HUNTINGDON AND BROAD TOP R.R. - WINTER ARRANGEMENTS - TIME TABLE - On and after Sept. 16th, passenger trains will arrive and depart as follows:

TO THE PUBLIC. In consequence of the great scarcity of money and our inability to collect from those indebted to us, we have been obliged to suspend. We believe that we have good assets sufficient to pay our debts and hope that our creditors will have patience. We expect to have arrangements made in a few days under which the business will be resumed.

REED & SCHELL. Bedford, Pa., Nov. 16, 1869. Altoona has re-named her streets. Somerset has two weeks of court, commencing on Monday, 22nd inst. Lawyers must sleep more comfortably than people in general - It is immaterial on which side they lie.

School books were never sold cheaper than by H. Heckerman & Son, Bedford, Pa. Poor whisky is called "Fifteenth Amendment" in the South, because it is hard to swallow. There will be six eclipses of the sun and moon next year, but none of them will be visible in the United States.

An exchange says: "It is safe to eat oysters in the shell - if you can." - But "if you can" how can you eat them "in the shells." The cold nights have put a damper on-gate and door stepping. She now says, "come in and shut the door," and in coach the delighted swain.

MEAT CURE. - This preparation is put up by H. Heckerman & Son and is guaranteed to be the best article for preserving meat now known. The new Catholic church, at Ebensburg, was dedicated on Sunday last. The venerable Father Heyden, of this place, assisted in the ceremonies and preached the dedication sermon.

In our list of Poor House appointments, last week, we forgot that of Treasurer. Mr. William Bowles, the old Treasurer, was retained. Heckerman's Reglon has done wonders by relieving the suffering of those who have bunions and who have had their feet frozen.

The "guerrilla" organ of John Scott & Co., heretofore published at Mount Union, has been removed to Huntingdon. How Dad Lewis will blow now! The days are growing provokingly short at both ends - i. e. for those who have anything to do. To those who haven't, it doesn't make much difference where the day begins or ends.

WANTED. - At Crouse's Segar manufactory, five good honest, industrious boys are wanted to stem leaf - Wages good. Apply at once to D. W. Crouse. Job, of old, had a great reputation as a man of patience, but Job M. Shoemaker, has a decided popularity as a Dry goods man. A fine stock just received and selling rapidly, at low figures. Call and see.

An eminent physician says that the white rubber used for nursing bottles and infants' toys is very poisonous, causing sore mouth, skin eruptions, decayed teeth, spinal curvature and death. In Europe the sale of it is prohibited by law. The following interesting items we clip from the Fulton Republican: QUEBY. - What has become of HOLLAM?

PERSONAL. - The Hon. John Cassina and family, started last week, to South Carolina, and will be gone about one month. G. R. Oster & Co., are receiving and opening daily the choicest lot of goods ever brought to Bedford. It is astonishing to see how many goods this firm is selling, all the time. Oster & Co. always keep the best. This accounts for the large patronage they receive.

INSTALLED. - Mr. George Elder, the new Commissioner, took his place in the Board on Monday, etc Mr. David Howars, whose term expired. The retiring member, Mr. Howars, has been a faithful servant of the people, during his term. The new man, Mr. Elder, is one of the best men in the county, and will undoubtedly make an excellent officer. The Board consists, at present of Messrs. Peter M. Barton, Daniel P. Beagle and George Elder.

DWELLING BURNED. - Last Wednesday morning, the dwelling house of Mr. Joseph S. Diehl, of Colerain township, was entirely consumed by fire. Mr. Diehl was in Bedford at the time, and there was no one about the house but a few women. Through the aid of several neighbors, a part of the household furniture was saved. The fire originated from the pipe of the stove. The loss is heavy. No insurance.

To-day, (Tuesday), "It snows! It snows! It snows out the sky, it little feathered flakes do fly," and it looks really as though we were in mid-winter. The prospects of a good fall of snow are very flattering, and in a few days we expect to hear the merry peals of the sleigh bells, and the gay and joyous laugh of the fair belles who enjoy a drive over the smooth surface of the bedded snow. Oh! what delightful sport is sleighing, especially the upsetting into snow banks and other cetera incident to that great enjoyment of winter.

