

ARLAND LIFE INSURANCE COMPANY.

The progress of life insurance in the United States proves this great crowning triumph of modern science and philanthropy to be one of the most marvelous features of our civil economy.

The wisdom of all ages has devised nothing that compares with it. It is so manifestly good, that it is difficult to see how an intelligent man, with proper concern for the comfort and protection of his family, can fail to avail himself of its benefits.

Life Insurance leaves no money to settle the estate to advantage. It will prevent a sacrifice of property if a man, die in debt. It is subject to no tax during life, nor (Ordinary) Court expenses after death. It is exempt by law from debt. It is rapidly becoming a fact that all men of just attributes desire.

Our Maryland Company commends itself to the confidence and patronage of our people in all parts of the State. Its directors are men of known integrity and ability, to whom the public may look with confidence for a just and careful supervision of its affairs. It must be clear to every intelligent man, that if we could secure the largest property to our State and people individually, we must build up our institutions and keep our capital at home.

Had the five million dollars sent out of the State annually for insurance been invested at home, it would have just attracted to our own wealth and commerce. This is emphatically our Company—gotten up by our best merchants to afford the opportunity for all to insure without sending the money out of our own State. The affairs of the Company are managed with economy.

Such has been our marked success that we were able after the second year to declare and pay in cash a large dividend as the oldest and largest company in the United States. The Company feel greatly encouraged by the patronage and co-operation of the insured, and solicit a continuance of the same. The laws of trade, commerce, self-interest and self-interest combine to make this Company for us.

Now, dear sir, in view of all the advantages of Life Insurance as an investment—the certainty of the return—the strength of the company and the children upon husband and father—the certainty of business, and all the ordinary forms of investment—is it not the natural duty of every man to put something in a form that will prevent war and distress, or trouble on the part of those he loves?

Do all more insure, and do it at once in the Maryland Company. The officers of this Company are:

Geo P Thomas, President. A K Ford, Secretary.

BOARD OF DIRECTORS: Hamilton Ester, Geo H Hilner, Allen A Chapman, Thomas Casard, Geo P Thomas, William Devries, Hugh Sison, Charles Webb, Hiram Woods, Jr.

A J MYERS, State Agent. Judge Magruder, Judge Ford, Judge Mason, Hon Fred Stone, Barnes Compton and Editor of Beacon.

Geo P Thomas, State Agent, will be in Leonardtown during the first week of Court to transact the business of the company, and will also insure property in Baltimore Companies.

Aug 27, 1868—4f.

Land Agency.

The undersigned has formed a limited co-partnership, as agents for the sale and purchase of Real Estate. Persons having Farms for sale, or who wish to purchase, will do well to communicate with either of the undersigned.

JOHN H. MILBURN, Jr., Great Mills, St. Mary's Co., Md. F P HOLLISTER, Montrose, Sassaquan Co., Pa.

Aug 28, 1868—4f.

The Best in the World. SCIENTIFIC AMERICAN FOR 1869.

The SCIENTIFIC AMERICAN is the largest, the best, the cheapest, and the most popular Journal in the world, devoted to Invention, Mechanics, Manufactures, Art, Science and General Industry, and contains a vast amount of very interesting and valuable reading matter for all classes.

Among the many important subjects discussed, are Steam and Mechanical Engineering in all its branches, Chemistry and all its varied Processes and Discoveries, Agriculture and all Improved Farm and Household Implements, Architecture and Building, Mining and Metal Working, Fire-arms Manufacturing, Photography and the Fine Arts, New Inventions, Scientific Sports, and Games, Popular Lectures upon Scientific and Mechanical Subjects, Articles by Able Writers, Practical Workshops and Household Receipts, and many other things instructive and useful to all classes of readers.

Each number contains from five to ten Original Engravings of New Machines and Processes, also an official list of Patents granted at the Patent Office, with names of Patentees, together with illustrations and editorial notices of the principal inventions. The numbers of the SCIENTIFIC AMERICAN for one year make up two handsome volumes of 416 pages each, full of choice reading and illustrated by hundreds of SPLENDID ENGRAVINGS.

The New Volume commences January 1st, therefore now is the time to send in Subscriptions to begin the Volume.—TERMS: THE SCIENTIFIC AMERICAN is issued every week in 16 large quarto pages at \$3 a year; \$1.50 for 6 months; Clubs of ten names or upward, \$2.50 each per annum.

