

ST. MARY'S BEACON
LEONARDTOWN, MD.

TUESDAY MORNING, August 22nd, 1872.

To CORRESPONDENTS.—"Sincerity in Alliance," a poetical contribution, is too cramped in thought and defective in expression to obtain admission into our columns.

A prose contribution on politics from a new contributor, though strongly favoring Mr. Greeley, is respectfully declined, as it would require more attention on our part to make it presentable than we can afford to give it at this time.

NEWS AND OTHER ITEMS.—There has been scarcely a ripple during the past week to disturb the serenity of the political surface and certainly no events bearing upon presidential issues, of sufficient interest and gravity to warrant either emphasis or mention. The dog-days and the heat of the summer are the only items of interest in the political stock board.

—Change Bill has been being advertised to come off at Louisville in the early part of September.

It is rumored that Charles O'Connor has given in his adhesion to the "straight-out," who, by-the-by, are becoming so awfully straight that they are beginning to lean over very perceptibly towards Grant.

Our present excellent representative in Congress, Hon. Wm. M. Merrick, is to have a radical opponent, it seems. This "gentleman" is a black man, named Kelly, a Baltimore barber by profession, and a very great fool, judging from the impenetrable nonsense of his "address" and the slaughter that he makes of the "King's English." Being endorsed by no less than five Bishops, it is to be presumed that he is orthodox in church matters, if not in state.

THE ENTERTAINMENT MONDAY NIGHT.—The Tableau and Charades, which were advertised to take place in the Court House on Monday evening last, came promptly to time and we were warranted in saying, that success crowned the labors of those who were instrumental in getting them up. As it would be invidious, where all did so well, to particularize, we shall rest content with giving the programme—

Tableau.—Gypsy Scene;
Farce.—The Widow's Victim;
Tableau.—The Mohammedan Paradise.
We cannot, however, forbear mentioning our pleasure in witnessing the several parts of the performance. The Gypsy Scene, represented by the beauties of the village, made a very pretty picture. The farce was the chief attraction of the occasion, and the performers, male and female, are entitled to congratulation for the success they obtained in its rendition. Prominent among the characters in this piece was Jerry Chip, which was impersonated by a young gentleman of Washington city. This character was made particularly attractive by the excellent imitations which were given by the performer of the celebrated actors of the day. The next feature of interest was the Mohammedan Paradise, represented by young ladies. This was the crowning picture, and a very pretty picture it was, an ardent young gentleman remarking in our hearing, "if this be a true representation of the paradise of Mohammed, set me down for a Musselman hereafter." The same young gentleman was asked to choose the prettiest hour of the group, but, owing to his position and his inability to see them all, was compelled, as he said, to postpone a selection to a more private and fitting occasion.

The refreshments, which were served from tables in the Court House yard, were ample and excellent and were dispensed with smiles that might have melted the heart of an anchorite. Young ardent says he bought a bouquet from a "still prettier flower" and finally left intoxicated with a flood of aroma. We learn that the entertainment realized over \$150 clear of all expenses.

THE TOURNAMENT AND THE GEORGEANNA.—It will be gratifying to the residents of this section who may intend to visit Point Lookout on Monday next, the day of the proposed tournament, to learn, that the Steamer Georganna will call at Foxwell's wharf near Leonard Town on her usual hour on Saturday night next on her way to Point Lookout, where she will remain over all day Sunday, leaving the Point at 7 o'clock Sunday night, touching at her usual wharfs going and returning. This will enable parties to visit the Point and see the sights and Cemetery, and return time enough for a good sleep Sunday night. It will also allow visitors to remain over to the tournament and return to their homes by the Express, which touches at the Point on her upward trip Tuesday night. Passengers by this latter boat for this section will be landed at Stone's Wharf. Passage by the Georganna for the round trip, \$1.50—meals extra.

WHAT GROWERS.—Use the "Excelsior" Osmunda, manufactured by J. J. Turner & Co. if you wish to grow large crops; 100 pounds of it is equal to from 200 to 300 pounds of any other fertilizer.

WHAT FERTILIZERS.—The U. S. Commissioner of Agriculture in his 1870 report says, "J. J. Turner & Co's 'Excelsior,' made in Baltimore, is used to a greater extent (in Maryland and Virginia) than all other fertilizers combined, and has retained the good opinion of farmers longer than any other fertilizer. Applied at the rate of 150 pounds per acre, it has been the object of about 60 days and has yielded the highest crop of clover 30 per cent."

