Messrs. Herbert & Harston, Baltimore, Md. GENTLEMEN: - In reply to your inquiry of the effect of Andrew Cole's Phosphate, it gives me pleasure to say I used it on Irish Potatoes, a good deal of rye and wheat, and found the greatest difference in favor of the Phosphate. MARYLAND LIFE INSURANCE COMPANY.

THE progress of Life Insurance in the United States proves this great triumph of modern science and philanthropy to be one of the most successful and profitable of our social reforms.

The wisdom of all ages has devised nothing that compares with it. It is so manifestly good, that it is difficult to see how an intelligent man, with proper concern for the welfare and protection of his family, can fail to avail himself of its benefits.

Life Insurance leaves ready money to settle estates to advantage. It will prevent a sacrifice of property, and man dies debtless. It is subject to no tax during life, nor on the death. Court expenses after death. It is exempt by law from all men of just attributes.

Our Maryland Company commends itself to the confidence and patronage of our people in all parts of the State. Its directors are men of known integrity and ability, to whom the public may look with confidence for a just and careful supervision of its affairs. It must be clear to every intelligent mind that, if we would secure the largest property to our State and people individually, we must build up our institutions and keep our capital as it is.

Had the five million dollars sent out of the State annually for insurance been invested at home, it would have done favorably upon our own wealth and commerce. This is emphatically our country's case, and it is our duty to insure without sending the money out of our own State. The affairs of the Company are managed with economy.

Now, dear sir, in view of all the advantages of Life Insurance as an investment - the uncertainty of life - the strong claims of wife and children upon husband and father - the uncertainty of business, and all the ordinary means of investment - is it not the moral duty of every man to put something in a form that will prevent want and distress, or trouble on the part of those he loves?

It all means insurance, and do it at once to the Maryland Company. The officers of this Company are: GEO. P. THOMAS, President, A. K. FORD, Secretary.

BOARD OF DIRECTORS: Hamilton Easter, Geo. H. Hilner, Alex. A. Chapman, Thomas Cassard, Geo. P. Thomas, William Devries, Hugh Sisson, Charles Webb, Hiram Woods, Jr.

A. MERRIS, State Agent. THE COMPANY OFFICE: Judge Magruder, Judge Ford, Judge Mason, Hon. Fred Stone, Barnes Compton and Editor of Beacon.
