HARPER'S MAGAZINE.

Unquestionably the best sustained work of the kind in the World.

There are few intelligent American families in which Harper's Magazine would not be appreciated and highly-esteemed. It is the most valuable Magazine as an intelligent reading family can be without. Many Magazines are accumulated. Harper's is edited. There is not a Magazine that is printed which shows so intelligent pains expended on its articles and mechanical execution. There is not a cheaper Magazine published. There is not, confessedly, a more popular Magazine in the world.—New England Home.

A repository of biography and history, literature, science, and art, unequalled by any other American publication, it is a volume as valuable as a new work of reference as any encyclopaedia now placed in our libraries. Harper's Magazine is a record of travel every where since the hour of its establishment. Livingston and Gordon's Campaign in Africa, among the Andes and Ross Browne in the East. Speke on the Nile and Macgregor on the Jordan—indeed, all recent travelers of note have seen their most important discoveries in its pages. Most of our older writers find biography, our artists specimens of their work in its columns.

It is one of the wisest, most liberal, and editorial management of Harper's.—The Nation, N. Y.

A Repository of Fashion, Pleasure, and Instruction. HARPER'S BAZAR.

It is really the only illustrated chronicle of fashion in the country. Its supplements alone are worth the subscription price of the paper. While fully maintaining its position as a mirror of fashion, it also contains stories, poems, brilliant essays, lectures general and personal, and a variety of other interesting matter.

There never was a paper published that so delighted the heart of woman. Never mind if it does cost you a nice bonnet; it will save you ten times the price in the household economy it teaches. —Boston Saturday Gazette.

The young lady who has a single number of Harper's Bazar is made a subscriber for life.—New York Evening Post.

The Bazar is excellent. Like all the periodicals which the Harpers publish, it is most ideally well edited, and the class of readers for whom it is intended—the mothers and daughters of average families—cannot but profit by its good sense and good taste, which, we have no doubt, are to-day, making very many homes happier than they have been before the women began taking lessons in personal and household and social management from this good-natured mentor.—The Nation, N. Y.

TERMS: Harper's Bazar, one year, \$4 00 An Extra Copy of either the Magazine Weekly, or Bazar will be supplied gratis for every Club of Five Subscribers at \$4 00 each, in one remittance; or Six Copies for \$20 00, without extra copy.

TO TOBACCO PLANTERS.

Excelsior, a Tobacco Guano.

Excelsior, a Tobacco Guano, is the only reliable substitute for Peruvian Guano. It has induced unscrupulous parties in this and other cities to use our trade-mark, "Excelsior," to sell their worthless compounds. Every bag genuine "Excelsior" has our name on it in RED LETTERS. All others are counterfeit.

Success of this renowned Fertilizer in all sections of the country proves it to be the BEST and CHEAPEST Manure in the market. Possessing all the active properties of PURE PERUVIAN GUANO, together with the more durable quality of DISSOLVED BONES, it is unsurpassed in its effects on all crops.

We also manufacture our justly celebrated "VIRGINIA TOBACCO GUANO," a special fertilizer for Tobacco, rich in soluble phosphates, ammonia and potash. Pronounced by all who have used it to be the best Tobacco Guano in the market.

Price \$60 per ton. J. J. TURNER & CO., 42 Pratt st., Baltimore.

To Corn Growers. J. J. TURNER & CO'S Ammoniated Bone Super-Phosphate.

ANALYSIS: Ammonia, 2.33 Soluble Phosphate of Lime, 27.51 Bone Phosphate of Lime, 10.67

Uniform quality guaranteed. For Corn, Oats and Spring crops generally, it has no superior. Fine and dry, in excellent order for drilling. Packed in bags.

Price \$50 per ton. J. J. TURNER & CO., 42 Pratt street, Baltimore.
