Scarce and small - spring chickens. Our neighboring town of Somerset has a military company.

How to raise above your troubles - Swallow a patent yeast powder.

The Fulton Democrat sports a new head which makes it look sprightly.

His Honor, Judge Rowe, will hold a special Court in Bedford, commencing on Monday, September, 26th.

J. B. Cessna, Esq., is a candidate for State Senator. He has announced himself in the "Fulton Republican."

Fools have credited the story that it would be found running in the streets. It is a mistake, else we would not see so many people who walk all their lives without meeting it.

The new 15 cent currency has made its appearance. It will be taken at this office in payment either for subscription or advertisements, provided - it is offered.

An exchange offers this as a receipt to cure the victim of tobacco of the appetite for it: Put into a quantity of the chewing weed a moderate infusion of No. 6 carpet tacks, and into that for smoking a medium of giant powder and give in large quantities.

We noticed a picture of deep despair, in a ramble, the other day, comprised in a pig poking his nose through a hole in the fence trying to catch a cabbage leaf just one inch and three eighths beyond his reach. It was a sorrowful sight.

The simplest and cheapest way to cool a room is to wet a cloth any size, the larger the better, and suspend it in the place you want cooled. Let the room be well ventilated, and the temperature will sink from ten to twenty degrees in less than an hour.

Grant is not the only man that receives presents, for "ye local" was made the grateful recipient of a worn out tooth-pick and an old dilapidated meerschaum pipe. We cannot give the donor an office, but we'll remember him kindly to our friends.

Mengel's Billiard Hall is finished, and is in every respect a first-class institution. Lovers of the fascinating game are incessantly trying their skill in handling the cue, and there is a great rattling among the dry bones in consequence.

A COMPETENT ENGINEER. - Mr. Wm. Graw, engineer of the express train on the Huntingdon and Broad Top railroad, is one of the most careful and efficient men employed in a similar capacity in the State. Passengers may always rest assured of safety and a pleasant and comfortable trip with Graw engineering the train.

PISCATORIAL. - The following from an exchange will be delightful news to the disciples of Isak Walton. Who of our piscatorial friends will start first?

We are glad to announce that the fishing at Ausanquamotansongototogone lake, in Oxford county, Maine, is reported as first rate.

NEW PAPER. - The first number of "Public Opinion," a new paper started at Chambersburg by M. A. Foltz, has reached us. In politics it is intensely radical. Whether public opinion in that section will sustain the new enterprise, will be seen. In the meantime we wish the proprietor success financially, but politically, the worst luck any editor ever experienced.

BEDFORD CLASSICAL SCHOOL. - The attention of our readers is directed to the advertisement of Mr. Frederick Woods, Principal of the Bedford Classical School. The school will re-open next Monday. Mr. Woods is an excellent teacher, and his school should be liberally patronized. Indeed, for many years the people of Bedford have needed just such an institution as Prof. Woods' Classical School, and now that they have it, they should see that it is properly sustained.

DEATH OF N. J. LYONS. - On the night of the 13th inst., at his home in this place, departed this life, after a brief illness, N. J. Lyons, son of the late Nicholas Lyons and brother of Capt. T. H. Lyons. The sudden death of our young friend leaves a void in the social circle which will never be filled. He was a genial, gentle, big-hearted man, one whom to know was to esteem and honor. We write these words, not in the spirit of the maxim, *de mortuis nil nisi bonum*, but because they are honestly due to the memory of our late companion. But death comes to us all. *Patida mors aequo pulsat pede*. Therefore let us not bewail the dead. Death is only a long sleep, and "after life's fitful fever he sleeps well."

PERSONAL. - Hons. G. O. Deise and L. A. Mackey, of Lock Haven, called at our office, the other day. We were absent, and hope that the next time these distinguished champions of Democracy call, we may be there to see.

Col. J. W. Duncan, of Pittsburg, is rustivating at the Springs.

Samuel Creutzburg, Esq., and family, are stopping at Cramer's. Mr. Creutzburg is always welcomed to Bedford by his numerous friends here.

Col. J. C. Everhart, of Martinsburg, is in town. The Colonel is urged by many good men of Blair county as a candidate for the Legislature.

The people of that section would do themselves honor to send so worthy a man to Harrisburg.

COURT PROCEEDINGS.

The adjourned Court which was held last week, remained in session until late on Saturday night. Several important ejectment cases were tried which occupied the time of the court. Below we give the proceedings.