Specimen Numbers sent free. MUNN & CO., Publishers, 37 Park Row, New York.

The Publishers of the SCIENTIFIC AMERICAN, for more than twenty-three years have been the leading Publishers of American and European Patents, and have published over thirty thousand articles on the Patent Office. An illustrated Pamphlet of 110 pages, containing the Patent Laws and Information to Inventors, sent free.

Dec 17, 1868.

THE RIVERSIDE FOR 1869.

This favorite magazine for the young announces the following as among the notable features of the coming volume: 1. New Stories, contributed especially to "Riverside" in advance of their publication in Denmark. By Hans Christian Andersen.

2. A Social, "White and Red," of thrilling adventure and luminous scenes amongst our own noble Indians. By Mrs. Weems, author of "Ainslie".

3. Stories from Spenser and Chaucer. By the author of the popular stories from Shakespeare.

4. Papers on Invention and Art; how statues are made, how telegraphs are worked, how a new and ready photograph, etc., etc.

5. Hunting in South Africa; Streets of Constantinople, American Cities, New Orleans, Baltimore, Philadelphia, New York, Boston, etc., etc.

6. Life on the Prairie. Fort Crayon's Young Explorations.

7. Excursions, Fairy Pictures and Poems.—Graceful tales by popular writers.

8. Illustrations of the Bible, History, Nahum, History, Biography, Curiosities, etc.

9. Fun and Frolic in all sorts of forms. The list of writers for the "Riverside" includes the names of Jacob Abbott, Hans Christian Andersen, Alice and Phoebe Cary, Nellie Taylor, F R Gouling, Paul H Hayne, Horace E. Scudder, Helen Weeks, Vieux Montache, Author of "Seven Little Sisters," etc.

A full-page Frontispiece and a number of large Illustrations in every number. A BRILLIANT ILLUMINATED COVER.

TERMS OF SUBSCRIPTION: Three copies, \$2.50 a year in advance; three copies, \$2.50; five copies, \$10.00; ten copies, \$20.00 and an extra copy gratis. Price to clergy-men and teachers, \$2.00 per year. Single copies 25 cents.

A prospectus containing a full account of the plan for the coming volume, rates of clubbing with other magazines, special premiums, etc., etc., will be sent promptly on application to the Publishers.

HURD & BOUGHTON, Publishers, 459 Broome St., New York. Nov 26, 1868.

"HEARTH AND HOME,"

WE shall issue on or before January next, the first number of a Rural and Family Paper—to be published thereafter Weekly, and to be devoted to all that pertains to Country Life in its broadest sense.

It will not be partisan or sectarian. It will be called HEARTH AND HOME, and will be under the general Editorship of Mr Donald G MITCHELL; while its Home and Fireside Departments will be subject to the supervision of Mrs HARRIET BECKER STONE, who will also contribute regularly to every number.

A large corps of associate Editors, of high reputation in their special departments, has been enlisted in support of this enterprise; and no labor or expense will be spared to make our paper—in subject matter as well as illustration—worthy of a place in every household in the land.

PETTINGILL, BATES & CO., Proprietors, 37 Park Row, New York. Nov 26, 1868.

USE WINSLOW'S DYSPEPSIA CURE, the best remedy extant for Dyspepsia, general debility, etc., sold every where.

USE MURDOCH'S ANTI-BILIOUS PILLS for the cure of Bilious complaints, colds, etc., sold every where.

USE CASPARI'S FROST LOTION—sold every where.

BURROUGH BRO'S, Wholesale Druggists, Light St. near Pratt St. GEO. M. DAVIS, No. 142 West Pratt St., Baltimore. Oct 23, 1868—4f.

"THE PERSICATOR," OR PEACH MANURE.

SOLUBLE PHOSPHATE OF POTASH.

The exterminator of RUST, SPORES and INSECTS that infest CORN and WHEAT.

The "Top-Dressing" for GRASS and CLOVER.

For TOBACCO and CORN it affords the most concentrated form of SOLUBLE PHOSPHATES AND POTASH.

The food which forms the mineral part of the plant, so well known to all intelligent planters, furnishing the very elements that are removed with every crop, and are deficient in cultivated soils, both in EUROPE and AMERICA, and in all farm manures.

