HUNTINGDON AND BROAD TOP R.R. - SCHEDULE ARRANGEMENTS - TIME TABLE - On and after May 24th, passenger trains will arrive and depart as follows: Mail Train leaves Mt. Dallas at 1.00 p. m., arrives at Huntingdon at 4.20 p. m.; leaves Huntingdon at 5.35 p. m., and arrives at Mt. Dallas at 11.25 a. m. Express Train leaves Mt. Dallas at 6.35 a. m., and arrives at Huntingdon at 10.10 a. m.; leaves Huntingdon at 5.35 p. m., and arrives at Mt. Dallas at 9.25 p. m.

A young man named Hefferer was so seriously scalded, by the hot water from an engine, at Mt. Dallas, last Friday week, that he died the next day.

H. Heckerman & Son have just received another fine assortment of soaps and perfumery. Call an examination for yourselves.

IN TOWN.—Daniel J. Chapman, Esq., formerly of this place, now of Philadelphia, was in town on a short visit to his parents and friends, looking as well as ever.

Dextrin is much cheaper and far superior to anything we ever saw for making mudclay. Sold only at Heckerman's drug store.

INSTALLED.—Last Sabbath week, Rev. B. H. Hunt, formerly of Schellsburg, was installed as Pastor of St. Stephens Ev. Lutheran Church, Phila. Dr. Krauth and Rev. J. A. Kunkleman conducted the services.

NOT AROUND.—The "Fourth" was invisible at this place, this year. According to our exchanges, the glorious event was observed without the aid of glasses? but that sight was withheld from the patriotic people of Bedford. We'll have one of our own some of these days.

SQUIRRELS.—Those who go to the woods for game should bear in mind that the killing of gray squirrels from the first of January to the first of August, "Bammie" must not be harmed for two months yet.

DEDICATION.—On next Sunday at 10 o'clock, the basement chapel of the new Catholic church of this place, will be dedicated to Almighty God, by Bishop Domene. The sacrament of confirmation will be administered at the close of divine services.

CONVICTED.—Two of the Clearfield bank robbers were found guilty and sentenced to four years in the penitentiary. The third party, "California Jack," turned "States evidence" and thus escaped punishment.

H. Heckerman & Son prepare a CEMENT for mending all kinds of glass, earthen and china ware, wood, stone and leather. They guarantee it to do what it proposes to if used according to directions, or money refunded. Price 25 and 50 cents.

NORMAL SCHOOL.—The regular fall session of the Bedford County Normal School, under the charge of the County Superintendent, assisted by an efficient corps of teachers, will open at Bedford, on Monday, August 2. The indications are that a large number of teachers, and those preparing to engage in that profession, will be present.

ROBBERY.—Charles D. Stewart of Baltimore, while on his way to Bedford, was stopped on Strasburg Mountain and robbed of \$150 in money and a gold watch valued at \$300. Robberies are rather numerous in that section of country, and it is high time to ferret out the scoundrels who perpetrate them.

REMOVED.—Jacob Barnhart has removed his confectionery and restaurant to the "Gazette" building, one door East of the Bedford House. Inquirer.

We would just add that there is a "small beer" establishment in the rooms adjoining the present GAZETTE building, which is kept by a fellow who also prints a "high toned" country newspaper.

CAID.—The undersigned adopts this means to inform the public of Bedford and vicinity, that he has given up his position in the army to make this his future home and field of professional labor; that he will devote his whole ability to the prosecution of his profession; that all professional cases will at all times be promptly attended to. Office opposite the Inquirer building—Residence at Maj. Washbaugh's.

G. C. DOUGLAS, M. D.

WONDERFUL, INSTRUCTIVE AND AMUSING!—Prof. Hamilton and Rawdon will be in Bedford, on Friday, 16th, with their great Double Exhibition, consisting of highly trained horses, the wonderful performing mule, Dan Rice, and a troupe of Dacotah Indians. A great war dance will be given, and other pow-wows of the Red man, fully exhibiting the manners and customs of the Indians. Performances, afternoon and evening.