FATAL ACCIDENT. - William Ingard, of Puttstown, Huntingdon county, was killed at the water station, in Saxton, on Monday last, by the passenger train running over him. The unfortunate man attempted to step on the cars while in motion and fell on the track, the train passing over him, cutting him in two, and killing him instantly.

RIOT. - A serious riot took place at Meyers Mills, on the line of the P. & C. Railroad, in Somerset county, one day last week. A number of the railroad hands having indulged rather freely in benzine, undertook to "clean out" the town with stones and other missiles. The citizens failing to appreciate this little diversion of the railroaders, armed themselves and drove the rioters from the field. Several of the latter were wounded, - one seriously.

CANNING EGGS. - The process of "canning" eggs in their own shells is something new. It was explained at a late meeting of the New York Farmer's Club. When two or three dozen eggs are obtained from the nests, place them in a dish and pour scalding water over them, and immediately turn it off. This process is repeated three times, by which means the albumen is fixed or coagulated, the pores of the shells closed and the egg, as it were, canned in its own covering. The eggs thus prepared are then packed in salt, with the apex downward, and they are said to keep perfectly fresh for many months.

CHURCH DEDICATION. - On Sunday, the 28th inst., the new Evangelical Lutheran church of the Dunning's Creek Congregation, will be dedicated to the services of the Triune God. Religious services as follows: preaching on Friday evening; preparatory services on Saturday morning; preaching in the evening; dedication on Sunday morning and communion services in the evening. The President of the Allegheny Synod, Rev. A. Fink, and several other ministers will be present. All the neighboring ministers, and the public generally, are cordially invited to be present.

CHURCH DEDICATION AT NEW PARIS. - Trinity Reformed Church, built during the summer and autumn, in the village of New Paris, in the western portion of this county, was dedicated with suitable solemnities to the worship of the Triune God, on Saturday, November 6th, 1869. The pastor, Rev. N. H. Skyles, was assisted in these interesting services by the Rev. W. M. Deatrick, of Friend's Cove, who preached the dedicatory sermon. The building is a neat, plain, and comfortable one, costing about thirteen hundred dollars. Its dimensions are forty-five feet in length by thirty feet in width. About six hundred dollars were raised, at the time of the dedication, towards the debt still resting on the church.

A LIVELY WOOD SCENE. - The Lutheran parsonage was completely surrounded by a large party of wood haulers, on last Wednesday. No doubt the good pastor, Rev. J. Q. McAtee, is prepared for almost any emergency, but this large army of stalwart men from the hills and valleys about Bedford, coming as they did with their fire, took the Bishop by surprise, and the best thing he could do was to surrender at discretion which he did gracefully, and even treated the besiegers to the best his larder could furnish. After all it was a pleasant affair, and the more the event of that day is discussed during the cold wintry weather, the warmer will the folks at the parsonage become on the subject.

IMPORTANT DECISION. - We are informed that the Commissioner of Internal Revenue has decided that Farmers who peddle and sell Flour, although made of grain raised on their own farms are liable to pay a special tax on this decision, however we understand does not prevent farmers from selling flour, made of their own grain, at their residence, provided the sales do not exceed \$1,000 annually. Nor does it prevent farmers from delivering such flour where ordered, when thus purchased. The law is intended to prevent the solicitation of orders or peddling.

AN EXCITING SCENE IN THE COURT ROOM. - A Woman Seeks to Avenge her wrongs. She Throws Sulphuric Acid into the Face of her Betrayal! - The court room, on Monday afternoon last, was the scene of an unusual and exciting occurrence. A young lady who had been cruelly wronged, and who had sought redress through the strong arm of the law, and finding that process a rather tedious one according to her notions, undertook to take the case out of the hands of the court and jury, by inflicting a sudden and terrible punishment on the young man who had betrayed her of all that is dear to woman's heart - a virtuous name. Several hours before the tragic scene in the court room, the young lady in question had procured at one of our drug stores, a quantity of sulphuric acid which she put into a common tin cup and carefully concealed the same under her shawl. She took a chair inside the bar with her attorneys, and when her betrayer came into her presence, she motioned him to come to her, and when he had reached the proper distance she threw the contents of the cup at him, intending to strike him in the face, but as he dodged, the greater portion of the acid was received on his head. This scene created quite a buzz in the court room. Lawyers in the vicinity of the affair had their broadcloth ruined, for wherever the acid touched, a brilliant scarlet was produced. The young lady was immediately arrested and sent to jail, while the injured youth was placed under medical treatment, and is now doing well. Subsequently the woman was taken out of jail and held in \$1,000 bail for her appearance at the Quarter Sessions.

