GREELY ON THE PRESIDENTIAL ELECTION.

Greely begins to see the Presidential canvass in clear light, and sees every reason to fear the failure of Grant. He says that the labor that is to insure the triumph of the republican candidates...

Greely, then, begins to feel the coming defeat of General Grant. He has good reason to be uneasy in view of the possibility. He may regard this result as in a peculiar degree the consequence of his own efforts.

DOES THE LABORING MAN PAY ANY TAXES.

While the producing industries of the country are unjustly taxed, and the almost intolerable burdens of the war rest upon those who fought the battles and made the sacrifices, those who tilled land to produce supplies, and those who labored in the work-shops, the organs of the Radicals are asserting that the bondholders are the men who pay all our revenue.

Radical legislation requires the consumer to pay all taxes. It taxes the hat on your head. The boots on your feet. The clothes on your person. The food you eat.

Hotel Miscegenation and Amalgamation.

The so-called South Carolina Negro Legislature have passed the following "Law," 61 yeas to 19 nays: A bill to prevent discrimination between persons, by those carrying on business under license, on account of race or color, or previous condition.

SECTION 1. That from and after the passage of this bill it shall not be lawful for any party or parties, engaged in any business, calling or pursuit for the carrying on of which a license or charter is required by law, Municipal, State, Federal or otherwise, to discriminate between persons, on account of race, color, or previous condition, who shall make lawful application for the benefit of such business, calling or pursuit.

SECTION 2. Any party so discriminating shall be considered as having violated this act, and upon conviction shall be punished by a fine not less than \$1,000, or imprisonment for not less than twelve months.

SECTION 3. No act of incorporation shall be conferred upon any organization the rules and regulations of which contain features not compatible with the provisions of this act.

SECTION 4. All acts, or parts of acts, inconsistent herewith, are hereby repealed.

A negro named Johnson, demanding the bill, said:—"I notice a publication in the daily paper concerning Nickerson's Hotel. They seem to be exceedingly frightened about colored gentlemen stopping there to board. Perhaps on some future day I shall come here to Columbia, and there may not be any private house, and being a gentleman, may call at Nickerson's Hotel. If I do so I don't want to be refused. I want the right and privileges of going into that house no matter who is kept by, and having my self cared for, as well as any other guest of the house. And so I want to go into a workshop or any other place of business."

This is what Radicalism means, North as well as South, side-by-side and bed-by-bed "equality,"—not that all Radicals now mean this, but it is what all are coming to if Gen. Grant is elected President.

GEORGE LEE (NEGRO). Now I was not one of those who accompanied the excursion to Greenville, a short time ago, but I understand that on arriving there the members had no place to go for a lodging. Do meet just such an emergency as this. I am anxious that this bill shall pass, so that those having hotels shall be made to pay the penalty if they deny the accommodations which we demand. And to this end I appeal to every Republican the right to place himself to do equal and exact justice to all. That is the essence of this bill. It is all we want; it is that which is secured to us by the Constitution of the State and the Reconstruction acts of Congress, and it is what we must have.

"BAIT HIM WITH A WHITE WOMAN."

The terrible, shocking, nameless crimes of the Southern niggers, are a matter for grave reflection, not only of the leading minds of this country, but of all Christendom. To speak out plainly, rapes upon white females by brutal negroes are of daily occurrence. Horace Greeley and Henry Ward Beecher, more than any other two individuals in this country, are the authors of these rapes. Not long ago, Ward Beecher said in a speech, "the way to maintain a man in a position is to take one step before him; being crafty, I desire to capture him by guile; take a black man, bait him with a white woman, and I think you will catch the black man." Was there ever a more atrocious or horrible sentiment uttered by a human being, much less a clergyman, and yet this debauched scoundrel calls himself a Christian teacher! Pandering to the animal passions of a half brute, covertly inviting rapes and murders, he has had his fruits. Nigger outrages upon white females are of weekly occurrence, and Beecher and Greeley continue to preach up the doctrine of baiting the black man with a white woman, while Christendom looks on with horror, but nobody moves to stay the dreadful crimes. Democratic voters, shrink not from your duty. Let the consequences be what they may, Monroism must be crushed out at all hazards. The election of Seymour and Blair will do it.—N. Y. Day-Book.

AMONG the last public acts of General Halpine, or "Private Miles O'Reilly," was to put on record the following in relation to Governor Seymour and General Blair. General Halpine said, in the Citizen:

On the whole muster-roll of the army no name shone more conspicuously for personal gallantry than that of Frank Blair, few officers have been more desperately wounded, and no officer has been more gloriously conspicuous for never saying "Come" to his men, but "Follow me." As for the loyalty of Horatio Seymour, the fact that in every national exigency he hurried forward more troops to the scene of action, whether it was Washington or Gettysburg, than any other Governor, together with the warm letters of thanks for his loyalty and devotion from the late President Lincoln, which have already appeared, must be a sufficient answer. Knowing Seymour well, and having had opportunities to know him thoroughly, officially and personally, during the war, we reluctantly but firmly apply to whomsoever shall question his action and practical loyalty, the famous words of that great Radical Chief who answers every charge which he deems unfounded by the striking phrase of the true Saxon dialect: "You lie, you villain, you lie!"—and what the great Radical philosopher does not do—we are willing to be held responsible for these words.

Hon. W. B. Jones, elector for Grant in the Fourth Congressional district of Alabama, declines to serve, and will take the stump for Seymour and Blair. Hon. Thomas Masserton, representative from Lawrence county, has also abandoned Grant and will support the Democratic nominees. The State Sentinel, carpet-bag organ of Atlanta, has suspended from want of patronage.

The genus carpet-bagger is a man with a lank head of dry hair, a lank stomach and long legs, club knees and splay feet, dried legs and lank jaws, with eyes like a fish, and mouth like a shark. Add to this, a habit of sneaking and dodging about in unknown places—habiting with negroes in dark dens and back streets—a look like a hound, and the smell of a polecat.

"We have seen the mischief wrought out by the policy of the past three years. It will be as hurtful in the future as it has been in the past. Yet the Republican party has approved it and is pledged to it."—Seymour.

To earnestly denounce military despotism, or to express a determined purpose to put an end to the anarchy which prevails in the South, is charged by the Radicals as a revolutionary threat.

VOTING for Grant and Colfax, is equivalent to voting for High Taxes, Negro Governments in the South, Gold for the Bondholder, and paper currency for those who do not hold bonds, and for the exemption of all capital invested in Government securities from all manner of Taxation.

Nothing can exceed the enthusiasm with which the names of Seymour and Blair are greeted throughout the land, except the freezing indifference with which the Radical nominees are received wherever they make their appearance.

WHEN General Grant reached Denver, Colorado, all the soldiers of company B, Third Infantry, saluted him with a Seymour and Blair flag. The General felt unable to remain in that town or even to alight from the coach.

GRANT'S "peace"—negroes outraging white women and shooting their male relatives—a common occurrence in Tennessee and other straits.

As appropriate design for a Grant illumination—an old woman hung on a gallows for vengeance. Motto—'we now acknowledge her innocence.'

Grant was once a tanner. He is still in the hide business, having hidden himself in the Western bushes.

To the negro savages of the South, the Radicals offer ballots; to the Indians of the frontier, bullets.

The New York Herald says that the Radical "peace" means a peace with the nigger in the best place.