CHEAPER THAN WOOD ASHES.

Supplying the peculiar elements of the PEACH.

ORCHARDS manured with the "PERSICATOR" bore last year abundantly—and "Hundreds of Thousands of Trees" in the same neighborhood, that did not yield a single Peach.

DISEASED TREES, with yellow leaves, under the influence of the "PERSICATOR," produced a dark green foliage in a few weeks.

CORN stands "to a hill," even in the midst of other hills, injured by the insect, that were not manured by it.

No LIME should be applied to land without its co-operation, as its influence is largely increased as time, and when slacked with it, other advantages result in the economical use of the POTASH.

For sale by WM CRICHTON & SON, Agents and Patentees, Bowly's Wharf, Baltimore, Md. May 20, 1869—1m. 5555

RUST AND SMUT IN WHEAT AND OATS.

THE CAUSTIC POTASH PHOSPHATE CALLED "PERSICATOR."

A fine, dusty powder, sown as plaster, it reaches every plant and destroys the spores of these pests—Rust, Smut and Insects everywhere.

One bushel will save an acre of wheat, and pay seven-fold as a permanent manure thereafter.

Try only one barrel, leaving the rest of the field unmanured by the Persicator for comparison.

Price \$3 per barrel. For trial only. Send for a Circular to WM CRICHTON & SON, Wood Street, Bowly's Wharf, Baltimore. May 20, 1869—1m.

ADAMS, ROWEN & CO. WHOLESALE GROCERS & LIQUOR DEALERS.

No. 57 West Pratt Street, 2d Door from Commerce street, BALTIMORE.

FRANK L. MORLING Florist, Seedman and Nurseryman.

STORE NO. 2 NORTH EUTAW STREET BALTIMORE. Nurseries on the Hedges town road, adjoining Druid Hill Park.

Would invite the attention of the citizens of the county to his stock of GARDEN SEEDS, FRUIT TREES, GRAPE VINES, and all small Trees, Green House, Hot house and Hardy Plants, Roses, and Flowering Shrubs and all kinds of Vegetable Plants.— See, &c., 1867—1y.

MITCHELL, HOWARD & CO. GENERAL PRODUCE FORWARDING AND COMMISSION MERCHANTS.

No. 11 COMMERCE STREET, BALTIMORE.

FOR SALE.

WILL sell at private sale, all the land I own in St. Mary's county, Maryland, consisting of several valuable tracts on the river and in the forest.

Terms liberal. Apply to R H MILLS, Minestown, P. O., St. Mary's Co., Md. March 18, 1869—4f.

IMPORTANT LECTURES TO GENTLEMEN ONLY, ON INTERESTING, INVALUABLE AND SCIENTIFIC SUBJECTS.

HOW TO LIVE and WHAT TO LIVE FOR Are delivered DAILY at the BALTIMORE MUSEUM OF ANATOMY. Those unable to attend can receive a copy of the LECTURES by forwarding 25 cents to the Secretary of the BALTIMORE MUSEUM OF ANATOMY, 74 W. Baltimore St., BALTIMORE, Md. April 15, 1869—1y.

HARPER'S NEW MONTHLY MAGAZINE.

Critical Notices of the Press.

The most popular Monthly in the world by New York Observer.

We most refer in terms of eulogy to the high tone and varied excellence of Harper's MAGAZINE—a journal with a monthly circulation of about 170,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American People; and the popularity it has acquired is merited. Each number contains fully 144 pages of reading matter, appropriately illustrated with good wood-cuts; and it combines in itself the racy monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—Tribune's Guide of American Literature, London.

We can account for its success only by the simple fact that it meets precisely the popular taste, furnishing a variety of plain and instructive reading for all.—Zion's Herald, Boston.

SUBSCRIPTIONS.—1869. Terms: Harper's Magazine, one year, \$4 00. An Extra Copy of either the Magazine Weekly, or Bazar will be supplied gratis for every Club of Five Subscribers at \$4 00 each, in one remittance; or Six Copies for \$20 00.

Subscriptions to Harper's Magazine, Weekly, and Bazar, to one address for one year, \$10 00; or two of Harper's Periodicals, to one address for one year, \$7 00.

