**Sherwood House**  
AND  
**LINING ROOMS,**  
ON THE EUROPEAN PLAN,  
Corner of Fayette and Harrison streets  
(opposite the Maryland Institute)  
Baltimore,  
Md.

THE above well known House has recently been opened by C. P. BARNARD, formerly of the American Hotel, Washington, D. C., and has capacity to accommodate over a hundred people with bathing and has spacious and nicely furnished rooms for families. Connected with the House is a ladies' dressing room. The most select and maintained and accommodated by the most experienced and accomplished servants always on call. The House is open all hours. The advantage of a Hotel upon the plan of the Sherwood House is that the guest can accommodate the price of sleeping in his own house, paying only for what he gets. The Sherwood House has recently been newly furnished and refitted, and, being in a central business part of the city, offers unusual inducements to travelers. A trial is asked, and patronage from St. Mary's county solicited.

C. P. BARNARD,  
Agent.

For Liver Complaints, Jaundice, Bilious Affections, Sick or Nervous Headache, Constipation, etc. Paralytic, Vegetable, Containing no Mercury, Minerals or Indolent Drugs.

These Pills are the most delightfully pleasant purgative, expelling costor oil, salts, mucus, etc. There is no irritation, no pain, no griping, no nausea, no vomiting, no debility, no loss of strength, no loss of appetite, no loss of sleep, no loss of color, no loss of weight, no loss of vitality, no loss of life.

**HENRY T. HELMBOLD'S**  
CONCENTRATED COMPOUND  
Fluid Extract Sarsaparilla

Will radically exterminate from the system Syphilis, Erysipelas, Fever Sores, Ulcers, Skin Diseases, Eruptions, etc.

Being prepared expressly for the above complaints, its blood-purifying properties are greater than any other preparation of Sarsaparilla. It gives the complexion a clear and healthy color and restores the patient to a state of health and purity.

**HENRY T. HELMBOLD'S**  
CONCENTRATED  
Fluid Extract Buchu,

has cured every case of DIABETES in which it has been given, irritation of the neck of the bladder and inflammation of the kidneys and bladder, retention of urine, discharge of the prostate gland, stone in the bladder, excruciating, gravel, tickling, discharges, and numerous discharges, and attended with the following symptoms: Indisposition to urinate, loss of power, loss of energy, difficulty of breathing, weak nerves, trembling, horror of disease, weakness, dimness of vision, pain in the back, hot hands, dusky of the face, dryness of the skin, eruption on the face, pallid countenance, universal lassitude of the muscular system, etc.

Thousands who have been the victims of incompetent persons, and who have paid heavy fees to be cured in a short time, have found their lives saved, and their health restored by the use of "powerful" medicines, "dried up" in the system, to break out in a more aggravated form. Price, \$1.50 per bottle.

Henry T. Helmbold's Improved Face Wash cannot be surpassed as a Face Wash and will be found the only specific remedy in every species of cutaneous Affection. It speedily eradicates Pimples, Spots, Scrofula Dryness, Indurations, Itchiness, and numerous eruptions of the head, neck, and face, including the Scalp, Ringworm, and all purposes for which Salves or Ointments are used. Restores the skin to a state of purity and softness, and insures continued healthy action to the tissue of the vessels, on which depends the agreeable complexion and vivacity of complexion so much sought and admired.

But however valuable as a remedy for existing defects of the skin, H. T. Helmbold's Face Wash has long sustained its principle claim to universal patronage, by possessing the qualities which render it a Toilet Preparation of the most superior and congenial character, combining in an elegant formula those prominent requisites, safety and efficacy—the invariable accompaniments of its use—as a Preservative and Refreshment of the Complexion. Price, \$1.00 per bottle.

Full and explicit directions accompany the medicine.

Evidence of the most responsible and reliable character furnished on application, with hundreds of thousands of living witnesses, and upwards of 200,000 testimonials and recommendations, many of which are from the highest sources, including eminent Physicians, Clergymen, Statesmen, etc. The proprietor has never resorted to their publication in the newspapers; he does not do this from the fact that his articles rank as Standard Preparations, and do not need to be propped up by certificates.

**MARYLAND LIFE**  
**INSURANCE COMPANY.**

THE progress of Life Insurance in the United States proves this great saving branch of modern science and philanthropy to be one of the most valuable features of our social economy.

The wisdom of all ages has devised nothing that compares with it. It is manifestly good, that it is difficult to see how an intelligent man, with proper concerns for the benefit and protection of his family, can fail to avail himself of its benefits.

Life Insurance leaves ready money to set- tle estates to advantage. It will prevent a sacrifice of property if a man die in debt. It is subject to no tax during life, nor do the beneficiaries Court expenses after death. It is exempt by law from debt. It is rapidly becoming a rule that all men of just attributes insure.

On Maryland Company commends itself to the confidence and patronage of our people in all parts of the State. Its directors are men of known integrity and ability, to whom the public may look with confidence for a just and careful supervision of its affairs. It must be clear to every intelligent mind that, if we would secure the largest proceeds for our State and people individually, we must build up our institutions and keep our capital at home.

Had the five million dollars sent out of the State annually for insurance been retained at home, it would have done favorably upon our wealth and commerce. This is emphatically our country—gotten up by our own merchants to afford the opportunity for all to insure. The Company's assets are given to the selection of our stock of goods make and quality.

Such has been our marked success that we were able after the second year to declare and pay in cash as large dividends as the company and latestest company in the United States. The Company's assets are given to the patronage and cooperation of the public, and we solicit a continuance of the same. The laws of trade, commerce, self-respect and self-interest combine to make this the Company's success.

Now, in a view of all the advantages of Life Insurance as an investment—its uncertainty of loss—the strong claims of wife and children upon husband and father—the uncertainty of business, and all the ordinary forms of investment—is it not the moral duty of every man to put something in a form that will prevent waste and distress, or trouble on the part of those he loves?

By all means insure, and do it at once in the Maryland Company. The officers of this Company are:
