To Tobacco Planters. Fourteen years experience in growing Tobacco by the planters of Maryland and Virginia, has convinced the most skeptical, that Excelsior has no equal in growing or maturing that crop. It is now their unanimous opinion that, from the application of Excelsior, the crop is heavier, of finer quality, cures earlier and better, and is not so liable to suffer from drought as from Peruvian Guano. We refer to every planter in Maryland.

Price \$60 per ton. J. J. TURNER & CO., No 42 Pratt Street. CAUTION—The popularity of "Excelsior" as the only reliable substitute for Peruvian Guano has induced unscrupulous parties in this and other cities to use the name "Excelsior" to sell their worthless compounds. Excelsior is a well known and reliable name, and its use in red letters. All others are counterfeits.
