

The Bedford Gazette.

Home and Around.

HUNTINGDON AND BOARD T.O.P.R.R.—WINTER ARRANGEMENTS.—The Board of Directors of the Huntingdon and Board T.O.P.R.R. has arranged for the winter season as follows: Mail Train leaves Mt. Dallas at 1:00 p. m., arrives at Huntingdon at 4:20 p. m., leaves Huntingdon at 8:40 a. m., and arrives at Mt. Dallas at 11:02 a. m.

Spell-bound—our school children. Sour-kraut making is now briskly carried on. The sweet, hazy Indian summer was of short duration.

Cumberland boasts of a new steam fire engine. Money is behaving very badly. It is tight every day.

A great many of our exchanges favor the restoration of Spring elections. Londonderry school district has built a number of neat houses this season.

The new Methodist church, in Johnstown, said to be the finest in the State, was dedicated last Sunday week.

Our waters are dotted with fish-baskets, the law to the contrary notwithstanding. Hagerstown Almanacs for 1870, English and German, for sale at the Inquirer Book Store.

The turkey we didn't get last Thanksgiving hasn't gobbled yet in our hearing. Whether has the bird flown?

There are 290,000 threshing machines in the United States, to say nothing of the "school marm's" and the "old folks at home."

Girls are to wear low-necked dresses, and dandy male swells low-necked shirts, this winter. Undertakers are jubilant at a prospect of business.

In our marriage notices, last week, the name of Daniel A. Bortz, of Cumberland Valley, was misprinted. We owe an apology to our young friend for this awkward blunder.

Dr. W. R. Findlay, of Altoona, has been appointed District Deputy Grand Master of the Masonic lodges of this district, in place of Mayor Potts, resigned.

THANKSGIVING.—The usual union service of Thanksgiving will be held in the Presbyterian church, on Thursday morning, 18th inst. Sermon by Rev. J. Q. McAttee.

Boutwell's financial policy is working well. So say his political friends. But the people can't see it exactly in the great scarcity of money, and general depression of business. "Rah for Grant!"

Street crossings are made to walk on. Some good folks imagine otherwise, and stop their teams and horses right on the cross walk, to the great annoyance and inconvenience of pedestrians. Horses should be stopped on one side.

Now that the long winter evenings are approaching, our young people throughout the country should organize debating clubs and literary societies. If properly conducted they will improve the mind, and be a source of interest and amusement.

Now.—On Sunday last, snow fell to the depth of several feet—we mean very small feet, of course—and winter in stern reality, seemed to be upon us. While nature without looked bleak and dreary, human nature within doors huggled closely the warm stove, the best companion on a wintry day.

The good days promised us by Grant's election, have really come in the shape of great financial depression, dull markets, poor employment for labor and the hardest times generally that have been felt since the great crash of 1857. People of Bedford county, how do you like it?

Eastern capitalists have been here, for some weeks past, looking after our valuable ore and other mineral lands. A great many have been purchased by them, which looks as though they meant business. With proper railroad facilities, the mineral wealth of Bedford county would be opened up to an astonishing extent.

POOR HOUSE APPOINTMENTS.—The Directors of the Poor, at their regular meeting, on Wednesday last, re-appointed the following persons for the ensuing year:—Steward, Samuel Deffenbaugh; Physician, Dr. F. C. Reamer; Miller, Joseph E. Wills; Maj. A. J. Sanson was appointed Clerk vice W. C. Schaffer, Esq., resigned.

Maj. Dibert has sold out the lease, furniture, &c., of the Washington Hotel, to Mr. George Murray, of New York, who has already taken charge of that house. The Major kept an excellent hotel, and no doubt, his successor, who has a large experience in hotel keeping, will keep up the reputation of the Washington.

Those of our delinquents who will be present at court, next week, will do well to remember that we must have money. The yellow slip on the GAZETTE tells plainly to what date the subscription has been paid. Those who are in arrears can thus easily see how much is due us, and come prepared to help us along. If we could get along without money we would not make this appeal to our subscribers. We trust that those who owe us will see it in that light.

FANCY VERBOSITY.—Somebody whose imagination outruns the facts in the case, thus tells what he would do if he was a local editor.

Would I have a time? I wouldn't print a cursed word for less than \$1 a line.

I'd git my grab & lifer, I'd git my grab & lifer, I wouldn't print a cursed word for less than \$1 a line.

I'd git my grab & lifer, I'd git my grab & lifer, I wouldn't print a cursed word for less than \$1 a line.

I'd git my grab & lifer, I'd git my grab & lifer, I wouldn't print a cursed word for less than \$1 a line.

I'd git my grab & lifer, I'd git my grab & lifer, I wouldn't print a cursed word for less than \$1 a line.

I'd git my grab & lifer, I'd git my grab & lifer, I wouldn't print a cursed word for less than \$1 a line.

I'd git my grab & lifer, I'd git my grab & lifer, I wouldn't print a cursed word for less than \$1 a line.

LET HER GO.—The young lady who wakes early, rolls up her sleeves and walks into the kitchen to get breakfast, or assist in so doing, and afterwards, with cheerfulness and sunny smiles, puts the house in order with the assistance of mother, is worth a thousand parlor beauties, who, for want of exercise, complain of ennui and lounge in luxurious ease. The former will make a good wife and render home a paradise; the latter is a useless piece of furniture, and will, to the annoyance of the household, go whirling to the grave. Let her go.