Thomas Grouden vs. Archibald Blair, Elizabeth Smith and John Hook. Ejectment. Jury find for the Plaintiff, 110 A., 24 P.

TESTIMONIAL PRESENTED. - Our friend, Capt. E. H. Turner, of Saxton, was, on Monday afternoon last, the recipient of a valuable and well merited tribute from the Masonic Order of this place.

The Captain stands among the brightest and most exalted in rank of the Ancient Fraternity in this country, and has done more than any other man in this part of the state to improve and elevate the craft. He had rendered valuable service to Bedford Lodge No. 320, for which he had declined remuneration.

By direction of that Lodge, a committee, consisting of Dr. Ross Anderson, Lewis N. Fyan and J. R. Durborow, Esqs., had procured a testimonial, and on Monday afternoon the chairman, Bro. Anderson, together with the Master and other officers of the Lodge, as follows, Dr. C. N. Hickok, Geo. H. Mengel, Jacob Reed, Jno. Blymyer, J. H. Hutton and A. B. Carver, made a visit to Saxton, and in presence of the family and several friends of Bro. Turner and the committee, Dr. C. N. Hickok, the Worshipful Master of Bedford Lodge, in a brief but chaste and appropriate address, presented, in behalf of his brethren, to Bro. Turner an elegant watch and chain, which Bro. T. received appropriately and with much feeling.

The watch is a fine American lever, with heavy eighteen carat gold case and chain to match. On the outside are the letters "E. H. T." in monogram, and upon the inner case, or dome, is the following inscription: - "To Past Master Ed. H. Turner, from Bedford Lodge No. 320 A. Y. M. M., in acknowledgment of valuable fraternal services, 1869."

After the presentation the company were invited by Mrs. Turner to an elegant dinner, to which they did full justice. After a few hours spent in pleasant, social intercourse with their Saxton friends, the committee returned by the evening train to Bedford, well pleased with their day's enjoyment.

An individual to be a gentleman has either got to be born so, or brought up so from infancy. He don't learn it suddenly any more than he can talk injun correctly by practising on a tomahawk.

The Bedford Gazette, Bedford, Pa.

It is estimated that seven-tenths of all adult ailments proceed from a diseased and torpid liver. The biliary secretions of the liver overflowing into the stomach, poison the entire system, and exhibit the above symptoms. After a long research, we are able to present the most remarkable cure for these horrid nightmarish diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken Plantation Bitters, and not an instance of complaint has come to our knowledge. It is the most effectual tonic and agreeable stimulant, suited to all conditions of life. Inquire of your Druggist in regard to it.

MAGNOLIA WATER. - Superior to the best imported German Cologne, and sold at half the price.

THE NEWSPAPER CASH SYSTEM. - The Wisconsin editors have been holding a convention at which the proposition was broached for establishing a general newspaper system out there of cash payments. Why not everywhere? It is the only proper way. Most of our country newspapers live half-starved on the credit system when they might get fat and saucy on the cash system. Our war correspondence, for instance, during the late rebellion, cost us over half a million in cash. We could afford it with our cash system; but where would we have been under the old stupid credit system? Nowhere. Of all things in the world newspapers call for the cash system, and it is always best for buyer and seller. "Mr. Speaker," once said John Randolph, "I have found the philosopher's stone. It is pay as you go, sir, and be paid as you go." - N. Y. Herald.

MORRISON'S COVE RAILROAD. - The stockholders of this road held a meeting in the Court House at Hollidaysburg on Thursday, July 15, and elected a president and twelve directors. The following persons were chosen, President, S. S. Blair; Directors, David Watson, Hon. D. J. Morrell, C. H. McAllister, J. King McLanahan, A. S. Morrow, G. W. Patterson, D. M. Bare, John W. Duncan, James Medara, Joseph Smith, J. L. Morrison, and Jacob Breneman. The Hollidaysburg Register says:

"The road has form and substance - the right kind of men have charge of its interest, and we hope from the reputation of their energy and business capacity - the iron horse will soon gear the 'Coveites' with its accustomed shriek, and bring the richest rewards to such enterprising people. It is no longer 'wooden' the star of Empire takes its way' - but 'southward' - and we feel hopeful that the road will be continued on to intersect the Broad Top at Mount Dallas. It will open up one of the richest agricultural and mineral sections in the state. Now is the time for the Bedford people to strike and cease talking rail road. This is their opportunity. We hope they will see and appreciate it. A meeting of the Directors will be called at once - then look out for *down brakes!*"

THE GAME LAW IN BRIEF. - We condense the provisions of the Game Law for public information: Deer cannot be killed or taken except from the 1st September until the 31st December.