WHAT GROWERS.—Do not jeopardize your crops, this year, by using inferior fertilizers. The "Excelsior," manufactured by J. J. Turner & Co., has been used successfully for the past three years and it is the best.

DEMOCRATIC PRIMARY MEETINGS.—We have been furnished with the official proceedings of the primary meetings of the democratic party on Saturday last in only two districts of the county, Leonardtown and Charlotte Hall. All that we deem necessary to make mention of in connection with these proceedings is the names of the delegates elected:

Leonardtown.—J. F. King, Z. Mattingly, L. H. Leigh, J. T. M. Ray, R. Downs, V. Greenwell, John F. Duke, Z. Latham, J. J. Jarboe and Dr. Henry Ford.

Charlotte Hall.—Dr. James Thomas, J. J. Redmond, Jas. Burch, Winfield Alvey, Alexander Keech, H. Clay Dent, H. L. Burroughs, L. B. Owens, George H. Barber, John T. Posey.

Oakville.—(Unofficial) George W. Morgan, John F. Cox, Thomas Bond, R. King Clarke, Chapman Thompson, Dr. S. E. Spalding, John E. Simms, James G. Spalding, G. W. L. Buckler. Name of tenth delegate unreported.

Though meetings were held in the other districts, the names of the delegates thus far selected are not reported.

TOURNAMENT.—JOINT LOOKOUT.—Address for Aid.—We give place below to the address for aid of the special committee, appointed by the Managers of the Point Lookout Tournament, and we cordially and earnestly second the motion, premising, that the persons in the several districts who may feel disposed to respond to the appeal of the committee, can deposit their contributions with the lady Managers of their respective districts or send them direct to the committee at Point Lookout. As the day for the Tournament is only five days distant, we respectfully suggest that the lady Managers set to work at once in their several neighborhoods and districts to collect what aid they can, and we bespeak for them a polite reception and liberal response from the general public.

Having been appointed managers to receive all contributions for the day of Tournament, the 26th of this month, we earnestly solicit all ladies and gentlemen to aid in this most noble object of memorializing the Confederate Dead with a monument over their resting place. Give what you can, little or more, from each district, and at large, the managers being not only ready to receive, but have organized assistants for the occasion with the view that such contributions shall tend to the object in hand as well as promote of general satisfaction. The work goes on earnestly and so far promises a complete success. The boats, a fine band, and conveniences on the ground have all been seen to. Come forward with an interest. Let each district respond freely through its representatives. While the pleasure proposed to all is not dependent upon your aid solely, still your liberality and go to work interest will materially help us. We design that your pleasure shall be complete.—Give them a willing help to the ultimate object that should commend itself to every one's sympathy.

JAS. R. LANGLEY,
LOGAN O. SMITH,
CLEM. YOUNG.

AN IMPORTANT ACCESSION.—The New York Day Book, which has hitherto favored the policy of putting a straight Democratic ticket in the field, has yielded to the universal anti-Grant sentiment of the country, and hoisted the Greeley and Brown flag. In doing so the Day Book says: "The Democratic party has shown itself incapable of saving the country by itself, and a portion of our former opponents having become perfectly satisfied that General Grant's administration, if continued four years longer, must end in military despotism at the North as well as the South, it is proposed to join forces and defeat Grant. Mr. Greeley's nomination, therefore, means this, and this only—the overthrow of military rule, and the reconciliation of North and South."

ARRIVALS AT MOORE'S HOTEL.—S. P. Lowe, J. C. Johnson, H. D. Bartley, Mrs. H. Bartley, Miss E. Hodges, Miss Norwood, J. E. Bell, C. M. Kendley, W. Buckley, J. Buckley, J. Kenedy, Miss E. Starkey, Miss A. Starkey, F. S. Ober, Mrs. Ober, J. S. Lovjoy, Wm. Lairs, M. J. Copeland, Dr. J. E. Morgan, Judge Boardman, M. P. King, R. E. Yates, J. B. Bailey, J. A. Bailey, L. Devlin, J. T. Judd, Miss L. Judd, J. H. Karr, Dr. Raughterberg, J. Hollander, L. Ouerbach, Fred Plant, Mr. Cadd and lady, W. N. Roach, A. Schmitt, C. A. Ridgely, L. Gill, Miss A. Brandman, Miss M. Gerny, all of Washington; H. J. Miles, W. H. Stone, J. O. Rooker, of Baltimore; J. A. Johnson, Ohio.

ST. ANDREW'S CHURCH.—The attention of the parishioners of this church is called to a notice in another column, from which it will be seen, that an address will be delivered on Sunday, the 25th of August, instant, at 10 1/2 a. m., by Col. Chapman Billingsley on a subject of interest to the Parish. A full attendance of the worshippers at this church is urgently requested.

