Medical. AYER'S HAIR VIGOR, FOR THE RENOVATION OF THE HAIR. THE GREAT DESIDERATUM OF THE AGE. A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color and the gloss and freshness of youth. This hair is thickened, falling hair checked, and baldness of ten, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of foisting the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a graceful perfume. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Price \$1.00. aug21/67

AYER'S CHERRY PECTORAL, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, &c.

Probably never before in the whole history of medicine, has anything so widely and so deeply upon the mind of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of man, it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most efficient remedy that can be given for insipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this salutary for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorder of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they speedily give way. Singers and public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it. Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses. So generally are its virtues known, that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

AYER'S AGUE CURE, For Fever and Ague, Intermittent Fever, Chills, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons. As its name implies it does Cure, and does not kill. Contains neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it is in no wise injurious any patient. The name and importance of its cure in the ague districts, are literally beyond account, and we believe without a parallel in the history of any medicine. Our trade is gratified by the acknowledgments we receive of the radical cure effected in obstinate cases, and where other remedies have failed. Unacquainted persons, either resident in, or traveling through miasmatic localities, will be protected by taking this AGUE CURE daily. For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver to its healthy activity.