EXCHANGE HOTEL.—Persons stopping at Huntingdon, or passing through that place will do well to stop at the Exchange Hotel, kept by J. Morrison, where they will be well taken care of. The proprietor is a gentleman who knows how to keep a hotel, and who caters to the wants of the public like one who understands his business. The house is fitted up in the very best of style. One needs but stop there once to realize these facts.

CHURCH DEDICATION.—On the 4th of July, the St. Paul's Union Church of Inler's valley, in Union township, was dedicated to the service of the Triune God. The sermon was preached by the Rev. Henry Baker, of Altoona, who was assisted by the Rev. Jacob Peter, pastor of the Lutheran and C. U. Heilmann of the Reformed congregation worshipping in the church. An effort was made to liquidate the debt of \$750.00 resting upon the church, which resulted in the handsome offering to the Lord of over \$800.00. The day was beautiful and the crowd of people so great that many were unable to enter the building.

ARRESTED.—Patrick Trainer, of Coaldale, was arrested for gobbling about \$150 belonging to a Mr. Young. Eighty three dollars were found on his person, stowed away in a stocking. Patrick had evidently made up his mind to "foot the bills," but as the legality of his manner of doing it was seriously questioned, he was asked to stop on boarding and lodging with the Sheriff till September sessions, when the Court will adjust the matter.

FATAL ACCIDENT.—On Wednesday night last Mr. Archer Jarrett, who had just arrived from Jordan's Springs on his way to Bedford, fell from the window in his chamber in the third story to the pavement below, and when found, life was extinct. It is supposed that after undressing himself, he might have been very warm, he had seated himself in the window where he fell asleep and thus lost his balance.—Mountain City Times.

BIG BOOT.—We were shown, the other day, a big boot formerly worn by James Porter, the Kentucky giant. It was brought to this place, as a curiosity, by Mr. James Martin, a young man who left here about six years ago and established himself in business in Louisville. The boot measures 15 1/2 inches in length, is 5 1/2 inches wide across the sole and over two feet high. The wearer, when living, measured 7 feet 11 inches. We would not desire to be "booted" in that style.

HEARTH AND HOME.—No. 39 of this excellent family journal promises to be a specially fine one, both in the variety and excellence of its matter and the beauty and value of its illustrations. It will contain the beginning of a very interesting story, "The Romance of a Rich Young Girl," by Octave Feuillet. The illustrations were designed and engraved expressly for this work, in Paris, by eminent artists. Address, "Hearth and Home," 37 Park Row, New York.

DEMOREST'S "YOUNG AMERICA"—Young America is one of the most popular of juvenile publications; there is a freshness to it that we find in no other, and a variety that satisfies even the desire of children for novelty. Half the good things to be found in other children's periodicals have been derived from this, which seems inexhaustible in its suggestions. One of its very best features is the interest it excites in children, by allowing them to appear as correspondents in its columns. It is well worth the small sum asked for it, of \$1.50 per annum, with a premium. Published at 338 Broadway, N. Y.

DEMOREST'S ILLUSTRATED MONTHLY.—This excellent Magazine now fulfills, as nearly as one Magazine can, all that a lady wants of one, as an assistant in her house, in her wardrobe, and in her care of her children. Every department is complete and perfect in itself, showing the immense amount of labor bestowed upon the whole. The "Ladies' Club" alone gives more sensible advice and information than all the rest of the Magazine put together. \$3 per annum, with a premium. Published at 338 Broadway, N. Y.

CASES IN COURT.—Judgments were entered in the following cases from this county, in the Supreme Court sitting in Philadelphia. Koozt vs Hammond Judgment affirmed. Bowser vs Cessa. Judgment affirmed. Lingenfelter et al vs Richey. Judgment affirmed. Madara and Spang vs Eversole. Judgment affirmed. Hupp Schools. Over. Judgment affirmed. Per curiam.

SCHOOL SUPERINTENDENT'S CONVENTION.—A state convention of School Superintendents will be held at the city of Harrisburg, commencing on Tuesday, July 20th, at 2 o'clock, P. M. Free return tickets have been secured for members attending the convention on all the railroads leading to Harrisburg. Reduced hotel charges are promised. Among other questions of importance to the schools of the state the opinions of the convention will be solicited in reference to the following topics: 1. Superintendents in relation to County Normal Institutes. 2. Superintendents in relation to State Normal Schools. 3. Defects in our school law, and remedies for them. 4. Defects in the working agencies provided by our school law, and the remedies for them. 5. The educational work before us for the next three years.

