DWELLING HOUSE in good repair—all necessary OUT-BUILDINGS, with two large BARNES, capable of curing 18 or 20 loads of Tobacco. The soil is well improved, and exceedingly fertile and productive, being well adapted to the culture of WHEAT

which belongs to the premises, will hold forty or fifty thousand bushels of oysters, while that portion of the branch of Point Lookout creek belonging to the premises is capable of holding at least one hundred thousand bushels. The oysters from 1 to 3 these creeks are well known to be the most superior quality, being remarkable for their flavor, fatness and rapidity of growth, and always commanding the highest market prices.

The soil upon this estate is remarkable for its fertility, and there is an abundance of excellent water upon the premises. There is a fine WIND MILL on the estate, which commands a large custom and real estate more than sufficient grain to support the farm.

When all the purchase money shall be paid, the Trustees will execute a deed to the purchaser, free, clear and discharged from all claims of the parties to this suit and of those claiming by, from or under them.

TERMS OF SALE. Four thousand dollars in cash on the day of sale, and the balance, in equal installments, at one and two years credit—the deferred payments to be secured by the bonds or notes of the purchaser, with security to be approved by the Trustees, and to bear interest from the day of sale.