Back numbers can be supplied at any time.

A Complete Set, now comprising Thirty-seven Volumes, in neat cloth binding, will be sent by express, freight at expense of purchaser, for \$2 25 per volume. Single volumes, by mail, postpaid, \$3 00. Cloth cases, for binding, 68 cents, by mail, postpaid.

The postage on Harper's Magazine is 24 cts. a year which must be paid at the subscriber's post-office.

* Subscriptions sent from British North American Provinces must be accompanied with 24 cents additional, to prepay United States postage. Address HARPER & BROS., New York. Nov 26, 1868.

D. E. THOMAS & CO., No. 56 E. Falls Avenue, Baltimore, Md. Feb 6, 1869—4f.

AGENTS WANTED FOR NIGHT SCENES In the Bible.

By Rev. Daniel March, D. D. For full, free, flowing, clear, sparkling, pure and graceful style; for poetic genius; for beauty of thought and rich glowing imagination; for nice analysis of character; graphic delineations and ripe scholarship; for life-like pictures; glowing words and happy illustrations, this work has no equal. Such commentators as the above, have not since this Fall, I saw the use of it or of the latter part of September, and at this time it bids fair to make as good a crop as I ever produced by the use of Peruvia or any of the expensive Guanos. I have every confidence in it. It is only to be tried to be appreciated.

Yours Respectfully, JOHN E. WILLIS, Anne Arundel Co., Md., Nov. 10th, 1868.

Mess O P MERRYMAN & Co., Baltimore, Md. Gentlemen—In answer to your enquiry as to what I think of your Raw Bone Phosphate purchased in July last, allow me to say—I gave it a fair trial on cabbage by the side of three other Fertilizers of acknowledged merit and found it equal if not better than the other, and at less cost. I am so well satisfied with it, I intend to use it the coming Spring. Yours Truly, BENJAMIN R. YOEF & CO. Feb 25, 1869—3m.

FLOUR. WM. R. HOWARD, FLOUR DEALER AND COMMISSION MERCHANT.

No. 2 SPEAR'S WHARF, BALTIMORE. Good to Choice Fine, Super, Extra and Family Flour suitable for baking constantly on hand. March 4, 1869—3m.

WM. BISCOE, Permanent and Transient Boarding.

No. 90 MULBERRY ST., Between Howard and Eutan sts. Baltimore. Nov 7, 1867—4f.

ANDREW COE'S Super-Phosphate of Lime.

Extract of a letter from Wm. G. Gough, Medley's Neck, St. Mary's Co., Md., January 26, 1869.

Messrs. Herbert & Hairston, Baltimore, Md. GENTLEMEN—I used Andrew Coe's Super-Phosphate of Lime on my Corn crop last spring at the rate of 75 lbs. to the acre in the hill, and it affords me pleasure to state that the result was perfectly satisfactory. My corn looked green and healthy during the whole season, the ear was well filled and the yield large, and I conscientiously believe it to be the best fertilizer in use in this section. I shall want more for my corn and tobacco next spring.

Yours, respectfully, WM G GOUGH. Letter from G. A. Simms. Leonardtown, St. Mary's Co., Md. January 25th, 1869.

Messrs. Herbert & Hairston. GENTLEMEN—In reply to your inquiry of the effects of Andrew Coe's Phosphate, it gives me pleasure to say I used it on Irish Potatoes, a considerable well rotted manure, and found the greatest difference in favor of the Phosphate. The Potatoes were as large again and a great many more in the hill. I also used it on my Corn and Tobacco with entire satisfaction. I used it on my fall Wheat and at present see no difference in that and Peruvia Guano and Bone, I regard it a valuable fertilizer.

Very respectfully, G. A. SIMMS. FOR SALE BY HERBERT & HAIRSTON, Tobacco and Grain Commission Merchants, No 19 Camden Street, Baltimore, General Agents.

Apply to V. CAMALIER, Agent for St. Mary's county, May 14, 1868—6m. Feb 25, 1869—4f.

BONE DUST, BONE DUST GRIMES' PATENT RAW BONE PHOSPHATE, AT \$40 PER TON.