TUMOR REMOVED.—On the 28th ult., Dr. Watson, assisted by Dr. Anderson, both of this place, performed a surgical operation on a young man from Somerset county, named Oldham, by removing a fibrous tumor from the neck, in close proximity to the external carotid artery. Numerous blood vessels ran into the tumor and a branch of the carotid artery nourished and enhanced its rapid growth. Being thus closely situated to the vital organs, the undertaking was a very delicate one and thoroughly tested the skill of the surgeon. The operation was performed in about 20 minutes and Mr. Oldham is now doing well.

STRUCK OIL.—A Bedford County Oil Company in Luck.—A telegram was received by one of our citizens, on last Saturday, stating that a flowing well of 50 barrels had been struck, near Parker's Landing, on the property of the Stump Islands Oil Company, organized in this place, in 1861. Another well is down and will be tested this week. The indications are that this one, too, will be a good well. This is quite comfortable news to the stockholders of the company. While speaking of this matter, we cannot refrain from saying that to the President, William Hartley, Esq., this success must be mainly attributed. Mr. Hartley always maintained that the territory owned by this company was as good as any found in the oil regions, and was untrifling in his efforts to have the same properly tested. A few more such strikes will make the stock a paying institution.

MAN KILLED.—A very sad occurrence took place at Huntingdon one day last week, resulting in the death of a young man named Miles Hampson, from a blow received from another young man named Howard Crewitt. A difficulty existed between them for some time, and on the evening of the fatal occurrence, Crewitt called at the store where Hampson was clerking, and the quarrel was renewed. After some words, the two agreed to go out and settle the matter. In a short time they returned, Hampson having received a severe cut on the head with—as he alleged—an instrument in the hands of Crewitt. His wound was dressed, and no inconvenience was experienced until a few days after when inflammation of the brain took place terminating in his death. Upon examination, it was found that the skull had been broken. Crewitt was held in \$5,000 bail to answer at Court.

VALUABLE ORE.—VEIN IN CUMBERLAND VALLEY.—Mr. William Karns, who has been prospecting for ore, for some time, in Cumberland valley, from the western part of Bedford Southward, informs us that he has found the vein, which has long been known as cropping out at Boydstown, to be 4 feet thick on the lands of William Dunkle 2 miles South of a town. A shaft sunk 7 feet deep shows 4 feet of the very best fossil ore and unusually clean and pure, there being no sand or other admixture. One mile further south the vein crops out 5 feet in thickness. At Strominger's, five miles South of town and three and a half miles from the Bedford Springs the vein is about 8 feet thick, with a perpendicular breast of 300 feet by actual measurement. From this point to the narrow below Bedford, on the line of the Bedford and Hopewell railroad, as projected, a distance of 5 or 6 miles, there is a gradual slope that will admit of carrying the ore down without the aid of engines. The advantages for the erection of furnaces and manufacture of iron at this point will be unsurpassed. The attention of capitalists should be called to it at once. A better day is dawning for Bedford county than she has ever known if the people will only seize the golden moment of opportunity. The completion of the railroad from Mt. Dallas to this point is absolutely necessary, at the earliest possible moment.—Inq.

DEMORST'S MONTHLY.—A splendid Christmas number. This favorite periodical for ladies improves with every issue. Its reliable fashions, its numerous full-sized patterns, its admirable illustrations, and great variety of useful and interesting reading matter, render it by far the most desirable magazine of the day, and in fact indispensable to the ladies living away from the metropolitan centers. It is also the cheapest magazine at \$3 per annum, with a handsome premium, which, for a limited time, may we see, be a large and magnificent engraved copy of Lillie M. Spencer's "Fourth of July Pic-Nic"—a picture worth three times the cost of the magazine. Published at 838 Broadway, New York.

DEMORST'S YOUNG AMERICA.—This sprightly juvenile is constantly improving. A new and most interesting feature consists of a beautiful chromo series of Audubon's American birds, each separate picture of which is fit to frame, and together would form a charming set for a child's room. "Our Paris doll," accompanied by a letter to the little ones, by Mme. Demorest, is another great feature, not to speak of the special Christmas attractions and novelties, and a new story by the author of "Jack and Rosy." Altogether the December number ought to be good for ten thousand additional subscribers to Young America. \$1.50 with a beautiful premium. Publication office, 838 Broadway, N. Y.

COME UP.—We desire to impress upon the minds of those indebted on our books that we are in great need of the small sums belonging to us that are now being carried around in the pockets of other people. We dislike dunning, and if those who are indebted to us would only come forward and pay what they owe, there would be no occasion for us calling upon our debtors or being called on by our creditors.

One Sunday afternoon a lad, so lazy in his motions that he did not go to the church door till the congregation were coming out, said to the first man he met, "What is the date?" "No," said the man, "it is all said, but I think it will be a long time before it will be done."

List of Grand Jurors drawn for November Term, 3rd Monday, 15th day, A. D. 1869: Thomas G. H. Foreman, Joseph Mullin, Isaac Merritt, Andrew Rouser, Jeremiah Clark, Peter Sheehan, James B. Farquhar, John E. H. Fisher, Abraham Cori, John Wolford, Abraham Morgart, Solomon Sater, George Kuleby, Henry Bortz, B. F. Williams, Hezekiah Logue, Robert Montgomery.