THE FOURTH.—We sent our special reporter on a "voyage of discovery" to ascertain if the "glorious Fourth" had come to town. After an absence of three days in which time nothing new or unusual was developed, he came into the sanctum full of patriotism, or "words to that effect." He was slightly incoherent and the account of his travels in search of the elephant was rather unintelligible, while his phiz was drawn up as though he had bathed it freely in alum-water. Removing his dilapidated tie, and spilling a pack of fire crackers and a mutilated "history of the four kings" on the floor, he addressed us thusly: "Celler Fitzizes—scarce expect of miage—'customed siasm to pub (hic) lie speakin—this is glorious anniversary of Indignation of Declapendence—hurrah for G. Washington or P. Henry, or 'any other man'—'Firs' in war firs' in peas—have sugar'n mine—and the Bar Stangled Spladder (hic) long mait wave o'er land of call'd citizen from African scant—Night Bloomin' serious—or cologne—come where my love lies dreaming and we went go home till morning. Yes, Sirs (hic) give me liberty or give me—gin—(hic) them's my sentiments—who cares frepense—have Hodge or (hic) Hicks—yes feller citizens, this is greates' country'n world—land of free—and I'm Cap'n Jinks of horsema (hic) rines. At this stage our reporter was committin' into a three leaved stool, muttering, 'who will care for mother now.' His patriotism has since effervesced and he declares he will not go in search of another "Fourth" till Christmas. Hope not.

DO NOT FAIL WORTH A CENT.—"Brick" Pomeroy has placed the business management of his papers in the hands of C. P. Sykes an experienced publisher, and now devotes his entire time to the duties of the sanctuary, where, relieved of business cares, he is making his giant weekly, POMEROY'S DEMOCRAT, the most readable paper ever printed. It is sharper than the LA CROSS DEMOCRAT ever was—more than red-hot, and full to the brim of laughable humorous articles, Saturday Night papers and others of that peculiar editorial nature which can or dare write. Send for sample copies, or subscribe by sending for it to the editor or publisher, P. O. box 5,217, New York City. He pays five hundred dollars cash for the largest club sent in before the 16th of September! The reports of POMEROY'S failure are simply stories started by those who do not like his giant paper or his red-hot style of editing a paper opposed to bondholders and official corruption.

BEDFORD SPRINGS.—We clip the following from the Lancaster Intelligencer. That paper and the one from which it copies but reflect the sentiments of thousands of persons who have tested the healing virtues of the Bedford waters, which are certainly far superior to those of the numerous so-called watering places that are springing up in all sections of the country: Bedford Springs has long been a favorite place of resort for Lancaster people. Our physicians commend the water as unsurpassed in its valuable medicinal properties, and those who go are always benefited. The Harrisburg Patriot says: The famous watering place is now open for the reception of visitors. The Springs are under the same excellent management as of old, and have had charge of them for many years. Bedford Springs have been the resort of seekers of health and pleasure for a half century, and they have been constantly gaining in popular esteem. The Bedford Springs are not surpassed for their rare medicinal qualities on this continent; none rivaling them except the famous springs of Germany. Unlike the upstart summer resorts that have sprung up lately in every direction, the Bedford Springs have withstood the test of time, and have to-day no rival except Saratoga in the country. The managers have made arrangements for an immense crowd of visitors the present season.