LOTS SOLD. - On Saturday last, J. W. Lingenfelter, Esq., agent for Mrs. Brashear, sold 21 town lots, adjoining the "Watson extension." They were purchased by the following parties at the prices annexed. S. L. Russell, 4 lots, \$117.00 each. Robert Stockman, 6 " 117.00 " J. W. Miller 5 " 147.50 " Henry Bollinger, 3 " 123.66 " Emanuel Smith, 5 " 126.00 " C. A. Points, 1 " 401.00 "

GOVERNMENT. - Rev. A. J. Barrow, Rector of St. James Episcopal church of this place, has received and accepted a call from the church at Evanston, Ill. He preached his farewell sermon in the court house, on last Sabbath evening. Mr. Barrow has been in Bedford ever since the establishment of the Episcopal congregation at this place - four years ago, - and has labored assiduously for the erection of a neat church edifice which is now partially up. The many friends of Mr. Barrow wish him success in his new field of labor. The parish will be left without a Rector for the present, but we learn will be supplied in a short time.

FIRE. - We learn from the Somerset Democrat, that on Friday afternoon, the 5th inst., a stable belonging to Mr. C. Krissinger, at Berlin, took fire from the sparks from the Berlin Foundry, and burned, with all its contents. It being a very windy day, the fire was communicated to the stable of Mr. Josiah Donner, which was also consumed with the entire contents. These stables were filled with hay, straw, &c., and the latter contained thirty-five bushels of wheat and a fat hog which were burned. Some of the dwelling houses in the vicinity had several times caught fire, and but for the coolness and almost superhuman work of the citizens, a general conflagration would have been the result. Among other incidents may be mentioned the fact that Emanuel Meyers came very near falling from the top of Mr. Krissinger's new building. While engaged on the roof, he lost his balance, and caught at some bricks in the chimney; the bricks came out, and he caught, by lucky chance, on the eave of the roof, and thus saved himself from a fearful fall and almost certain death.

ADVERTISEMENTS FIRST. - When a young lady takes up a paper, she glances first at the marriages and "personal," an old lady at the deaths; a boy at the stories; the average man the news. It is only the shrewd young business man, remembering the adage, "business before pleasure," who commences in the right way, by reading the advertisements first. This, indeed, is putting a newspaper to its best use. A man who so uses it is sure to keep "posted" - to know what is going on in the busy world around him - to know where he can dispose of what he has to sell. And there is no fear but what he will get all that is valuable in the paper besides. We have heard a business man say that he thinks fifty per cent. better of a young man when he sees him, after taking up a paper, dive first into the advertising columns. It is certainly an invaluable habit for man to form - and woman, too, for that matter. If everybody who takes a newspaper would make it a point to study the advertisements before being led away by the other attractions of the paper, he would immensely benefit advertisers, immensely benefit the community. Newspapers act, like money, the part of lubricating oil to the machinery of business. They aid it to run smoothly and rapidly, and the more people make use of them, the more use they can be to them.

PETERSON'S MAGAZINE for December is on our table in advance. It is a splendid number, with two steel engravings, a mammoth fashion plate, a colored pattern of Berlin work, and nearly fifty wood cuts. We do not wonder at the immense circulation of "Peterson," - said to be the largest in the world - for it really gives more for the money than any other. Every lady ought to subscribe for it. Its Mammoth Colored Fashion Plates are always the latest and prettiest. Its stories are the best published anywhere. In 1870, in addition to its usual quantity of short stories, five original Copy-right Novels will be given. About 1,000 pages of reading matter will be given in 1870, 12 Mammoth Colored Fashions and 14 superb Steel Engravings. The Magazine will be greatly improved. The terms, however, will remain at Two Dollars a year to single subscribers. To Clubs it is cheaper still, viz four copies for \$6.00, with a large engraving (21 inches by 16), "Our Father Who art in Heaven," as a premium to the person getting up a club; or eight copies for \$12.00, with both an extra copy of the Magazine and the engraving as premiums. We can speak from personal knowledge, of the beauty of this engraving. Now is the time to get up clubs for 1870. Specimens of the Magazine sent gratis. Address Charles J. Peterson, 506 Chestnut Street, Philadelphia.