WHEAT FERTILIZERS.—The U. S. Commissioner of Agriculture in his 1870 report says, "J. J. Turner & Co's 'Excelsior,' made in Baltimore, is used to a greater extent (in Maryland and Virginia) than all other fertilizers combined, and has retained the good opinion of farmers longer than any other fertilizer. Applied at the rate of 150 pounds per acre, it has been the object of about 60 days and has yielded the highest crop of clover 30 per cent."

SACRED HEART CHURCH.—We are authorized to state that a dinner with fruits, confectionery, etc., will come off at Coburn, the residence of Francis J. Stone, Esq., in Bollan Neck, on Wednesday, the 28th instant, the proceeds of which will be applied to the making of greatly needed improvements on Sacred Heart Church. The dinner will be under the supervision of the ladies of the congregation, which is sufficient guarantee, that it will embrace an abundance of the best things which land and water can afford. Tickets 50 cents—children half price.

THE GROWING CROPS, ETC.—The copious rains of last week have had the effect of enlivening much the growing crops of our county, particularly of our section, which had been suffering greatly for rain during the two months past. As it is, the corn crop will be cut short at least a half and the tobacco crop, in some sections, a fourth. The rains in question, however, have been of immense benefit to latter corn and tobacco, and our planters, in consequence, are beginning to re-assume their wonted cheerfulness.

HOMES.—The horse's true friend, and a medicine of real worth, which can be vouched for by hundreds that have used it. It is good for all inward diseases that horses are liable to, regulates digestion, purifies the blood, and puts the horse in perfect health. In fact if given according to directions, there is nothing better.—Wholesale by Canby, Gilpin & Co. N. W. Cor. Light & Lombard Sts. Retail by all country stores. Prepared by Muse & Co. N. W. Cor. Paca & German Sts., Baltimore, Md.

BALLOON'S MAGAZINE FOR SEPTEMBER.—The September number of BALLOON'S MAGAZINE is one that should be read by all classes, for it is so good and interesting that when once taken up no one wishes to put it down until the last page is perused. It is full of stories, adventures, poetry, fun, engravings, and not a line in it but contains information. There is no serial in this country that will compare with it in price is considered. The contents for September are: A Grand English Wedding; Sugar Making; South American Indians; The Phoca, or Seal; Mechanical Institute, Baltimore; Mount New Zealand; City of Macgregor, President; Ancient Egyptian Kings; A Domestic Narrative; The Hilary Rose; Questions; Justice; The Soul without Travers; How I Invented a Car; A Travelling Agent; Music; A Inferno; The Upper Court; Sowing the Wind; Our Young People's Story-Teller—Guns; and The Son of a Politician; Fairies and Fortune; Riddle's Puzzle Page; Curious Matters; The Housekeeper; Facts and Fancies; Mr. Apollo Pigeet and his Boating Adventures; (Humorous Illustrations.) Address Thomas & Talbot, 63 Congress Street, Boston.

THE BRITISH QUARTERLY REVIEW comes to us from the Leonard Scott Publishing Company of New York. It is not necessary to commend this publication to the community, as its great superiority among the English periodicals has obtained for it thousands of readers on both sides of the Atlantic. There are two articles of unusual merit in this number which will attract marked attention—one on Wit and Humor and the other on The Agricultural Laborers' Strike. The Chapter on Contemporary Literature is filled with valuable and instructive matter.

BLACKWOOD'S MAGAZINE, July. Leonard Scott Publishing Company, 140 Fulton street, New York.

This is an attractive number, but the gem of it is the paper on Byron, being in continuation of the admirable series of articles on the English poets since 1750. In style, justness of perception, taste and feeling, no criticisms equal to these have lately appeared in periodical literature.

THE AMERICAN FARMER'S ADVOCATE, devoted to the interests represented in the National Agricultural Congress, is one of the largest, and at the same time the cheapest agricultural paper in the country and should be in the hands of every farmer. It should be remembered that the publishers offer it free with any \$2.00 or higher priced paper in the country, and at only 50 cents advance with lower priced ones. Price—single, \$1.00 per year; in clubs of four or more, 50 cents each. Address: Advocate Publishing Company, Jackson, Tenn.

(From the Annapolis Republican.)
COL. DENT AND THE ELECTORAL TICKET.—"As the time is near at hand when the Democratic-Conservative Convention will assemble, and as it is desirable (particularly at this time) to select prudent and discreet men as electors, we have been looking over the list of suitable gentlemen, and while there are so many able and competent—so many that would fill the position with honor to themselves and credit to their constituents—there is no man among them all who would add more dignity to the position than the gentleman whose name heads this article. We have known Col. Dent for many years—indeed, from our earliest days—he is high-toned, honorable, and in every respect suited to the position of elector. Though bred a lawyer, he has devoted the greater portion of his life to agricultural pursuits; and although he is really no politician, he has on several occasions represented his county in the different branches of the Legislature, is an able debater, and was twice Speaker of the House of Delegates. We have said this much voluntarily—without even the knowledge of the Colonel—we do not know that he would accept the position if tendered to him; but if he would, there is no one in the district that would (in our judgment) be more acceptable to the people."

HUMANS SHAM.—How the benefits derivable from the world-renowned MEXICAN MUSTARD, is established the fact that this wonderful ointment exerts the same soothing and healing influence when applied to the human system, that it does in cases of sprain, rheumatism, ring-bone, poll evil, scratches, swellings, and all other ailments of the human system, require only treatment. It is, in fact, the most effectual of all external remedies for rheumatism, gout, stiffness of the neck, neuralgia, sore throat, swellings, and bruises of all kinds.

DR. R. V. PUGHES. For the past six months I have used your Golden Medical Discovery in my practice, and in that time I have tested its merits in severe coughs, both acute and chronic, in chronic diseases of the throat, severe cases of bronchitis, general derangement of the system, constipated condition of the bowels, and wherever a thorough alterative, or blood purifier, has been indicated. In all cases I have found it to act gently, yet thoroughly and effectually in removing the various diseases mentioned, and bringing about a healthy condition throughout the system. Yours faithfully,

BALTIMORE MARKETS.
WHEAT.—The market for Wheat opened active and strong, and prices advanced about 1/2 cts. per bushel in first two or three days, but since then the market has shown signs of weakness, and prices have receded about 1/2 cts.—The demand has been fair from millers and shippers, and the quality of the receipts very good. The receipts have been only moderate, amounting to about 55,000 bushels Southern, all of which was taken, the sales being reported as follows: Of White—5,000 choice at 175¢; 150 choice in addition to 175¢; and small lots fancy were purchased for seed at 200 cts. per bushel to prime at 160¢ to 175¢; 20,000 good to prime at 167¢ to 180 cts. and 8,000 common to fair at 155¢ to 165 cts. The market at the close is decidedly quiet, and we quote white at 185 cts. for prime; red at 180¢ to 185 cts. for fair to good; and 175¢ to 180 cts. for extra. The receipts of Western were light; we note sales of 2,500 bushels white at 160¢ to 175 cts. and 5,000 red at 155¢ to 165 cts.
CORN.—The market for Corn has ruled steadily during the week, the only irregularity having been in Western mixed, which advanced to 62 cts. but subsequently fell back to 62 cts. at which it remained steady. The market at the close has been freely bid for Western mixed Corn to arrive, but there were no sales at that price. The receipts continue to be light and totaled up only 40,000 bushels, of which 30,000 bushels were Western. The sales amounted to 100 bushels Southern at 64¢ to 65¢; 100 of Southern, 7 of Michigan, and 20 of Ohio, at 64 cts. and 3,000 yellow at 64¢ to 65 cts. for prime, and 6¢ to 67 cts. for blue-eyed and inferior. Of Western mixed, 10,000 bushels, and 64¢ to 65 cts. for yellow, and Western mixed at 62 cts. in elevator, and 62¢ to 63 cts. on hand.

RYE.—In good demand and prices are again 5 cts. higher. The receipts were light, and we note sales 1,000 bushels Southern at 70¢ to 80 cts., and quote firm at 72¢ to 80 cts. to quality.

TOBACCO.—The inspections of Leaf Tobacco during the past week were upwards of 600 hds. in excess of those of the week previous, and the market is in consequence very active. The market for both these descriptions was active at full prices, and the sales of Ohio reached 700 hds. at 10¢ to 11¢ for France and the Rhine. Of Maryland the entire receipts were sold for all the foreign markets. The demand for Kentucky and Virginia is limited, but we note these descriptions held firm with light stock. The exports during the week were 1,233 hds. leaf and 54 hds. stems for Bremen. We quote prices to-day as follows:
Maryland—fringed, \$ 6.00 @ \$ 8.50
" sound common, 7.00 @ 7.50
" good do, 7.50 @ 8.50
" middling, 9.00 @ 10.50
