt response to Pennsylvania's call for help. In 1863 this same demagogue leads all the hounds of the pack in assailing the private and political character of the man on whom he then bestowed such merited praise. Forney is a jewel of consistency. Hear him through the Press in 1863 and then compare it with the Press of to-day: "Honor to New York! Her Governor has acted like a man who knows when the time of partisanship is at an end. Her gallant Seventh is now at Harrisburg, and, side by side with our brave Pennsylvanians, preparing to resist the invaders. This is the true spirit of brotherly love. But while the city of New York is doing so much to save our state, what is the city of Philadelphia doing?" - Forney's Press, June, 1863.

In a speech made before the Grant and Colfax Club on last Saturday evening, John Cessna made a bitter assault on the GAZETTE and the Valley Spirit for having published a few complimentary notices of him. In order to give him another text for a political sermon, we clip the following from the Sunday Mercury's answer to a correspondent who wished to know of the physical and political whereabouts of the aforesaid John. Here is the Mercury's answer: We believe that the John Cessna, who acted as temporary Chairman of the Democratic State Convention, held at Reading, in 1860, still lives in Bedford county; but since then, he has been so busily engaged in political acrobatics, and ground and lofty tumbling, that he has about played himself out. We do not know to what party he now professes allegiance, nor do we believe it is of much consequence. The people have become so disgusted with political demagogues, wire-pullers and double-riggers, that these charlatans have very little chance to play their arts in a way to make the thing pay. The only matter of regret is that the masses did not sooner get their eyes open.

Grant said "let us have peace," and the Radicals at once passed a bill arming the negroes. LUTZ says, "the issue is, Shall we have Peace or War? The fellow evidently is afraid of another draft.

CORRESPONDENCE.

ST. CLAIR TP., Aug. 21st, 1868. Messrs. Editors:—The following questions must be answered definitely by the candidates and "stumpers" of the "Republican," or Radical, party before the second Tuesday of October next, or they will be answered by our judgments at the polls on that day against every candidate on the ticket: 1st. Why did the "Republican" State Convention, at Philadelphia, fail to embody a resolution in its platform in favor of taxing government Bonds? 2d. Why did the National Convention at Chicago fail to do the same thing? 3d. Why did the "Republican" lower house of Congress pass a resolution favoring such taxation, but failed to make it a law when they had the power? 4th. Do they expect us, the taxpayers, to pay over \$12,000,000 of Income Tax yearly for the purpose of keeping up the Bond-holder who is exempt from taxation? 5th. Why is it that the National debt, instead of decreasing, has actually increased, during the month of June, the enormous sum of \$18,000,000? We have a few more questions to put to these candidates and speech-makers on the frauds concealed under the National Bank law, and other matters, and not being able to have them published in the "Republican" paper, will ask you to do so.

PLOW-HOLDERS.

THE ARTFUL DODGER.

John Cessna, who is to be the Radical candidate for Congress in this district, was chosen by the Pennsylvania State Temperance Convention that met in Harrisburg a year ago, to draft a Prohibitory Liquor Law to be presented to the Legislature for adoption. He did not draft it. Why? Was it because he made up his mind, after receiving that appointment, to be a candidate for Congress, and because he was afraid he could not be elected on the prohibitory platform? But although he eaded the performance of the duty assigned to and accepted by him, and failed to make his appearance at the Temperance Convention held in his own town of Bedford early this summer, where he was expected to explain his omission to draft the law, he did not abandon the Prohibitionists. He attended the National Temperance Convention at Cleveland a few weeks ago and was honored with its temporary chairmanship. At home he stands aloof from the prohibitory movement, but goes abroad to push it on. He wants the votes of Republican distillers, hotel keepers, liquor dealers, and others opposed to a Prohibitory Law; and to these he will say, "I did not present a Prohibitory Law to the Legislature, nor did I attend the Temperance Convention held in my own town." He also wants the votes of the Temperance men, and to those he will say "I was Temporary Chairman of the National Temperance Convention at Cleveland." John is a smart fellow, but can he serve two masters? Which of them does he intend to cheat?—Which of them will be so foolish as to be cheated by him? - Valley Spirit.

PITTSBURGH AND CONNELLSVILLE RAILROAD.—The Cumberland (Md.) Union calls attention to the fact that the chief engineer of the Pittsburgh and Connelsville Railroad Company has invited proposals until the 15th of September for the graduating, masonry and ballasting upon the unfinished sections between Cumberland and the Uniontown junction, one mile from Connelsville, and adds: The sections to be laid include all the heavy work on the road, and eight of them lie between this and Sand Patch Tunnel. Section 140 is the nearest to this point, being about five miles from town, in the Will's Creek valley. It will be peculiarly gratifying to our citizens to know that this work is to be commenced with such a degree of energy, and more so that this end of the road is to be pushed forward at once. Our fellow-citizen, Mr. John Humbird, is working the tunnel, and we have no doubt others of our citizens will secure contracts. The company have the means to build their road now, and they will do it. In two years we may certainly expect to have trains running between this city and Pittsburgh, and then will be opened up the shortest route between the West and the sea coast—a route which must of necessity eclipse all others.