THE past two years have fully realized this RAW BONE PHOSPHATE to be the Cheapest and Best in the Market, and unsurpassed by the highest priced Guanos, its advantages to WHEAT, OATS, POTATOES, WHOLESALE, GARDEN, TRUCK GRASSES, &c., has been fully and most satisfactorily tested. Finely ground and suitable for drilling, put up in Bags of 100 lbs. each.

250 READ THE FOLLOWING CRITICISMS: "I used the 'BONE DUST' on my Corn and Potatoes, and found it to be the best fertilizer I ever used. It acted as quickly and as well as any other fertilizer I ever used, and as well as any other fertilizer I ever used, and as well as any other fertilizer I ever used." "I used the 'BONE DUST' on my Corn and Potatoes, and found it to be the best fertilizer I ever used. It acted as quickly and as well as any other fertilizer I ever used, and as well as any other fertilizer I ever used, and as well as any other fertilizer I ever used."

"This is a good manure of itself, Dr. Stewart's formula prescribes some bones, and I think no farmer can afford to neglect it. The result has been most gratifying. I have never seen any other fertilizer act as quickly and as well as this. I used it on my Wheat last fall with equally good results." "I used the 'BONE DUST' on my Corn and Potatoes, and found it to be the best fertilizer I ever used. It acted as quickly and as well as any other fertilizer I ever used, and as well as any other fertilizer I ever used, and as well as any other fertilizer I ever used."

Yours truly, G. W. MULLIKIN. Weiland, Danville, Va., September 5, 1868.

Gentlemen—I gave the REDONDA ISLAND GUANO a fair trial by itself, and combined with Peruvia, on my Tobacco, this spring. I saw no difference between its effects and the Peruvia when applied separately, but when applied together in the proportion of one of Peruvia to two of Redonda, the growth is about 25 per cent. larger." W. F. DOYLE.

A liberal deduction made to Dealers and Purchasers of large quantities. WM CRICHTON & SON, General Agents for United States, Wood Street, Bowly's Wharf, Opposite Corn Exchange, Baltimore, Md. April 8, 1869—1m.

Persons desiring to secure bargains, would do well to call and examine my stock before going elsewhere to purchase. May 4, 1867—1y.

REDONDA GUANO. THE CHEAPEST AND MOST SUCCESSFUL FERTILIZER EVER INTRODUCED INTO THIS COUNTRY.

The REDONDA GUANO has now been used extensively for three years upon every description of crops, and with the most unprecedented success.

"REDONDA" is a pure, natural Guano, entirely uniform in its character.

For SPRING CROPS it has not been surpassed.

On TOBACCO, while the plant did not grow off as rapidly as with Peruvia, it has matured with maturity, and is much richer and heavier than from Peruvia alone, and the land is permanently benefited.

The EXTREMELY LOW PRICE at which it is sold is not the least important fact to the farmer.

Pamphlets containing testimonials from FARMERS and PLANTERS in Maryland, Virginia, South Carolina, Delaware, and New York, together with REPORTS and ANALYSES of the most eminent Chemists in the country, with full directions for its use, can be obtained at our warehouse or from our various agents.

Price \$30 Per Ton. Oakville, St. Mary's Co., Md., March 12, 1869.

"I used the 'Redonda Guano' alone on my corn crop last spring, upon bare spots of the field. "I made a very satisfactory crop from it, and fully equal to any other in the neighborhood, where other farmers were used that cost from \$50 to \$60 per ton." W O REEDER.

Mr H G S Key, of Leonardtown St. Mary's Co., Md., writes us: "The 'Redonda' was sown by itself on oats and well marked by stakes for information.—The land is good and the whole crop of oats is very promising; that on which the Redonda was applied the growth of oats is about six or eight inches higher."

"This is a good manure of itself, Dr. Stewart's formula prescribes some bones, and I think no farmer can afford to neglect it. The result has been most gratifying. I have never seen any other fertilizer act as quickly and as well as this. I used it on my Wheat last fall with equally good results."

Yours truly, G. W. MULLIKIN. Weiland, Danville, Va., September 5, 1868.

Gentlemen—I gave the REDONDA ISLAND GUANO a fair trial by itself, and combined with Peruvia, on my Tobacco, this spring. I saw no difference between its effects and the Peruvia when applied separately, but when applied together in the proportion of one of Peruvia to two of Redonda, the growth is about 25 per cent. larger."