It is a medal three inches in diameter, and one fourth inch thick at the edge, made of solid, eighteen carat gold, very heavy, and richly ornamented with various devices peculiar to the Order. In the center of the front, or obverse side, upon a frosted background, and encircled by wreaths of oak and ivy, wrought in pure frosted silver, is the insignia of a District Deputy Grand Patriarch—a double triangle so arranged as to form a six-pointed star, including an altar and shepherd's crooks crossed. Above this star, and just inside the border of the medal, is the "All-seeing Eye" surrounded by rays of light, and below, uniting the silver wreaths, is a three-link chain, the primary emblem of Odd Fellowship, crossed by an ax. All the ornamentation, except the wreaths, is gold. The medal is hung to a massive, heavy chased pin (with which to attach it to the regalia) made of three large links, set with the various emblematical colors of the Order, in precious stones. On the back, or reverse side of the medal is the following inscription: "Friendship, Love and Truth. I. O. O. F. of Penna. Presented to Bro. Charles N. Hickok, P. G. W. G. G. M., D. D. G. M., D. G. P., W. G. G. G., by members of (here follow the names of the different lodges) as a token of appreciation of faithful and long continued service in the Order." This elegant affair was gotten up for the Committee by Messrs. Wilson and Stellwagen, of Phila., at a cost of several hundred dollars, and reflects great credit on their skill and workmanship. We would just add that no man is more deserving of such a valuable token of friendship than the Doctor. For years he has labored with untiring perseverance to promote the interests of the different orders to which he belongs. On the occasion above referred to, the Doctor delivered an address which was in his usual happy and eloquent style.

DEATH OF DR. SCOTT.—S. D. Scott, M. D., well known by many of our citizens, and formerly a resident of this place, died at his residence, in Fulton county, on Monday, July 5th. The Doctor had been in ill health most of the past winter. The Fulton Democrat says: Dr. Scott was one of the most excellent and esteemed citizens of Fulton County. For a number of years he was extensively engaged in his profession of medicine, throughout the neighborhood in which the last days of his life were spent; though for several years past he had not actively devoted himself to practice, preferring the quiet and retirement of private life. During the late war with Mexico, Dr. Scott volunteered in the—Regt. Pa. Vols., commanded eventually by John W. Geary, and was honored with the appointment of Chief Surgeon of the Regiment. At the time of his death he was aged 47 years. On Wednesday his remains attended by a large concourse of citizens, were brought to this place and interred in the Presbyterian Grave Yard.

COMPLETION OF THE KEMBLE COAL AND IRON COMPANY'S FURNACE AT RIDDELSBURG.—A SPLENDID ACHIEVEMENT.—The furnace of the Kemble Coal and Iron Company, at Riddelsburg, was completed and put in successful operation on the first inst. It is one of the finest hot blast furnaces in the United States. Work was commenced on its construction on May 20, 1868, by excavating and grading railroad siding and getting in stone. A stack 4 feet high, of stone, and 16 feet of boiler iron, was built. The hearth and in-wall are of best quality of fire-brick. There are two hot blast ovens, of Player's patent, containing about 100 tons of castings, one steam blast engine, with steam cylinder 32 inches in diameter, 6 feet stroke, a blast cylinder 6 feet in diameter, 6 feet stroke, capable of producing from 5,000 to 6,000 cubic feet of air per minute, six boilers, each 36 inches in diameter and 45 feet long, with mud boiler and steam drums attached, with steam stop-valves and safety-valves, including all necessary attachments for convenience of working. Stock is delivered at the trundle-head by lift-lift, the water being supplied for life and tapers by two Cameron steam-pumps, capable of delivering one thousand gallons of water per minute. In fact all modern improvements in furnace-building have been introduced. The furnace is constructed for using coke as fuel, and it is calculated that a small amount of raw coal can be used successfully. Coke is made in the Pittsburgh oven, of Broad Top coal and so far has proved an entire success. It does not furnish as large an amount of gas as was anticipated, but a little time and raw coal will overcome this difficulty. The amount of iron that will be made per day is yet to be determined, but it is estimated that at least 20 tons will be produced every 24 hours, and possibly this rate may be exceeded. The stack and ovens contain 250,000 fire-brick and about 300,000 common brick. The furnace will consume about 80 tons of coal per day and about 6,000 tons of limestone per year. About 23 tons of the fossil ore used at the furnace, will make a ton of metal. The Company own in fee simple a large tract of coal and ore lands, the best and most accessible in that region, and have within themselves all the elements of success in the manufacture of the Iron. Daniel Worden, Esq., is the Superintendent of the works, and is a gentleman admirably qualified to discharge the onerous duties of that responsible position. The Company could not have made a better selection. In truth, the furnace at Riddelsburg is a splendid achievement and will add greatly to the wealth and prosperity of our country. It is, however, only the pioneer of other works of a similar character, which will soon follow.