Grouse or Pheasants can be shot from the 1st August to the 29th December. Partridges can only be killed from the 1st October to the 20th of December.

Wild turkeys can be hunted from the 1st October to the 1st January. Squirrels and rabbits may be shot from the 1st August to 1st January. Woodcock from the 4th July to 15th November.

Insectivorous birds, which includes the robin, are prohibited to be shot at any time, and it is illegal to rob the nests of wild birds of all kinds.

Trout can be fished for with hook and line only during the months of April, May, June and July. Sunday shooting or hunting is prohibited under a heavy penalty.

Traps, blinds, snares, &c. are entirely prohibited.

Possession of fish or game out of season is sufficient to convict the party, even if they were purchased.

The penalties vary from \$5 to \$50. One half the fine goes to the informer, and any one convicted and refusing to pay the fines goes to jail for ten days.

PITTSBURGH FEMALE COLLEGE. - We are in receipt of the catalogue of this sterling Institution. Two hundred and ninety-four young ladies have been in attendance during the past year, gathered not only from prominent and influential families in Pittsburg, but from Philadelphia, in the East, to Kansas and Nebraska, in the far West. The Faculty embraces upwards of twenty picked teachers, selected on account of their known ability and successful experience in teaching. The course of study is extensive and selected with great care. Those who have attended the examinations at the close of each term, conducted frequently by teachers not connected with the College, will need no endorsement from us as to the thorough method of training pursued.

Through as is the literary department, the facilities in the ornamental branches are unusually fine. Any branch of a thorough solid and ornamental education is here taught by accomplished teachers. The college may justly challenge comparison with any ladies' school in the land.

The building are located in the most quiet and beautiful part of the city, and yet within a few minutes walk of all its important centres. Workmen are busily employed making important improvements. These improvements will soon be completed, and the College thrown open for the inspection of visitors. Every private room, and hall, and schoolroom, will be covered with carpets and matting. It is a real luxury to visit such a school, and our readers, we doubt not, will appreciate such effort for the improvement of their daughters. All honor and success to the Queen of Western Ladies' Schools. The Fall term will open September, 1st. Send to the President, I. C. Pershing, D. D., for a catalogue.

The Sacrament of the Lord's Supper

Service on Saturday at 2 1/2 P. M., on Sabbath at 10 A. M. and at 7 P. M. Strangers and others are cordially invited.

The articles in this periodical are all written by able minds, and are full of life and vigor. As the GUARD is the only democratic magazine published in the United States, it should be well supported by the party. Van Evrie, Horton & Co., Publishers, 162 Nassau Street, N. Y.

PACKARD'S MONTHLY for August is on our table. This magazine is growing more popular with each issue. It is the liveliest, cheapest and most readable magazine published in this country. Address, S. S. Packard, 387 Broadway, N. Y.

AN APPEAL. - We clip the following "touching appeal" from an English paper, and commend it to our own subscribers, who are in arrears, for their consideration:

"Withhold not good from them to whom it is due, when it is in the power of thine hand to do it."

"We are greatly in need of money just now in order to meet our paper bills and other liabilities, and as there are thousands of dollars due the office from subscribers, we would kindly, but earnestly, ask all who are in arrears to remit immediately, if possible, a part at least of their indebtedness."

"Say not unto thy neighbor, 'Go and come again, and to-morrow I will give thee,' when thou hast it by thee."

How MUCH OWEST THOU? - The date opposite the name on the paper is the time to which the subscriber has paid; and means that the subscription year expired with that date (whatever the date may be), and as our terms are two dollars a year in advance, or within six months, and two dollars and fifty cents if not paid within six months, each one can thus easily determine the present condition of his account with this office. How much owest thou?"

"We who claim that with his neighbor's service without wages, and give him not for his work."

Francis Marion West, charged with murdering and robbing William Wallace, a farmer of Davis county, Iowa, in 1864, was arrested the other day on a farm near Mexico, Andrian co., Mo. Several other serious charges are preferred against him.

A passenger train on the Union Pacific Railroad ran off about 450 miles west of Omaha, Thursday, killed three persons and wounding several others.

The wheat crop in the Northwest is superb. The recent rains have effected some damage in localities, but the general yield will, it is stated, be extraordinary.

The freshest on the Gaudaloupe river, Texas, has proved very disastrous, sweeping away flouring mills, factories and crops.
