PATAPSCO
Guano Company's
AMMONIATED SOLUBLE
PHOSPHATE

A crop grower and improver of the soil. For TOBACCO, GRAIN, GRASSES and ROOT CROPS, it has no superior. It contains all the stimulating qualities of Peruvian Guano with the lasting properties of Bone. NEALE, HARRIS & CO., General Agents, No. 26 Commerce street, Baltimore. Keep the PatapSCO Guano in all cases as near the surface as possible.

CERTIFICATES.

Morganza, St. Mary's Co., Md., Oct. 12th, 1867.
Messrs. Neale, Harris & Co.—
Gents—I used the PatapSCO Guano on my Tobacco crop last year. I applied it in the fall at the rate of 200 lbs per acre, side by side with the same quantity of Peruvian Guano. I saw no difference in the growth of the Tobacco at cutting time. When I stripped it I found the Tobacco grown from "PatapSCO" had cured much finer than that grown from "Peruvian," and when sold that grown from "PatapSCO" sold for \$2 per hundred more than that grown from Peruvian. All made on the same kind of land.
Most respectfully,
C. J. RUSSELL.
Ca Ira, Cumberland Co., Va., Dec. 21st, 1867.
Messrs. D. T. Williams & Co., Richmond Va.
Gents—The PatapSCO Guano purchased from you was used on my Tobacco crop at the rate of 200 lbs per acre in the drill. It was placed with the result. It acted equally well as "Peruvian Guano," and I used PatapSCO upon my Tobacco beds and believe it to be better than Peruvian for plants, and export to use next year.
Yours, &c.,
C. L. GLOON.

NEWARK MACHINE WORKS,
NEWARK,
Delaware.

WE call the attention of the Farmers of St. Mary's county to our Improved Diamond State Thresher and Cleaner and double-sewing Separator. The practical operation of these machines is such as will warrant us in advising those in want of threshers and cleaners to examine ours before purchasing elsewhere. We manufacture three sizes—No. 1 36 inch cylinder. No. 2 30 inch cylinder. No. 3 24 inch cylinder. The latter is represented by cut at the head of this advertisement in operation with two Horse Railway power. No. 1 is suitable for large plantations and may be worked by either horse or steam power. They are warranted to suit purchasers and are made of the best materials and workmanship, the lumber being selected and the gears and shafts made of galvanized sheet iron. The machine is a model of simplicity in its construction and operation—is of great strength, capacity, durability and ease of adjustment—its work is equalled in the manner and the price of it is below that of others in the market. We are not troubled with complaints about the waste of grain. It can be easily changed into a thresher and separator by removing the fan and shoes. Two and Three Horse Railway Powers, Lever Powers, &c. Send for a Circular.

Sherwood House
AND
DINING ROOMS,
ON THE EUROPEAN PLAN,
Corner of Fayette and Harrison streets,
(opposite the Maryland Institute),
Baltimore,
Md.
Sept. 19, 1867-4f.

THE above well known House has recently been opened by C. P. Barnard, formerly of the American Hotel, Washington, D. C., and has capacity to accommodate over a hundred people with lodging, and has spacious and nicely furnished rooms for families. Connected with the House also is a ladies' dining room. The strictest order is maintained and accommodation servants always at hand. The House is open at all hours. The advantage of a Hotel upon the plan of the Sherwood House is, that the guest can accommodate the price of his living to his own means, paying only for what he gets. The Sherwood House has recently been newly furnished and refitted, and being in a central and business part of the city, offers unusual inducements to travellers. A full trial is invited, and patronage from St. Mary's county solicited.

ANDREW GOE'S
Super-Phosphate of Lime.
I have the honor to acknowledge the receipt of a letter from L. A. Lancaster, of Rock Hall, Charles County, Md., dated April 15th, 1868, Messrs. HERBERT & HAIRSTON, Baltimore. Gentlemen—I am satisfied that Andrew Goe's Super-Phosphate of Lime is a most valuable Fertilizer for Corn or Tobacco. Yours, respectfully,
IGNATIUS A. LANGASTER.
Letter from Charles A. F. Shaw, Black Friars, Charles Co., Md. April 4th, 1868. Messrs. HERBERT & HAIRSTON, Baltimore. Gentlemen—I consider Andrew Goe's Phosphate the best Fertilizer I have ever used on Corn, Tobacco and vegetables. I did not use it on wheat, as my soil was too much out of repair, but am satisfied it is equally good for wheat. Yours, respectfully,
CHAS. A. F. SHAW.

DEBILITY.
Every one at times feels the necessity of something to tone up the system depressed by mental or bodily exhaustion. At such times let every one instead of taking alcoholic or medicinal stimulants, which afford only a temporary relief, re-invigorate his debilitated system by the natural tonic elements of the PERUVIAN SYRUP, or Protected Solution of the Protoxide of Iron, which vitalizes and enriches the blood by supplying it with its Life Element, Irons. Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an IRON CONSTITUTION.
WM. C. STERLING, Esq., of Poughkeepsie, N. Y., says: "Since taking the Peruvian Syrup I feel better, my strength is improved, my bowels are regular, my appetite first rate. There is an old Physician in this city (older than I am), who has been in the Drug business for 40 years, who has used the Peruvian Syrup monthly, and gives it as his decided opinion that it is the best Alternative Tonic Medicine he ever knew. For Debility, Debility, and Female Weakness, the Peruvian Syrup is a specific. A 32 page pamphlet sent free. The genuine has 'PERUVIAN SYRUP' blown in the glass. J. P. DINSMORE, Proprietor, No. 36 Dey St., New York.
Sold by all Druggists.