BAIRD'S MONTHLY MAGAZINE. - We are in receipt of this marvellously cheap and handsome Magazine for December. Its table of contents is varied and charming, embracing the usual fine variety of serials, sketches, stories, poems and attractive engravings. The publishers announce in the prospectus for the coming year, a serial story for adults, by the popular Magazine writer, James Franklin Pitts, and a juvenile serial by the young people's favorite, Horatio Alger Jr. The price of this periodical is a marvel to everybody - a hundred page first-class illustrated Magazine for fifteen cents, or \$1.50 per year, is indeed wonderfully cheap. Elliott, Thomes & Talbot, Publishers, Boston, Mass.

BRAINARD'S MUSICAL WORLD for November is on our table, and is a most attractive number, filled with beautiful new music and interesting reading. The Musical World is the best and most popular musical magazine in the country. Each number contains twenty pages of new music and valuable reading. Owing to its immense circulation (over 20,000 copies) it is furnished at the low price of \$1.00 a year. Elegant premiums are given for clubs, consisting of pianos, organs, sewing machines, writing desks, ladies' work-boxes, chromos, books, music, &c. We advise all our readers to send ten cents to the publishers, S. Brainard & Sons, Cleveland, O., and they will receive specimen copies, with a large amount of choice music, new premium list, &c., by return mail. The Seneca tribe, near Buffalo, have just lost, by marriage to a young palface, their favorite adopted white daughter, of 17, whose Indian name means "blue sky filled with music." The bride wore white lace and orange flowers. The civilized ceremony of matrimony was followed by coppery speeches and congratulations.

THE SKELETON OF A MAN was found in an old mine, near Scranton, by a surveying party. It proved to be that of Martin Cain, who has been missing for months past. The skeleton was found near an air shaft, but how it came there is a mystery.

A young lady while going to her wedding in Roundout on Sunday was thrown from the carriage and broke her leg. It was proposed to take her to a physician and have her limb set, but she refused, saying she was going to be married first. And, as usual, she had her way.

Two million three hundred thousand money orders were issued by the Post-office Department during the year ending 30th June last, embracing an aggregate of 46,000,000, amounting to 16,000,000 per cent.

POISONED. - Two farmers in Huntingdon county, were poisoned one day last week, by eating a root which they thought was spikenard, but which was acornite, or wolf's bane. Shortly after eating it, they were attacked by violent pains. The one drank water and almost instantly expired. The other drank milk, which acted as an antidote, and recovered.

PETER'S MUSICAL MONTHLY for November has been received. This excellent musical periodical is unsurpassed. The present number, has ten pieces of original music, besides a great deal of interesting literary matter. Published by J. L. Peters, 399 Broadway, New York, at \$3. per an. Court is in session this week, with a fair attendance. The Commonwealth list is heavy, while civil cases are few. We will give full proceedings next week.

In a forest tree lately cut down in Wisconsin was found an Indian arrow-head, completely embedded and grown over. It appears from counting the layers of wood over it, that ninety years have elapsed since the arrow which it tipped was shot at the tree. Mrs. Bryant, of Freedom, Ohio, made a suit of gray clothes for herself fifty years ago, and never used them till last week. And yet her son-in-law was anxious to see her try them on from the very start.

CHEAP PAINTING. - 100 lbs of the PRIMA COMPANY'S COLOR PAINT (costing \$12.50) will paint as much as 350 lbs of Lead, and wear longer. For particulars address S. BROWN, Sec'y., No. 150 N. Fourth St. Philada. Oct 1st.

COLBURN'S PATENT RED JACKET AXE. Is better than our regular shaped Axes for these reasons: First - It is made of the best iron. It doesn't stick in the wood. Third - It is not far from the hand. Fourth - No time is wasted in taking the Axe out of the wood. Fifth - It is the same labor you will do one third more work than with regular Axes. Red jacket has nothing to do with the good qualities of the Axe. For all our Axes are painted red. If your hardware store does not keep our goods, we will gladly answer inquiring or fill your order direct. Give us the name of the nearest dealer who keeps our Axes. LIPPINCOTT & BAKER, WELLS, Pittsburgh, Pa. Sole owners of Colburn's and Red Jacket Patents. oct 29/69