THE BUTLER ZOUAVES, who set out from Washington as a guard of honor to the remains of the late Thaddeus Stevens, it seems were sent back after getting into Pennsylvania by the managers of the pagant, because it was found their presence was distasteful to the white republicans and citizens generally. They are represented as being well satisfied with their experience on the occasion.

NEWS IN BRIEF.

The first snow of the season fell on the top of Mount Washington, N. H., last Friday. Montreal (Canada) cattle are dying in considerable numbers from an unknown cause. It is reported that Pierre Soule, of Confederate fame, has inherited a large fortune. In San Francisco there are six horse railroads, and their receipts from January to May were \$373,000. Out of the five million inhabitants of Egypt only one-tenth are descendants of the ancient Egyptian race. The members of the Hawaiian Legislature voted themselves \$100 each as extra pay, and the King vetoed the bill. Last week one hundred and sixty-two transfers of real estate took place in Chicago. The amount of sales was \$473,000. Dr. Wm. Sturm, a 73-year-old homoeopathic physician of Cincinnati, is now dangling his twenty-first infant on his knee. Rev. Dr. Hatfield, of Chicago, celebrated his silver wedding on Tuesday night, and received presents amounting to over \$1,000 in value. In Maine, a man named John Putnam extinguished a gas light in Portland with his breath, instead of the stop-cock, and died from its inhalation. Russia sends fourteen thousand criminals to Siberia every year. One-fifth of them die from the fatigue of the journey, 2,600 miles, which is performed on foot. The brigands infesting South Italy recently captured the receiver of taxes of Fontecce, but released him on his family paying a ransom of \$1,600. A young man in Boston received \$30,000 last week—a prize he had drawn in a Havana lottery. Where one gets a prize from these concerns more than "thirty thousand" draw blanks. A quartermaster's clerk has recently discovered in a corn husk mattress, on San Padre Island, near Brazos Santiago, Texas, a rusty casket containing diamonds and emeralds estimated to be worth \$100,000. Several pieces of rock, the largest weighing twelve tons, lately broke loose from the side of Lookout Mountain and rushing down the side destroyed a house, killed two persons and injured three others, in Walker county, Georgia. The California Pacific railroad company commenced running trains to Davisville, connecting there with the stages for Sacramento. The morning papers of the latter place are now delivered at San Francisco in the afternoon of the same day as published. The Central Pacific railroad is completed two hundred and sixty-eight miles east of the Sacramento river. Six miles of track were laid on August 19th. The company promises to lay seven miles a day if necessary, to outstrip the Union Pacific railroad to Salt Lake. Early on the morning of August 18, New York time, there was, according to scientific astronomers, a total eclipse of the sun in Africa and Asia. Two parties of savans were sent some time ago from England, two from France and a number from Germany to the interior of Africa to view the phenomenon.

Campaign Gazette!

REPUBLICAN GOVERNMENT, Civil Liberty and Constitutional Rights!

"Light, more light!" is the startling cry of the honest people groping in the darkness of Radicalism. "Light, more light!" shouts the groaning taxpayer, bending under the load which a Radical Congress has heaped upon him. "Light, more light!" is the pleading cry that comes to us from those who earnestly seek a remedy for the disease that is tugging at the vitals of the nation. Look and ye shall see! Read and ye shall know! The BEDFORD GAZETTE, for the Presidential Campaign, will be a complete compendium of political news, speeches, documents and every thing that pertains to a political canvass in the columns of a weekly newspaper. It will be published from the 7th of August until the seventh of November, next, at the following low terms, cash in advance: One copy, \$.50; Ten copies, 5.00; Twenty copies, 9.00; Fifty copies, 20.00

Not only should every Democrat have his county newspaper, during the coming campaign, but he should likewise make it a point to furnish his Republican neighbor a copy. This is the plan upon which our opponents have acted for years, and it is about time that Democrats do something of the same sort. NOW, GO TO WORK and put your Democratic newspaper into the hands of every Republican who will read. If you will do this you will accomplish more good in six months than you will by any other means in six years. Democratic politicians, throughout the county, are enabled by the above low terms, to circulate Democratic newspapers at a very small cost. We appeal to them to see to getting up clubs, and to see to it in time. Now is the time to sow the seed. After a little while the heat of passion and prejudice will beam upon the public mind in all its intense fierceness, and then seed-time will have passed. Friends, let us hear from you!

No loss can be more fatal to beauty, especially in the female sex, than the loss of the hair; glossy, luxuriant hair is one of the most powerful of all personal charms. When baldness or even a deficiency of hair exists, we naturally look for a dry and wrinkled skin, a faded complexion; when not actually seen, we see them in imagination. Why, then, not cultivate your hair? Encourage it and strengthen it; or, if your hair is gray or white, the natural color can be restored by a few applications of Mrs. S. A.
