A VALUABLE FARM FOR SALE, containing 250 to 275 acres, located at the mouth of the Wicomico on the Potomac River, St. Mary's county, Md. The soil is kind and productive and is well adapted to the growth of the staple products of this section of the State. This farm is convenient to two or three steamboat wharves, has a roomy DWELLING HOUSE upon it, a large BARN, STABLES, and other OUT-HOUSES. The adjacent waters abound in fish, oysters and wild fowl in season and can be had almost at the landing. It lies immediately on the great Ducking Grounds, (the Narrows), has fine water soil convenient for bedding oysters, 15 to 20 thousand bushels of which might now be easily and profitably bedded. **H. T. HELMBOLD'S Concentrated Fluid Extract BUCHU. THE GREAT DIURETIC.**  
The Proprietor trusts that his Remedies, from the fact of being advertised, may not be classed as Patent Medicines.  
**Helmbold's Fluid Extract Buchu**  
is a Pharmaceutical Preparation. The proper name is given, and it is the most active which can be made; it is endorsed as a cure by all medical works, for such diseases as recommended by the Proprietor. It is pleasant in its taste and odor, free from all injurious properties and is taken by Adults, Children & Infants. It is Tonic, Diuretic, Blood Purifying and Invigorating. Enfeebled and delicate constitutions of both sexes will find it far more strengthening than any of the Preparations of Bark or Iron.  
See Medical Properties contained in Dispensary of the United States, of which the following is a correct copy:  
"BUCHU—Its odor is strong, diffusible, and somewhat aromatic; its taste is bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, morbid irritation of the Bladder and Urethra, diseases of the Prostate Gland, and Retention of the Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections, and Dropsy.

Care of Gravel of Five Years Standing—Stone Passed and to be Seen.  
SAYANNAH, TENN., May 14, 1869.  
DR. H. T. HELMBOLD, Esq.,  
Dear Sir—We introduced your "Fluid Extract Buchu" in this country about eight months ago, and are happy to state that it is meeting with universal favor. We wish to inform you of one bottle we passed on where your "Buchu" has worked wonders. A man in our county named J. B. Cotel had been suffering about five years with gravel. About six weeks ago he bought of us one bottle of your "Buchu," and before we had sent him one bottle he passed a stone weighing about 100 grains, which we now have on exhibition in our drug store. He says that he will never be without the "Buchu" in his home again. Your preparations are gaining favor every day. Very respectfully,  
E. CLES & HINKEL, Druggists.  
Care of Bladder and Kidney Affection of Long Standing—Stone Passed and to be Seen.  
WESTPORT, CONN., September 5, 1869.  
H. T. HELMBOLD, Esq.,  
Dear Sir—I commenced taking your "Extract Buchu" about two weeks since for an affection of the Gravel bladder and kidneys. I have suffered by spells, very much, for a few days past. But yesterday relief came through the effect of your "Buchu." A stone passed from my bladder about the size of a LARGE PEA, and I now feel perfectly well and entirely free from the pain that I have suffered with "so hard." I attribute my cure to your medicine entirely, and would recommend all persons similarly affected to try it. I have great faith in its curative powers.  
Yours truly,  
THOMAS J. BENNET.

Care of Kidney and Bladder Affection of a Patient Seventy-Eight Years of Age—Thanks to Mr. Helmbold.  
GIRARD, PA., March 31, 1869.  
EDITOR COSMOPOLITE:  
I desire as an unsolicited tribute to the merits of Helmbold's Buchu, and for the benefit of those similarly afflicted as myself, to say that after consulting many eminent physicians, and trying nearly all the best advertised remedies in the vain hope of finding relief from aggravating kidney and bladder diseases, from which I have suffered excessively, I met with a good fortune finally suggested to me Helmbold's Buchu, which I commenced using with little faith, and no apparent beneficial results for about a month. At the expiration of that time, however, I thought I commenced to experience slight relief, which encouraged me to persevere in its use, and now at the expiration of four months, although I am an infirm old man, nearly seventy-eight years of age, and consequently medicines cannot be expected to favorably effect me as they otherwise would, I have found such unspeakable relief and permanent benefit from Mr. Helmbold's valuable discovery, that I feel I ought publicly to record the fact, as an acknowledgment to him and a valuable suggestion to the public.  
Yours, Respectfully,

**TO TOBACCO GROWERS. TO GROWERS. "EXCELSIOR."**  
Containing Ammonia, 6 per cent, Super-Phosphate equivalent to Bone Phosphate of Lime, 67 " Potash and Soda, 5 "  
WE again call the attention of the Farmers of Maryland and Virginia to our EXCELSIOR, composed of 100 pounds of No. 1 Peruvian Guano, and 100 lbs. of Soluble Phosphate of Lime (bones dissolved in sulphuric acid), potash and soda, forming the most concentrated, universal and durable fertilizer ever offered to the farmer—containing all the stimulating properties of Peruvian Guano, and the superior fertilizing properties of Ground Bone. Excelsior is in fine dry powder, prepared expressly for drilling, and can be applied in any quantity per acre, however small, and it is the opinion of many distinguished calculating Farmers, after TWELVE years experience in testing it side by side with other popular fertilizers that an application of 100 pounds of Excelsior is equal to 200 to 300 pounds of any other fertilizer in guano offered for sale, therefore is fully 100 to 200 per cent. cheaper. And  
Twelve years' Experience in the Growth of Tobacco,  
In Maryland and Virginia, has demonstrated beyond doubt that Excelsior has no competitor in the growth of that staple crop. It is the unanimous opinion of the Tobacco Planters of Maryland, that from the application of Excelsior the crop is heavier, of finer quality, cures earlier and better, and is not so liable to suffer from drought as from Peruvian Guano. We refer to every Tobacco Planter in Maryland.  
Uniform Quality Guaranteed.  
The very best evidence we can offer of the value of our Excelsior as a crop grower and fertilizer, is the fact of its having received and conferred in this and other cities.
